

WOLVES' TALE

FEATURED THIS WEEK: VOLLEYBALL PLAYOFFS, MAGGIE'S CRAFTY CREATIONS, COVID UPDATES, QUESTION OF THE WEEK, AND TRIVIA

Maggie's Crafty Creations

By Brooke Nicks

As many of you know, Lake Park now has a craft/coffee store. To get to know more about the store, I asked Maggie a couple of questions.

Maggie and her mother came up with the idea for Maggie's. Being that they are both crafters, whenever they'd go on trips together they would try to find small, local craft stores. At these stores, they would always laugh together and dream of having their own shop. They came up with the idea of a combination craft store and craft consignment store. The idea of the cafe came later, being that they realized they were always drinking coffee while brainstorming and planning.

Maggie's offers quite a variety of services and products. They sell craft supplies, art supplies, and consignment things. They offer hot and cold espresso drinks (lattes and cappuccinos). They also offer black coffee, which they carry general flavors, including seasonal flavors and some that are sugar free. They also offer soup lunch Monday and home baked goods from Haley's Home Baked. They also offer classes, kids events, free classes, custom craft work, gift wrapping, private parties, and will order anything you need for your craft or hobby. They can also get custom crafts from their crafters, made just for you!

They also tutor at Maggie's. Your initial tutoring meeting is free. These sessions can be booked in half hour or hour time frames. Maggie has years of experience tutoring, in a wide range of areas.

Volleyball Playoffs

By Akasha Hallman

The Harris-Lake Park volleyball girls will be playing HMS for the first round of playoffs in Hartley, Iowa. The playoffs will take place on Monday October 19th at 7:00 PM.

The Harris-Lake Park volleyball team will be preparing for the first playoff game by practicing in different spots to hit on the court and increasing their aggressiveness with their serves. The coach feels confident that the H-LP girls will be ready and prepared to win against HMS.

"When we played HMS before, we had a rough game and we weren't really working together. In practice, we studied HMS defense and we have been working very hard to prepare ourselves for the playoff game," Delaney deBoom said.

At the end of the night, HMS came out with the win against H-LP; 3-1. The Wolves ended their conference season; 2-8.

"We are thankful to have had a season, I could not have imagined a fall without volleyball! Our girls treated each day like it could have been their last and I'm appreciative of their commitment and dedication to compete and stay healthy this season. I'm proud of how our girls competed this year and strived to get better with each opportunity," Coach deVries said.

Though they focus in the area of math, you can also get help in most other classes. However, foreign language tutoring is not available.

Maggie's favorite part about her business is loving what she does. Her business is her dream and she enjoys talking all day long to people about different crafts.

If you're ever in town and need some craft supplies, something to eat or drink, or a new skill to learn, stop in at Maggie's!

New Mitigation for H-LP

By Ruger Kelly

If you haven't noticed yet, life for everyone has been a little different due to COVID-19. You've probably noticed it whether it be at the local grocery store, at work, or at school.

Harris - Lake Park has started cracking down on Covid-19. The school has put mitigation in place in classrooms as well as the lunchroom to keep everyone safe.

They are taking extra safety precautions at lunch making sure we are all socially distanced. They clean tables before and after each lunch using sanitizing spray and clean rags. There are fewer people allowed up in the lunch line at a time. We are socially distanced with a maximum of four people being at any given lunch table. We have a special seating chart set up so that whoever you're closest to during the day sits next to you at lunch so there is less contact between the students. Masks are still not required at H-LP.

In classrooms, the desks will be rearranged to promote social distancing with students sitting in the same seating chart throughout the day with an A-Z format. Desks and tables will be wiped clean between each period. The teachers have been provided with extra cleaning supplies.

In conclusion, because of the safety precautions our school has been able to stay safe and stay open.

Question of the Week

By Payton Reimers

Halloween is right around the corner. Many kids are excited to trick or treat this year. I asked the students at H-LP what their favorite Halloween candy is. Here is what they said.

Lucas A.- Candy corn

Landon G.- Candy corn

Caleb H.- Kit Kat

Travis L.- Twix

Kiera K.- Original Skittles

Jordan B.- Reese's

Eli R.- Snicker

Hailey C.- Popcorn balls

Ava R.- Carmel corn

Tessa G.- Candy corn

Cece- Candy corn

Jocelyn E.- Kit Kat

Bubba S.- Kit Kat
