**In regards to the above case;**

**I, Deputy B. Williams, was on-duty and on patrol in Monroe County Sector 1. (The Lower Keys) Deputies working the Stock Island area received information that the listed suspect vehicle was out-bound from the city of Key West. Dep. J. Gordon was able to locate that vehicle and notified Dispatch. He advised the vehicle was possibly being driven by an armed-robbery suspect being sought by the Key West Police Department. Dep. D. Lariz advised over the air to stand-by, that he was en route, so that they could perform a felony vehicle stop.**

**During the course of that initial visual contact, the suspect identified Deputies, then attempted to elude both marked patrol cars in the area of 3rd Avenue and Sunshine Street. The suspect vehicle lost control coming off of the roadway, and striking a stop sign in the NW corner of the intersection. Deputy Gordon attempted to make contact with the suspect/driver, when that subject opened fire at Deputy Gordon, striking him in the chest. Both Deputies returned fire at this point, in self-defense.**

**Deputy Lariz advised over the radio, that shots had been fired. I responded CODE 3 to those Deputies from the 28MM.**

**The suspect was able to free his vehicle and fled north on Sunshine Street, then east onto 2nd Avenue. Fearing further attack, Deputies retreated to the safety of their vehicles then proceeded to 2nd Avenue, where the suspect vehicle was now stopped. The vehicle was parked at 2nd Avenue and 5th Street. It appeared the suspect had fled the area on foot. Deputies**

Gordon and Lariz cleared the suspect vehicle confirming it was empty.

While en route, I advised Dispatch to notify Sector 1 chain of command, and requested Sector 4 Sergeant C. Kellenberger respond as well. We had Key West PD respond to the scene, as well. I also requested that Communications have KWPD Officers come to our channel to coordinate a response. (A temporary CP was established north of 5th Street and 2nd Avenue)

A perimeter was established, and a brief description of suspect was announced. We then received a call from a witness stating that a subject, matching the suspect description attempted to open the door to his vehicle and get in. This occurred at the intersection of 5th Avenue and 5th Street. (This was within 2 blocks of our location.) The witness fled the area, stating he did not know the subject. He also added that the suspect appeared to be injured.

(We confirmed an injury shortly after, by locating blood in and on the suspect vehicle)

The perimeter was shifted, as we now believed the suspect was mobile, on foot in the Stock Island area, and still armed. We then began to receive other calls through dispatch, advising the subject was in the area of Tom Thumb Food Store. Officers and Deputies searched the area on foot with no success, as it appears he was picked up by persons unknown prior to their arrival.

In the meantime, Dep. J. Gordon was sent to the Hospital for medical evaluation. Dep. S. Curry was assigned to him to observe him and be a point of contact until otherwise advised or relieved. Dep. Gordon turned his MCSO issued patrol rifle over to me at the scene. I secured it and it was later turned over to CSI Detective J. Underwood on PR# 157536.

Information was received now, that the suspect had fled to the Big Coppitt area. The search was re-located to that area, and coordinated by Command Staff.

I held the crime scene located at 2nd Avenue and 5th Street until Detectives arrived. Det. Sgt. D. Catala responded to my scene along with FDLE Agents M. Quad and C. Fredericks. A crime scene log was initiated and that log was subsequently collected by Agent Quad. CSI Detective J. Underwood also responded and at this point the scene was turned over to him for processing. Upon completion of processing that scene, the intersection was released and cleared. The suspect vehicle was towed by Anchor Towing on MCSO Vehicle Acquisition #46603. The vehicle was towed to MCSO impound for further processing.

At this point in time I have no further information. The case is currently active, open and pending. The case has been assigned to the Major Crimes Unit. Updates to follow.

10/25/2015 22:57	SUPPLEMENT	CURRY, SPENCER	1114	S9745	10/26/2015 10:34
Status: APPROVED	NORMAN, JAMES E	10/26/2015 10:34			

On October 25, 2015, at approximately 9:42 pm, I heard Dep. Gordon advise dispatch and Dep. Lariz that he was behind a possible robbery suspect heading northbound on US1 passing Chevron. Dep. Lariz informed Dep. Gordon to wait for him to respond before initiating a felony stop on the vehicle. Dep. Gordon advised the tag on the vehicle was a stolen tag from a report that he had taken. Dep. Gordon continued to give his location as he followed the vehicle. I began responding to the area to assist in a possible felony stop. Dep.

Gordon advised the vehicle was now aware that he was following it and turned off the lights and was taking off on 3rd Ave. Dep. Gordon then advised the vehicle went through the stop sign at 3rd Ave and 5th Street and hit a stop sign. I then heard Dep. Gordon or Dep. Lariz advising that shots had been fired. At approximately this time, I was turning onto 5th St from MacDonald Ave. I did not see any police lights on 5th St, however, I saw numerous persons standing on the corner of 5th St and 3rd Ave that appeared to be looking down 3rd Ave towards Sunshine St. I continued down 5th St and at this time I could hear gunshots going off. As I got to 3rd Ave, I was able to see Dep. Lariz and Dep. Gordon's patrol cars with their overhead lights on. I could not see the suspects vehicle. As I turned onto 3rd Ave towards Sunshine St, Dep. Lariz began pointing for me to turn around and he advised that the subject was headed out towards the highway. I turned around and went towards US1, however, I did not see any vehicles or injured persons leaving the area. Dep. Lariz informed dispatch that Dep. Gordon had been hit in the vest.

