

Roncesvalles Avenue — Streetscape Improvements

Municipal Class Environmental Assessment Notice of Study Completion

The City of Toronto has completed a Municipal Class Environmental Assessment (EA) study to examine potential streetscape improvements on Roncesvalles Avenue between Queen Street West and Dundas Street West.

The following design elements are recommended for Roncesvalles Avenue:

- Provide bump-outs with transit platforms to allow level boarding to new TTC vehicles.
- One travel lane in each direction approximately 4.3 metres in width.
- Parking lay-bys on each side of the street approximately 2.0 metres in width.
- Boulevard and sidewalk width increased in some areas to increase public space and reduce crossing distances.

The study was carried out following the requirements for Schedule B projects under the Municipal Class EA. A Project File has been placed on public record for a 30-day review period starting Thursday, October 29, 2009 and ending Saturday, November 28, 2009. It will be available for review at:

Urban Affairs Library
Metro Hall
55 John Street
south of King
416-397-7241

High Park Library
228 Roncesvalles Avenue
416-393-7671

City Hall Library
Nathan Phillips Square
100 Queen St. West
416-393-7650

Please call to confirm hours of operation

Public Consultation:

Public consultation is an important part of this study. If you have any outstanding issues with this project, please address them to City staff listed below and we will attempt to seek a mutually acceptable resolution. You have the option of sending a written request to the Ministry of the Environment to make an order for the project to comply with Part II of the Environmental Assessment Act (referred to as a Part II Order) which addresses individual environmental assessments. A copy of the request must also be sent to the City contact. The last date when these requests can be received is Monday, November 30, 2009.
