

## CALIFORNIA-BRED PROGRAM FOR RACING ARABIANS

**Rules and Information** California state law, to promote horse racing, as well as agricultural business within the state, provides the Cal-Bred Incentive Premium Awards Program. The purpose of the program is to add an incentive to breed and race Arabian horses in California. Each time a registered Cal-Bred runs first or second in a race within the state, the horse earns cash awards for its owner, its breeder, and its sire's owner. The Arabian Racing Association of California (ARAC) is the official administrator of the Cal-Bred Awards program. The cash awards are generated by the money wagered on the Arabian races run in the state and are distributed on a yearly basis.

**WHO IS ELIGIBLE?** A purebred Arabian horse, registered with the Arabian Horse Association, foaled in California, after being conceived by a stallion standing in California, OR conceived in California by artificial insemination from a stallion anywhere in the world, shall be Cal-Bred eligible.
