

June 20, 2013

Update # 1

Road Reconstruction, Watermain and Combined Sewer Replacement – Dufferin Street (Peel Avenue to Dundas Street West)

Expected Project Start Date: 17 June, 2013
Expected Completion Date: 30 November, 2013

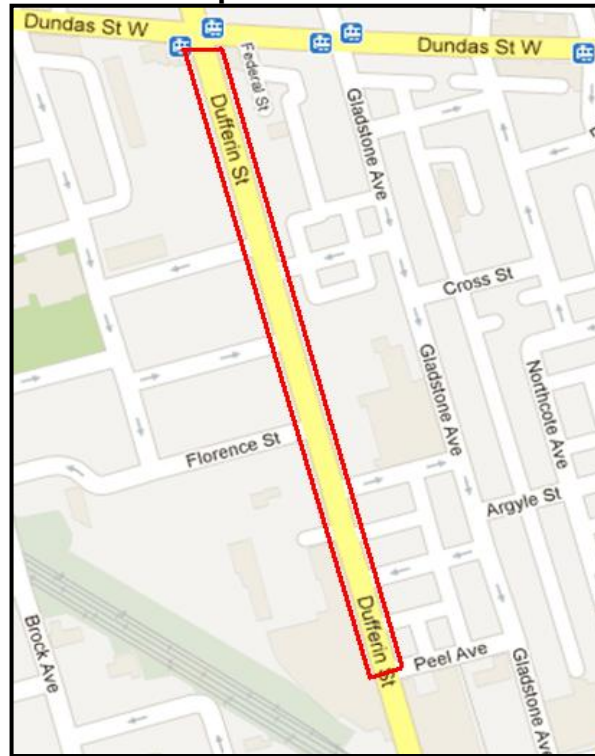

Please note the following changes to the project:

- Effective **June 24, 2013**, the southbound lanes of Dufferin Street between Peel Avenue and Dundas Street West will be closed to traffic for the duration of the Project. In the northbound direction, one lane of traffic will be maintained at all times.
- Alma Avenue, Waterloo Avenue and Stonehouse Crescent may require temporary closure at Dufferin Street to facilitate construction work. Temporary two-way traffic will be implemented on these streets whenever there is a closure at the Dufferin Street intersection. Temporary signs will be installed by the Contractor on the respective streets to advise of these changes.
- Starting at 9:00 a.m. on **June 24, 2013** Southbound route 29-329 buses will divert via south on Dufferin Street, west on College Street, south on Lansdowne Avenue, east on Queen Street, south on Dufferin Street to route, as a result of the directional closure of Dufferin Street. Northbound will operate over regular routing. For information related to routing changes for the affected TTC route, please refer to the following web site; www.ttc.ca.

All other construction details remain unchanged from the previous notice. These details can be accessed online at www.toronto.ca/improvements/ward18

Your co-operation and patience during the construction period is crucial and will be appreciated.
