WHY ACR MECHANICAL INC?

- ◆ From the assessment, we provide you a list of cost-saving recommendations, including low and no-cost measures.
- ◆ With our guidance, you pick the measures you want and have them automatically entered into a work-order system.
- ◆ You will see energy savings versus the baseline starting to increase when items in the work-order system get completed.
- ◆ With a real-time dashboard and alerts, you keep an eye on the sustainability of savings.

BENEFITS OF CHOOSING ACR MECHANICAL INC

- ✓ Consultation, Energy Audits, and Department of Energy Benchmarking
- ✓ Reduce building ownership costs by up-to 30% without capital investment.
- ✓ On average, following low & no-cost recommendations from building advice reports: reduces energy costs approx. 20%.
- ✓ Quickly rate building efficiency and measure cost waste.
- ✓ Identify specific energy conservation measures.
- ✓ Inform decisions with measure-by-measure costs, rebates, and your ROI