I made it to the intersection of 5th St and US1, where I turned around and went back into Stock Island. At this time, I was trying to ascertain if the subject was still in the car or on foot. I informed dispatch I was going to be checking the nearby area. I proceeded east on MacDonald Ave and then south onto 3rd St. While driving down 3rd St, Dep. Gordon advised he located the suspects vehicle on 2nd Ave. I turned onto 2nd Ave and proceeded to 2nd Ave and 5th St. I observed a dark colored Ford Mustang in the middle of the road on 2nd Ave facing 5th St. I used my vehicle to block 5th St to stop traffic from passing in front of the suspects vehicle. I then made my way on foot to the suspects vehicle, where Dep. Gordon and Dep. Lariz had already begun clearing the car. At this time, numerous KWPD units were arriving on scene. The suspects vehicle was cleared.

Station 8 responded to the scene and stopped directly behind my vehicle. I was then instructed by Dep. Williams that someone needed to stay with Dep. Gordon. I walked with Dep. Gordon to the rescue unit where they began checking his vitals.

I was then instructed by Dep. Williams, who had arrived on scene to follow Dep. Gordon, who was in the rescue unit to the ER. Just after arriving at the ER Sgt. Hernandez arrived and she advised that she would stay with Dep. Gordon.

I responded back to Stock Island and held perimeter on 3rd St and 1st Ave. After the area was cleared, I responded back to the area of 3rd Ave and Sunshine St, whereby I placed crime scene tape. I placed crime scene tape across 3rd Ave, in front of Lonnie Helms Automotive and also just west of Sunshine St. I then began a crime scene log of all persons entering or exiting the scene at my location. I stayed at this location until the scene was released.

This crime scene log was then turned over to FDLE Supervisor Fredrick.

10/26/2015 11:46 PROBABLE CAUSE CUERVO, MANUEL S471 S7231 10/26/2015 11:58  
Status: APPROVED NORMAN, JAMES E 10/28/2015 17:03

The defendant identified as TIMOTHY EUGENE THOMAS, D.O.B. 08/05/1990, did knowingly commit the offense of FIRST DEGREE ATTEMPTED MURDER WITH a FIRE ARM OF a LAW ENFORCEMENT OFFICER in that he knowingly fired a weapon at Law Enforcement Officer Deputy Joshua Gordon, striking him in the chest.

**MURDER FSS 782.04 (2) p**

**ATTEMPTED FIRST DEGREE MURDER FSS 777.04**

**POSSESSION OR USE OF A FIREARM AGGRAVATED BATTERY FSS 775.087**

On or about October 24, 2015 A BOLO was issued by Key West Police Department. Deputy Josh Gordon, was on duty in uniform and in a marked patrol vehicle, noticed a vehicle matching the description provided in the BOLO in the Stock Island area. A traffic stop was initiated on Sunshine Street and 3rd Avenue by Deputy Gordon.

The driver of the vehicle recognizing the deputies took notice of him, eluded the marked patrol car in the area of 3rd Avenue and Sunshine Street. The suspect vehicle lost control and striking the stop sign in the intersection. Deputy Gordon attempted to make contact with the driver of the vehicle. The subject opened fire, firing multiple shots directly at Deputy Gordon striking him once in the chest. Deputy Gordon returned fire after being struck and while on the ground.

Subject fled the area in the same BOLO vehicle driving north on Sunshine Street and then east on to Second Avenue in the Stock Island area.

The suspect was able to free his vehicle and fled north on Sunshine Street, then east onto 2nd Avenue. Fearing further attack, Deputies retreated to the safety of their vehicles then proceeded to 2nd Avenue, where the suspect vehicle was now stopped. The vehicle was parked at 2nd Avenue and 5th Street. It appeared the suspect had fled the area on foot. Deputies Gordon and Lariz cleared the suspect vehicle confirming it was empty. At this point both the suspect and Deputy Gordon's marked patrol vehicle had multiple gunshot strikes.

A law enforcement search involving multiple agencies was conducted in the Stock Island and Big Coppitt areas, as information from the suspect's family indicated he was in the area. The family indicated he informed them he had been shot and needed help. Following numerous attempts to locate Thomas in the Big Coppitt area, law enforcement was unsuccessful.

On October 25, 2015 information was received indicating Thomas was going to a location in the city of Key West. That information was relayed to Key West Police Department, where Thomas was eventually located at a residence located at 1711 VonPhister Street, Key West, Fl. Contact there was established with Thomas by telephone, where he confirmed he needed help for injuries sustained by gun shot. After several hours of negotiations, Thomas surrendered without incident.

In the surrender, your affiant, took note of two gunshot wounds to Thomas' back and shoulder. Thomas made spontaneous utterances that police fired upon him first. He was transported for treatment to Lower Keys Medical Center.

Subsequent search warrant conducted in the residence on 1711 VonPhister Street, which was occupied by Thomas, resulted in the recovery of two firearms.

10/27/2015 13:03 SUPPLEMENT UNDERWOOD, JOHN S160 S9217 11/3/2015 14:14  
Status: APPROVED SCIBILIA, CHAD 11/5/2015 15:19

---

When I arrived at the scene at 5th Street and 2nd Ave, on Stock Island, there were several Deputies / Officers from multiple agencies already there. Detective Sgt Catala informed that this location was in fact the 'secondary' crime scene. I photo documented and processed the scene, the suspect's vehicle, and collected evidence there. The vehicle was stopped on 3rd Ave, approximately fifteen ( 15 ) feet from the intersection with 5th Street. The vehicle had multiple bullet holes and strikes on all four planes. The suspect had fled the scene on foot. The car and surrounding area had been secured.

