

GEORGETOWN SOUTH PROJECT CONSTRUCTION UPDATE

The Georgetown South (GTS) Project will provide infrastructure improvements to meet existing GO Transit ridership demand and future growth. It will also accommodate the new Union Pearson Express (formerly known as the Air Rail Link) service between Union Station and Pearson International Airport. This project is one of the key elements of The Big Move.

Continuous Weekend Track Work May 23 to 25

What we are doing

- Beginning at 7:00 p.m. on Friday, May 23 and continuing until Sunday, May 25 at 5:00 p.m. we will be shifting tracks and testing signals between Bloor GO station and Dupont Street to complete the expanded rail corridor for increased transit service. There is a possibility work may extend into Sunday night.
- This work can only be done outside of regular train service.

How this will affect you

- Residents living nearby can expect some noise associated with construction vehicles, excavation and from the welding and re-positioning of tracks.
- During the week leading up to the weekend, we will be doing some preparatory work that involves some minor cutting and removal of rail and signal testing.
- Lights will be used during overnight hours; however, they will be focused away from nearby homes.
- The normal scheduled hours for this project are 7:00 a.m. to 7:00 p.m., including weekends, as needed.

The black line represents the work area between Dupont Street and Bloor GO Station.

If you have any concerns during the work, please do not hesitate to contact our 24-hour number at 416-601-3611.

East Corridor E-mail List

We want to maintain regular communications with our neighbours while work is being completed. To receive updates and information about the work in your community, please send an email to gts@gotransit.com referencing the East Corridor e-mail list and include your name, address and telephone number.

Thank you for your patience as we work on the East Corridor Grading, Track and Signals Project
