Why be a Member of the OWA?

ABOUT US

Since, 2001, the Ontario Waterpower Association has been representing the common and collective interest of the waterpower industry. To date our membership has grown to 140 member companies and includes 95% of all Ontario waterpower generators and the product and service providers who support them. The OWA has built a strong and respected reputation with all levels of government, and across all political parties. By joining the OWA you will be part of the trusted voice for the waterpower industry and will share in our goals to sustain and enhance Ontario's existing waterpower assets and provide new opportunities for waterpower development in Ontario.

MEMBER STRUCTURE & MEMBER FEES

Membership to the OWA is by the member company, not by the individual. Under the umbrella of the member company, membership also includes all company employees. Our membership fees are structured in two categories; Generator Members and Product and Service Providers (see chart below).

Membership Structure

GENERATOR