The vehicle, a black in color Ford Mustang, two ( 2 ) door, was situated in the middle of the street with the driver's side door open. Both of the front windows had been broken out and lay on the street on each respective side of the vehicle. I counted thirteen ( 13 ) of what appeared to be bullet holes on the left rear ( driver's side,) of that vehicle. Two ( 2 ) holes, in the lower left rear of the vehicle bumper appeared to be of much smaller size or caliber, On the ground, on the driver's side of the vehicle, I saw one ( 1 ) empty / fired 9mm 'Hornady' cartridge case. There was what appeared to be blood stains on the front of the driver's seat back on the upper left portion of that seat. There were what appeared to be blood drops on the driver's side of the center console arm rest. A cell phone, believed to belong to the suspect was on the floor under the left side of the driver's seat. There were four ( 4 ) fired / spent bullets of what appeared to be .45 caliber found inside the car. Two ( 2 ) of those bullets were found on the front floor of the driver's side of the vehicle. One ( 1 ) fired / spent bullet, that appeared to be of .45 caliber was found on the front floor of the passenger side of the vehicle. Another ( 1 ) fired / spent bullet of what appeared to be of .45 caliber was found on the floor behind the driver's seat. Behind the driver's seat on the rear floor I found an ( 1 ) additional fired / empty 9mm 'Hornady' cartridge case. Also from the rear floor behind the driver's seat, I found one ( 1 ) fired / spent bullet that appeared to be of .40 caliber.

From the front and back floors of the vehicle I collected miscellaneous items such as empty drink containers, empty cigar wrappers, one black 'stocking / ski type cap, three ( 3 ) 'walkie talkie' type radios. All of the items found and mentioned in this report are listed in the F7 portion of this report and were collected as follows;

On P.R. # 156350- 2- blood sample swabs from the front of the driver's seat back  
2- blood sample swabs from the driver's side of the center console  
1- cell phone from under driver's seat  
1- .45 caliber fired / spent bullet from passenger side front floor  
2- .45 caliber bullets from front floor of driver's side  
1- .40 caliber fired/spent bullet from rear floor behind driver's seat  
1- empty / fired 9mm 'Hornady' cartridge case from the rear floor  
behind the driver's seat

On P.R. # 156351- 1 -empty/ fired 9mm ' Hornady' cartridge case from the ground beside the driver's side door  
1- paper bag of miscellaneous items from floor inside car  
1- paper bag with black cap and 3 handheld radios from rear floor and

seat of car

While at that scene I also collected the following items from Deputy Boyd Williams, with FDLE Agent Quad present

On P.R. # 157536- 1 'Rock River Arms' .223 caliber carbine, ser.# CM140149, model # LAR 15 assigned to Deputy Josh Gordon

1- loaded/ unfired .223 cartridge from the chamber of the carbine

1- 'Mag Pul' thirty ( 30 ) round magazine with twenty five ( 25 )

loaded/unfired .223 cartridges

On P.R. # 156355 - 1- 'Glock' semi auto .45 caliber handgun, ser# GSL 200 with one ( 1 ) round in the chamber from Deputy David Lariz

1- ' Glock' .45 caliber handgun magazine with twelve ( 12 ) loaded/ unfired rounds from Deputy David Lariz

1 - empty 'Glock' .45 caliber handgun magazine from Deputy David Lariz

All photos are entered into the MCSO VERIPIC Program.

I then changed locations to the 'primary incident scene', where the shooting had occurred. The scene was secured at that point in time by FDLE Agent Smith and Deputy Spencer Curry.

It had been reported to me that the suspect's vehicle had been stopped when he ( suspect ) tried to make the turn off of 2nd Ave onto Sunshine Street because the vehicle slid into a 'Stop' sign located on the lower side of that corner. The driver's door opened towards 2nd Avenue with the front of the vehicle against the 'Stop' sign on the lower side of the intersection while the rear of the car was towards 5th Street. The suspect vehicle was stopped at that moment in time,almost straight across/ blocking Sunshine Street and almost parallel with 2nd Avenue.

There is a house / residence on the lower side of Sunshine directly on that corner that is currently occupied, There was a noticable absence of fired / spent cartridge cases at that intersection, where the majority of the shots from all three ( 3 ) parties had been fired. According to the Deputies actually involved in the shooting, they each fired thirteen ( 13 ) rounds from their respective handguns and Deputy Gordon reported that he fired two ( 2 ) additional rounds with his patrol carbine. At the exact location where the gunfight took place I found one ( 1 ) empty / fired .40 caliber 'Federal' cartridge case in the middle of 2nd Ave. I found four ( 4 ) fired / spent bullets and / or fragments that appeared to be of .40 caliber in the grassy road side where the suspect vehicle had been stopped. In that same area I found four ( 4 ) empty / fired 9mm 'Hornady' cartridge cases. I found two ( 2 ) empty / fired .45 caliber 'Federal' cartridge casings underneath a car on the upper ( behind suspect vehicle location ) right side of the intersection.

There is concrete wall, six ( 6 ) feet tall , along the south eastern side of 2nd Ave for approximately one hundred ( 100 ) feet. That wall extends approximately fifty ( 50 ) feet in either direction from the intersection. There are two ( 2 ) holes that appear to be fresh bullet strike / impact points in that wall as depicted in scene photos. Only fragments of bullets were found at that wall.

Widening the search pattern, approximately seventy five ( 75 ) feet from the suspect vehicle's location at the moment of the shooting, I found ten ( 10 ) empty / fired .40 caliber

'Federal' cartridge casings in a small group area. It appeared as if someone ( s ) had picked the empty cartridge casings up at the intersection and then as if they had been dropped, or thrown against the wall there. In that same small concentrated area there were also two ( 2 ) empty / fired .45 caliber 'Federal' cartridge cases and one ( 1 ) empty / fired .223 'Federal' cartridge case.

