\* Due to their interest and endurance, we do not recommend children under the age of 12 for full day digs and children under the age of 8 may not be suited to half day digs. Please read our "Dig Checklist" to help you evaluate these options.

\*\* The Dig and Fossil Prep option offers a taste of paleontology from "find to finish". Following a half-day dig (8-12), and an hour lunch break (eat at a local restaurant or pack a lunch), we will guide you in the techniques of fossil preparation in our workshop (at the museum, 1-4), working on what you excavated during your dig and/or to help us work on a fossil in our collection. This is a great hands-on experience for those considering paleontology for their future!

**Our cancellation policy:** For the safety of all participants, digs are always weather-permitting. If weather conditions require us to cancel, we will contact you as soon as possible prior to your dig (via phone call or e-mail) to reschedule or refund. If circumstances require you to cancel your dig, please contact us as soon as possible so that we may try to accommodate other dig guests. Please note: we regret we will be unable to refund your deposit if your cancellation is made within 72 hours of the scheduled dig and we are unable to schedule another dig in your place.
