

TRANSFORMING TRANSIT IN YOUR AREA

REMINDER: Upcoming Bridge Maintenance at Windermere Avenue and South Kingsway

Nov. 2018

THE PROJECT

During the weekends of **November 23 - November 25** and **November 30 - December 2** respectively we will be rehabilitating the rail bridges that run over **Windermere Avenue** and **South Kingsway**. The work will start Friday evening at 8:00 p.m. and continue around the clock until the following Monday morning.

This work is a part of broader project where Metrolinx is rehabilitating/replacing 6 century-old rail bridges over the course of 9 weekends.

Our schedule for this project has been as follows:

- Colborne Lodge Drive: **October 12 - 14**
- Parkside Drive: **October 19 - 21**
- Windermere Avenue: **November 23 - 25**
- South Kingsway: **November 30 - December 2**
- Humber River Bridge: **Until December 2**

WHAT TO EXPECT

We recognize that railway work can be disruptive and we are doing our best to minimize the amount of disruption to our customers and nearby communities. Due to the complexity of these projects, weekend work will take place around the clock.

Residents and businesses in neighbourhoods surrounding the bridges may notice:

- **A full closure of Windermere Avenue and South Kingsway between The Queensway and Lakeshore Boulevard** (signage will be displayed at street level in advance of closures)
- **Night-time construction noise and lighting**

If you have any questions, or would like to be included on future communications, please visit metrolinx.com/LakeshoreWestBridges or contact Michael Paolucci at 416-202-4425 or michael.paolucci@metrolinx.com