All photos are entered into the MCSO VERIPIC program. All items found at this scene were entered in the F7 portion of this report and were collected as follows ;

On P.R. # 156352- 2 - 9mm bullets / fragments from areas of bullet strikes on the wall to left of the scene

4 - 9mm empty / fired 'Hornady' cartridge cases from grassy area by STOP sign

2 - .45 caliber empty / fired 'Federal' cartridge cases from upper right corner of scene underneath a non involved vehicle

2 - .45 caliber empty / fired 'Federal' cartridge cases form lower left - 75 feet from point of origin

1 - .223 caliber empty / fired 'Federal' cartridge case from lower left - 75 feet from point of origin

On P.R. # 156356 - 1 - .40 caliber empty / fired 'Federal' cartridge case

10 - .40 caliber empty / fired ' Federal ' cartridge cases from lower left - 75 feet from point of origin

4 - fired / spent .40 caliber bullets / fragments from street where shooting occurred- believed bounced or ricocheted from suspect's car

After processing this scene, I again changed locations to the MCSO Headquarters Training Office. I met with Deputy Sgt. Hernandez who escorted me to a locked door, sealed with 'Evidence' tape. Cutting the tape i entered the room where Sgt. Hernandez showed me the handgun with ammunition and magazines taken from deputy Gordon. She ( Sgt. Hernandez also showed me a white plastic bag from LKMC that contained Deputy Gordon's uniform completely intact. I photo documented and took custody of those items under P.R. # 156358 as follows ;

1 - class ' B' uniform shirt with name tag - Gordon- and all insignia and badges in place with what appeared to be a bullet hole beside the inner edge of the left shirt pocket

1 - pair of uniform trousers with empty pockets

1 - white tee type shirt with what appeared to be small blood stains

1 - ballistic armor vest with trauma plate intact and one, what appeared to be a bullet hole near the center of the trauma plate.

At that same location and that same point in time, I also custody of items on P.R. # 156355 as follows ;

1 - 'Glock' .40 caliber handgun, black with a green slide and 'Sure Fire' flash light attached and 1 - loaded / unfired .40 caliber

'Federal' cartridge in the chamber

1 - empty 'Glock' .40 caliber magazine

1 - 'Glock' .40 caliber magazine with fourteen ( 14 ) loaded / unfired .40 caliber 'Federal' cartridges that had been in the gun

1 - 'Glock' .40 caliber magazine with fourteen ( 14 ) loaded /  
unfired .40 caliber 'Federal' cartridges

---

11/1/2015	16:10	Z	CUERVO, MANUEL	S471	S7231	11/3/2015	16:59
Status:	APPROVED	SCIBILIA, CHAD	11/5/2015	15:19			

The following is a summary of the initial incident and actions of this case, as I obtained from preliminary information, investigation and video obtained from both Deputy Gordon and Deputy Lariz in car arbitrator systems. All actions are summarized and should be viewed in its entirety from the videos for a complete and accurate account.

On 10-24-15 just before 9:42 p.m., Key West Police put out a BOLO on their radio channel to look out for a black colored mustang headed out of the city of Key West. A suspect from an armed robbery in the city from weeks prior was believed to be in the vehicle. The suspect Timothy E. Thomas, and the black mustang, had previously been observed in the city of Key West by a citizen and MCSO employee Deonte Stemage, whom called KWPD two times to report the sighting. The second time, Stemage reportedly saw the vehicle headed out of the city into Stock Island.

Deputy David Lariz, whom was working the Stock Island area with Dep. Gordon, heard the radio traffic from the KWPD, as he was scanning his police radio channels. Lariz and Dep. Gordon decided to sit at the “triangle” entrance to Key West, in an attempt to observe the vehicle leaving the city. A short time later, Lariz followed and checked a silver colored Mustang leaving the city, which ultimately turned out not to be the suspect vehicle.

About that point, the suspect vehicle – a black colored Ford Mustang - was spotted on Stock Island out bound by Deputy Joshua Gordon. Gordon began to follow the vehicle and Deputy David Lariz responded to back him up from the Boca Chica bridge area where he had followed the other Mustang. At that time, Deputy Gordon took note the tag attached to the black Mustang FL-452-QEL was in fact a stolen tag from a report he himself had taken on a previous date 10-23-15 case # 15-6588.

The suspect driving the black Mustang, identified as 25 year old Timothy Eugene Thomas of Key West, spotted Dep. Gordon following him at the intersection of 2nd St and 3rd Ave. Thomas then sped up, fleeing from Gordon down 3rd Avenue, toward 5th Street at speeds greater than 60 miles per hour in a 25 MPH zone. Thomas drove through the intersection at 5th Street and 3rd Avenue, ultimately attempting a right turn north onto Sunshine Street, but hit a stop sign, which stopped the vehicle.

Deputy Gordon exited his patrol car in an effort to detain the suspect. Thomas then exited his vehicle from the driver side door showing one left hand, as Gordon was shouting commands to show his hands. Thomas then went back into the mustang and then exiting, raised his right hand and began firing multiple gunshot rounds at Deputy Gordon, one striking Gordon in the chest causing Gordon to fall to the ground near his patrol vehicle, while returning fire toward the suspect Thomas. At this time, Deputy Lariz arrives on scene,

exiting his vehicle and further returns fire toward the passenger side of the Mustang and Thomas. Thomas was able to maneuver the vehicle at that time away from the sign post and flee north on Sunshine St. while still firing at least six more gunshot rounds from his driver side door. During this exchange, Dep Gordon was able to retrieve his long gun from his patrol vehicle trunk and return fire toward Thomas, firing at least three rounds.

