Actual Vote Mobile App Instructions

Rev 20200228.0823

About

Actual Vote is a community supported initiative of Democracy Counts to enable volunteers to make recordings of polling place results for later comparison with official results.

Using the App

1. Launch the Actual Vote Mobile app.
2. Tap 'Allow While Using App' if asked for permissions to use location services. The app will not function without this permission.
3. Tap the video camera icon at the top right to start a recording.
4. Tap OK when prompted for permissions to use the camera and microphone. The app will not function without these permissions.
5. When prompted, log in with your Google account or sign-up for a new Actual Vote account by tapping Sign-Up. When signing up for a new Actual Vote account, you will be asked to verify your email address.
6. Focus at the top of the poll tape and tap the red record button. Record from the top of the poll tape to the bottom.
7. Review by tapping the play button and then tap Retake to retake or Use Video to upload your video.
8. Videos are uploaded automatically after you tap Use Video and show a thumbnail image when successful.

Tips

Practice!

- Practice several times using the poll tape included with our printable instructions.

Review!

- Play back your recording and retake if they are not clear.
- But, if the best you can do is still not clear, send it anyway.

Go Slow

- For best results, take your time!

Stay Parallel

- Keep your camera parallel to the polling tape. This can be quite a challenge if the tape reaches the ground, but do the best you can!

Bring a Friend

- In the field, polling tapes may not be posted flat nor be well lit. Ask a friend to help!

Duplicate Recordings are Good!

- Go ahead and make your own recording of polling tapes even if you see or suspect someone else may already have done so. Independent recordings help corroborate each other.

Bring a Flashlight

- Some locations may not be well lit. Hold the flashlight at an angle to avoid reflections.

Record Them All!

- Poll tapes are often posted near the main entrance, but sometimes taped behind windows.
- There may be more than one.
- Look around for any poll tapes that may have fallen or been blown away by wind.
- If you can't find them, ask around.

Help Support the Actual Vote Initiative

By simply using and sharing your experiences with the Actual Vote app, you are helping to make our democracy more secure and transparent. Please let your family, friends, and social media contacts know what you are doing. They may want to participate as well!

Your direct support of any size for this initiative will also be gratefully appreciated. Please see <https://democracycounts.org/donate/> for more information.
