

## Oshkosh 1995 Pedal Gee Bee

Relive the Golden Age of Air Racing as you watch your little pilot round the pylons in this nostalgic red and white pedal replica of a very famous race plane. Gee Bee R2 is a sturdy toy featuring wire-braced wings, round barrel shaped cowl, full wheel streamliners, a Gee Bee windshield, and flexible rotating prop with authentically detailed decal set consisting of three colors. The wheels pants are fabricated from 3/4" pine which is glued and sanded to shape. The fuselage and wings are built from 3/8" plywood. The adjustable pedal crank assembly provides 2 positions allowing for a growing pilot. Steering is done from a joystick that is linked to a tail wheel assembly.

Authentically detailed decal set consists of three colors for the fuselage markings, and a aircraft instrument panel.

Your 3 to 7 year old pilot will love this model

A Plans set with step by step instructions is available. They include full size patterns for all wood , sheetmetal parts , and dimension drawings for the steel fabricated parts. A parts list is also included. Kit Order forms are also included for those who would like to have a parts prebuilt and ready for assembly. A hardware and wheels kit is also available to help the builder, all the hardware items required to build one Gee Bee Pedal plane are included.