Deputy Gordon and Deputy Lariz after assessment of the situation and their conditions, return to their respective vehicles to pursue Thomas in the Mustang, finding it abandoned at 2nd Avenue and 5th Street, just a short distance away. Thomas apparently fled on foot prior to their arrival. Upon clearing the vehicle, blood was found in the abandoned car, indicating Thomas may have been injured in the exchange of rounds. There were no other passengers in the vehicle at that time. An extensive initial search of the area failed to locate Thomas.

Further investigative summaries to follow.

		CUERVO, MANUEL	11/2/2015	14:32			
--	--	----------------	-----------	-------	--	--	--

On Saturday, October 24, 2015 in the late Kiera James came to my Big Coppitt residence. I have known Ms. James for several years as at one point in time she was a student of my wife Jennifer, who is employed with the Monroe County School District.

At the time, Ms. James appeared to be upset as she indicated she had her cousin Timmy Thomas on her cellular phone at the moment who was apparently seeking her advice. Ms. James stated Thomas advised her he had been involved in a, "...shoot out with the cops..." She also stated he advised her he had been shot as well.

At the time, Thomas was allegedly somewhere behind the Tom Thumb Food Store on Stock Island, in possession of a handgun and was asking her advise as to what he should do. Ms. James posed the question to me at which time I advised her to tell him to drop the weapon, spread his arms wide with his hands open, slowly walk from wherever it was he was hiding and once clear, drop to his knees then face down to the ground and fully cooperate with the instructions of any law enforcement officer.

Ms. James relayed this information to Thomas and was met with some resistance as she repeatedly told him, "You have to do it or they're going to kill you!"

Over the course of several minutes, Ms. James continued her conversation with Thomas encouraging him to surrender. At one point she indicated Thomas was no longer behind the Tom Thumb Food Store and was likely in the Big Coppitt area at his girlfriend's apartment which was right up the street from my Avenue D residence.

This information was relayed and units converged to that area. After a thorough search, Thomas was not located. It was then indicated Thomas' cellular phone was "pinging" in the

**Barcelona Drive area of Big Coppitt Key.**

Major Crimes Detectives Manuel Cuervo and Vince Weiner then came to my residence and interviewed Ms. James, thus concluding my involvement.

11/3/2015	11:36	SUPPLEMENT	ZUELCH, LISSETTE	S473	S9652	11/3/2015	16:59
Status: APPROVED		CUERVO, MANUEL		11/3/2015	16:59		

**October 25, 2015**

I met with Detective Fraser in the Big Coppitt area reference information received on the location of subject Timothy Thomas. Detective Fraser and I surveilled different areas of Big Coppitt.

Information was learned that Timothy Thomas was hiding in a residence on Von Phister Street in the city of Key West.

Detective Fraser and I relocated to Washington and Ashby Streets in Key West, meeting multi agency officers and agents.

I was asked to park on the corner of Von Phister and George Street. I parked my vehicle across from 1713 Von Phister Street in Key West. A black male exited the house adjacent to 1713 Von Phister, numbered 1711 Von Phister Street. The subject had a mobile device in hand. He walked along Von Phister towards Ashby Street. That subject was later identified as David Gray, Sr.

Communications were established with subject Timothy Thomas. KWPD negotiators were able to persuade Thomas to walk out of the residence. The subject was taken in to custody and transported to Lower Keys Medical Center via rescue.

I took in to custody of a backpack subject David Gray, Jr. was carrying. Subject attempted to leave 1711 Vonphister through the back of the house. The subject was apprehended and taken in to custody for narcotics. (See MCSO15OFF6625)

The green backpack containing miscellaneous items (item # 45) was entered in to evidence on MCSO property receipt # 157583. Also entered in to evidence are the following:

Empty 9 mm Glock magazine, Item # 46  
LG mobile phone, Item # 47

I relocated to Lower Keys Medical Center. I arrested Timothy Thomas for two active out of county warrants. (See MCSO15OFF6631 and MCSO15OFF6632).

Thomas was transported by Sergeant Rodriguez with KWPD to the Monroe County Detention Center without incident.

Nothing further.

---

I returned to the primary scene on 10/27/2015 in regards to a report of bullets / bullet holes in a business located at the scene. The business front of Lonnie Hensley Automotive Repair had two ( 2 ) , what appeared to be bullet holes in the front door. One ( 1 ) bullet had struck the upper most portion of the door and lodged into it. Another ( 1 ) bullet had passed completely through the lower most portion of the door, passing completely through and coming to rest on the floor inside the business. I recovered the bullet from the floor that appeared to be of 9mm caliber. The bullet that struck the upper door had fragmented and only the copper jacket was lodged into the wood. The jacket appeared to be consistent with a 9mm caliber bullet. Those items were collected, in the presence and with the permission of the business owner and in the presence of FDLE Agent Quad, as evidence under P.R. # 156352 and entered into the F7 portion of this report as follows

2- 9mm bullets / fragments from door of automotive business at primary scene

While at that scene it was reported that the house on the corner of 2nd Avenue and Sunshine Street ( directly behind the STOP sign where the suspect vehicle had stopped, had been struck by bullets / fragments. With the residents permission and in his presence, and in the presence of FDLE Agent Quad, I was able to locate and collect bullets/ fragments from the exterior of the house. The bullets / fragments appeared to be of .40 caliber I collected and took custody of those items on P.R. # 156356 as follows ;

