

Keele Station & High Park Station– Easier Access Project Update

Dear neighbour,

As part of the TTC's commitment to provide accessible transit, construction is underway at Keele Station to install new elevators and reconstruct the bus roadway. The Keele Station bus loop will be closed for structure upgrades/improvements and buses will not enter the station for approximately six months. Keele Station is scheduled to become accessible at the end of 2021.

Keele Station Bus Loop Closed

Start date: Sunday, March 29, 2020

Construction has been progressing and I would like to provide you with an update on the next phase of work. Here is an overview of construction activities to expect over the coming months:

The Keele Station bus loop closure is required in order to upgrade the bus loop, bus platforms and to continue work on elevators E1 & E2. During the bus loop closure, TTC riders will board buses on street in front of Keele Station, at temporary stops on Bloor Street West or at High Park Station. There will be no change to subway service from Keele Station. Customer service representatives and TTC supervisors will be available on the first few days of the closure to assist customers and there will be updated signs and pole cards in place.

Bus service changes during the full Keele Station bus loop closure:

- Customers on the 41 Keele and 941 Keele Express routes will serve Keele Station at temporary stops on Keele Street outside the main station entrance and north of Bloor Street West.
- Customers on the 80 Queensway route will be diverted to High Park Station with temporary stops serving Keele Station on Keele Street at Bloor Street West. To ensure your safety, customers are reminded to use the signalized intersection at Keele Street and Bloor Street West when crossing the street.
- 30 High Park and 80 Queensway routes will drop off and board at different locations inside and outside of High Park Station.
- Customers on 89 Weston and 989 Weston Express routes will serve Keele Station at temporary stops on Keele Street and on Bloor Street West.
- 89 Weston and 989 Weston Express routes will be diverted to High Park Station.

Routes/Schedules/Fares: 416-393-4636

Customer Service: 416-393-3030 (daily 7 a.m. to 10 p.m.)

TTY Line: 416-481-2523 (daily 8 a.m. to 5 p.m., closed holidays)

Construction Update

- The temporary bus loading zone on Keele Street will be extended to the three parking spaces on Keele Street in front of the station. Signs will be changed to a “No Standing” zone.
- Customers will need to provide Proof-of-Payment.

Bus service route diversions and temporary stops for the Keele Station bus loop closure.

High Park Station changes during Keele Station bus loop closure

Start date: Sunday, March 29, 2020

While the Keele Station bus loop closure is in place, some buses will be rerouted to High Park Station and customers will be dropped off on High Park Avenue.

- On High Park Avenue at Bloor Street West, there will be a loss of two taxicab spaces and one permit parking space (this area has 89 parking spaces with approximately 34 parking permits issued).
- Signs will be changed to a “No Standing” zone within the new temporary bus loading zone.

Thank you for your patience as we work to make Keele Station accessible.
