SRO TC Tire Limitations (RULES) 2021

29.11.2 TC America At each event, 2 (two) sets of dry tires must be purchased and registered for each entered car. Only registered tires may be used for qualifying and races. Tires for practice sessions will not be monitored and may be new or used carryovers from a previous event or test. When permitted in Article 29.12 there is no limitation on the quantity of wet-weather tires that can be used.

The use of tires without appropriate identification is strictly forbidden during the whole Competition.

29.12 Tire Limitations for Wet Weather Tires Wet-weather tires may be used only with the following conditions:

Practice: The decision to use is up to the Competitor

Qualify: The decision to use is up to the Competitor

Race: The decision to use is up to the Competitor Wet-weather tires will not be marked and there is no limit on how many sets may be used.

*****When buying new tires:** Please write with white Chalk to determine what **set#** you want your tires scanned (official sets only- race and qualify).

If you do not want your tires to be officially scanned for race & qualifying, please write

NS= No Scan