3 - fired / spent .40 caliber bullets recovered from exterior of house

After the bullets / fragments were recovered and secured, as Agent Quad spoke with the residents of the house, a youth who resides at that address came forward with two ( 2 ) empty / fired .45 caliber 'Federal' cartridge cases that he had picked up at the original scene before Deputy Curry arrived to secure that scene. The youth admitted that he had called the local news station and had shown the cartridge cases to a reporter. Those cases were collected and entered as evidence in the F7 portion of this report under P.R. # 156352 as follows;

2 - ..45 caliber fired / empty 'Federal' cartridge cases

Later that same day, at the MCSO Crime Lab, in the presence of FDLE Quad and Major Crimes Detective Cuervo, I cut into the ballistic armor trauma plate, worn on the night of the incident by Deputy Gordon, and recovered what appears to be a 9mm bullet from the fibers of the trauma plate. The bullet is entered as evidence in the F7 portion of this report and under P.R. # 156352 as follows ;

1 - 9mm fired / spent bullet recovered from the trauma plate of Deputy Gordon's ballistic armor vest

Later on this same day I went to the MCSO Impound Lot where the vehicle was secured. I used trajectory rods and tape to mark each hole and determine the approximate angles of trajectory, from the outside of the vehicle, to better process the evidence recovered. I photo documented the process.

**All photos are entered into the MCSO VERIPIC program.  
Nothing further at this time.**

11/3/2015	14:48	SUPPLEMENT	UNDERWOOD, JOHN	S160	S9217	11/3/2015	15:44
Status:	APPROVED	SCIBILIA, CHAD	11/5/2015	15:20			

I returned again to the primary scene, with FDLE Agent Quad and Major Crimes Detective Cuervo on 10 /29/2015, to search for additional evidence. After viewing the 'in car' videos of both Deputies it became clear that additional shots had been fired after the Deputies had disengaged the suspect and he ( suspect ) was fleeing the scene. Evidence indicates that the suspect fired six ( 6 ) additional shots as he fled down Sunshine Street before it makes a curve and becomes named as 3rd Avenue. Along the left / lower side of Sunshine Street, approximately one hundred twenty ( 120 ) feet from the intersection of 2nd Avenue and Sunshine Street, I found, and photo documented two ( 2 ) empty / fired 9mm 'Hornady' cartridge cases. Further down that street, in the curved area, on the right / upper side of the road, I found one ( 1 ) more 9mm empty / fired 'Hornady' cartridge case. I used a metal detector and the assistance of two ( 2 ) other FDLE Agents searching on foot, but no other evidence was found. Those cartridge cases were collected and entered as evidence in the F7 portion of this report and under P.R. # 156356 as follows ;

**3 - empty / fired 9mm 'Hornady' cartridge cases from the sides of Sunshine Street.**

**All photos are entered into the MCSO VERIPIC program.  
Nothing further at this time.**

11/3/2015	15:24	SUPPLEMENT	UNDERWOOD, JOHN	S160	S9217	11/3/2015	15:38
Status:	APPROVED	SCIBILIA, CHAD	11/5/2015	15:20			

On 10/30/2015, a Search Warrant for the interior of the vehicle was obtained. In the presence of and with the assistance of FDLE Agent Quad and Major Crimes Detective Cuervo I photo documented and completed a complete search of the car, it's interior, and internal parts, for evidence relating to the crime. It was evident from examining the exterior of the car that, black, was not the original color. The vehicle had been bright yellow before someone ( s ) had spray painted it black with spray cans.

To recover all the bullets I followed the trajectories suggested by the rods I had previously used to indicate the bullet holes, I used a 'sawzall' and crowbars to cut and chisel the vehicle fenders, steering wheel, front and rear windshield, vehicle roof supports, seats and dash areas. I did locate and collect bullets / bullet fragments from several areas and entered them as evidence in the F7 portion of this report. All the items are listed on P.R. # 156359 as follows

- 1 - .40 caliber bullet from padded portion of the vehicle steering wheel
- 1 - .40 caliber bullet from the left rear roof support
- 1 - .40 caliber bullet from the left side of the vehicle trunk
- 1 - .45 caliber bullet from the right rear quarter panel behind the front door and below the window
- 2 - .45 caliber bullets from inside the passenger side door
- 1 - .45 caliber bullet from the steering wheel

**All photos are entered into the MCSO VERIPIC program.**

---

On October 24, 2015 I received information in regards to a deputy who had just been shot in the Stock Island area.

Recognizing the shift on duty was previously the same I had supervised I immediately turned on my department issued radio and upon confirming the information based upon radio traffic I responded to the E.R. of Lower Keys Medical Center.

Upon my arrival Rescue 8 was backing into the bay of the hospital and Deputy Curry was exiting his patrol vehicle parked near the bay.

I confirmed with Deputy Curry that Deputy Gordon had been shot and stood by as he exited the rescue truck.

Deputy Curry and I escorted Deputy Gordon into the emergency room where he was taken into an exam room for treatment. I then advised Deputy Curry I would remain with Deputy Gordon for the rest of the night, so he could return to assist with the search for the suspect, if approved by Deputy Williams, who was the O.I.C. of the scene at the time. Deputy Curry was then relieved of his assignment to Deputy Gordon.

I explained to Deputy Gordon I would have to take all of his clothing , vest and weapon into my possession as all were of significant evidential value. All items were placed into a large plastic bag and remained within my view and control for the duration of the hospital stay. While Gordon was being examined by the medical staff I notified Captain Phelps who advised she would respond to H.Q. to meet with me and Deputy Gordon.

I then made contact with Sgt. Trevor Wirth, at the request of Gordon , briefed him of the situation and asked him to respond to Gordon's home to personally notify his family of the incident. Sgt. Wirth advised he would stand by with the family until they were able to make telephone contact with Gordon and to assist them with any of their needs or request.

I took two photographs of Deputy Gordon, the first is of the injuries to his chest from the impact of the shot fired into his vest and a second of him with his vest and internal shock plate. I have forwarded the photographs to F.D.L.E. Special Agent Mid Quad as well as Detective Cuervo.

Once Gordon was released from Lower Keys Medical Center I drove him and the evidence to H.Q. and waited for Special Agent Mid Quad from F.D.L.E. to arrive in order to conduct his

investigation. Once the Quad had completed his documentation of Gordon's weapon it was secured , with all of his clothing and duty gear by Captain Phelps until retrieved by Detective Underwood. I witnessed as Detective Underwood cut through the evidence seal on the door of our double-locked supply room door to take possession of the evidence.

The first notice of injury was completed by me and returned to Lower Keys Medical Admissions staff for processing this same evening.

On October 26, 2015 I advised Executive Assistant Tamara Snider I had made an error in the initial NOI as a I failed to note the injuries Gordon sustained to his hands during the incident, she immediately added the notes to the paperwork.

I took no other action in this investigation.

11/4/2015 10:51 SUPPLEMENT UNDERWOOD, JOHN S160 S9217 11/4/2015 11:29  
Status: APPROVED SCIBILIA, CHAD 11/5/2015 15:22

It is important to note that all of the empty/fired cartridge cases from the suspect's 9mm handgun were each and every one, all had the 'Hornady' name brand on the headstamp of the cartridge cases.

It is important to note that all of the recovered empty cartridge cases, from the suspect's gun and from the handguns of the Deputies, all, bear the firing pin impressions consistent with 'Glock' hand guns.

It is important to note that all of the recovered fired/ spent bullets/ fragments recovered at all the scenes and and all follow ups with this case including all of the Deputies and all of the suspect's,, all show the distinctive 'polygonal' bore pattern ( lands and grooves ) consistent with 'Glock' handguns.

The ending total rounds fired / recovered are as follows ;

9mm ( believed to be from suspect's 'Glock' handgun )----- 4 fired/spent bullets / fragments ----- 9-fired/empty 'Hornady' cartridge cases

.40 caliber ( believed to be from Deputy Gordon's 'Glock' handgun ) ----- 12 fired/spent bullets/fragments ----- 11 fired/empty 'Federal' cartridge cases

.45 caliber ( believed to be from Deputy Lariz's 'Glock' handgun ) ----- 7 fired/spent bullets/fragments ----- 6 fired/empty 'Federal' cartridge cases

There was a total of twenty four ( 24 ) bullets strikes / holes in the suspect's car.

There was a total of five ( 5 ) bullet strikes / holes from the suspect's handgun ( including the one ( 1 ) in Deputy Gordon's vest ) two ( 2 ) in the wall along 3rd Ave, and two ( 2 ) into the door of a business located on 3rd Ave.

There was a total of three ( 3 ) bullet strikes in the house exterior at the corner of 3rd Ave and Sunshine Street.

On Wednesday, November 4th, 2015, all items collected by this Office connected to this case

were hand delivered to the Key West Police Department Property and Evidence Division. Key West Police Department Detective Bean certified and signed for all forty four ( 44 ) items on all MCSO Property Receipts.

Nothing further at this time.

11/4/2015 18:39 SUPPLEMENT GORDON, JOSHUA 1120 S9640 11/4/2015 18:43  
Status: APPROVED SCIBILIA, CHAD 11/5/2015 15:22

On Saturday, October 24th, 2015 at approximately 9:30p.m. I received information from Deputy Lariz that the Key West Police Department had reports of an armed robbery suspect, Timothy Thomas, was within the city limits and driving a black Ford Mustang. Prior to this incident I received an inter-agency email containing BOLO information about Timothy Thomas. This BOLO indicated that Timothy Thomas may be in possession of a handgun and had made comments threatening violence against law enforcement. The BOLO information also contained several photographs of Timothy Thomas. I positioned my marked Monroe County Sheriff's Office vehicle in the center median at the entrance to Key West on U.S. Highway One facing outbound traffic. My vehicle was positioned adjacent to Deputy Lariz's marked Monroe County Sheriff's Office patrol vehicle. Deputy Lariz observed a vehicle matching the suspect's vehicle description and began to follow it northbound and I remained in the center median. At approximately 9:42p.m. I observed a black Ford Mustang leaving the city of Key West traveling northbound on U.S. Highway One. I pulled my patrol vehicle onto U.S. Highway One and began to follow the vehicle northbound.

While following the vehicle I observed that it displayed Florida license plate #452QEL. (The BOLO had indicated a tag # of 452-DEL). Additionally, I immediately recognized that the Florida license plate affixed to the rear of the suspect vehicle was stolen as I was the investigating Deputy of its reported theft on Friday evening, October 23rd, 2015. I radioed dispatch and advised them of the license plate affixed to rear of the suspect's vehicle. Dispatch verified via radio that the license plate was listed as stolen. I continued to follow the suspect's vehicle on U.S. Highway One and as it turned onto MacDonald Avenue located on Stock Island. I continued to follow the suspect's vehicle as it turned right on 2nd Street. The suspect's vehicle came to a complete stop at the intersection of 2nd Street and 3rd Avenue before it turned right. I was behind the suspect's vehicle when it accelerated to an extremely high rate of speed in the 25 m.p.h. posted residential speed limit zone. I activated my emergency lights and sirens in an attempt to conduct a traffic stop on the suspect's vehicle. The suspect's vehicle continued to accelerate reaching speeds of approximately 70 m.p.h. I pursued the suspect's vehicle in my marked patrol car with my emergency lights and siren activated. I observed the suspect's vehicle continue on 3rd Avenue and cross the intersection of 5th Street without stopping at the posted stop sign.

I observed the suspect's vehicle crash into the stop sign and fence in front of a residential home located on the northwest corner of the intersection at 3rd Avenue and Sunshine Street. As I approached I observed the suspect's vehicle attempting to back away from the damaged stop sign and fence it had struck. I positioned my marked Monroe County Sheriff's Office patrol vehicle directly behind the suspect's vehicle in an attempt to prevent it from escaping. I turned off my audible siren and left my emergency overhead lights activated. I exited my patrol vehicle with my handgun drawn and was wearing my department issued Monroe County Sheriff's Office class B uniform with full insignia.

The suspect, who I immediately recognized the suspect to be Timothy Thomas, quickly exited the driver's side, front seat of the black Ford Mustang without my prompting. The suspect was wearing a black shirt and had a shaven head. I issued the suspect several loud, repetitive verbal commands to show his hands. The suspect initially complied and raised his left hand with nothing in it. The suspect then quickly ducked back into his vehicle, drew a handgun, and fired several gunshots at me. Being in fear for my life, I quickly returned fire from my handgun at the suspect to stop his violent threat and in defense of myself as I attempted to move away from his directed gunfire. While moving away, I felt the impact of the suspect's gunfire strike me in the center of my chest. Even though I was wearing a protective vest the impact knocked the wind out of me and knocked me down to the ground. I fell on my back; however, I continued to return fire at the suspect as he attempted to go further into his vehicle and close its door. I quickly relocated to the rear of my patrol vehicle for cover as I observed Deputy Lariz attempt to flank the suspect on the passenger side of the vehicle. I accessed the rear trunk of my patrol vehicle and retrieved my S.W.A.T. issued AR-15 carbine as Deputy Lariz was returning gunfire at the suspect. I observed the suspect flee in the Ford Mustang in a northbound direction on Sunshine Street. I heard several gunshots coming from the direction of the Ford Mustang as it fled. I fired my carbine at the suspect in an attempt to stop him as he was still an armed threat and was heading toward the direction of other responding Law Enforcement Officers.

Deputy Lariz quickly accessed my condition and I retrieved the spent handgun magazines that were on the ground and placed them into the trunk of my patrol vehicle. I entered my patrol vehicle and pursued the suspect down Sunshine Street. I observed the suspect's black Ford Mustang stationary at the intersection of 2nd Avenue and 5th Street. I advised dispatch of the vehicle's location and waited for Deputy Lariz to arrive. Deputy Lariz arrived and we utilized his patrol vehicle as cover to get closer to the suspect's vehicle. I observed that the doors were closed and that it was difficult to see inside the vehicle due to the window tint and damage. Deputy Lariz, members of the Key West Police Department, and I safely positioned around the vehicle to ensure no one was inside. As I approached the suspect's vehicle I could not see inside to determine if anyone was in the back seat. I broke the rear passenger side window to see inside. After checking the front and rear seats of the vehicle, we searched the vehicle's trunk. No one was located inside the vehicle.

Responding units from various agencies arrived and we began to organize in an effort to locate the suspect. Medical personnel from Monroe County Fire Rescue arrived on scene and I entered the ambulance to be evaluated. I removed my issued Kevlar vest and observed that a bullet appeared to be wedged inside of the soft trauma plate insert located in the front center of the vest. I had an abrasion and redness across the center of my chest near the bottom of my sternum. I observed a large cut on the knuckle of my left index finger. After Medical personnel checked my vital signs and bandaged my finger I was advised that I needed to report to Lower Keys Medical Center to be evaluated. I gave my agency issued S.W.A.T. carbine to Deputy Williams and advised him that it was utilized in an effort to stop the suspect. I gave the keys to my Sheriff's Office patrol vehicle to Deputy Curry and left the scene in the ambulance.

I was met at Lower Keys Medical Center by Sgt. Hernandez and gained admittance for treatment. While preparing to receive medical treatment I turn my handgun, remaining

magazines, ammution and the rest of my duty belt over to Sgt. Hernandez as evidence in addition to my Monroe County Sheriff's Office uniform with attached insignia. I was treated for the injuries sustained to my chest and finger by hospital staff members. I was medically released from the hospital and taken to the Monroe County Sheriff's Office Headquarters.

11/5/2015 09:09 SUPPLEMENT UNDERWOOD, JOHN S160 S9217 11/5/2015 09:28  
Status: APPROVED SCIBILIA, CHAD 11/5/2015 15:23

At 15:00 hours on 11/04/2015 I met with the State Attorney Vogel and SAO Prosecutor Madruga, Major Crimes Detective Cuervo, and Key West Police Detective Dean at the Key West Police Headquarters, to examine and review all the evidence collected thus far in this case.

Because K.W.P.D. made the actual arrest of the suspect Thomas within the confines of the city, the case has a separate number from the one MCSO has assigned. The MCSO case # is 15OFF006614. The Key West case # is 15-4797. At that meeting, in the presence of all Officers named, I opened evidence item # 57 ( which is item # 45 in the MCSO case file ), that is one green canvas backpack belonging to the suspect Thomas. The backpack was empty. There are stains that appeared to be blood on the backpack. I photo documented the backpack and then removed two ( 2 ) small cuttings from the material in the areas of blood stains. Those cuttings were packaged for submission to FDLE on KWPD property receipts as item # 60. The backpack was then repacked by Detective Cuervo in it's original container.

All photos are entered into the MCSO VERIPIC Program. Copies of all photos have been made and delivered to Detective Cuervo.

( Note that KWPD Property Receipts have no inventory control #s on them )

Nothing further at this time.
