

DISCOVER THE POSSIBILITIES

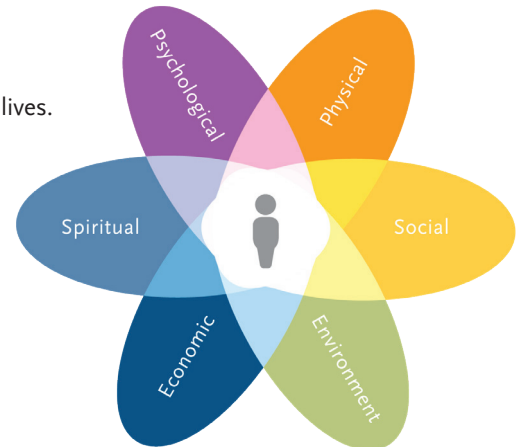

To our friends and partners in the **Northern Illinois Synod** where Mosaic provides services out of Rockford, Many things have changed in the more than 107 years Mosaic has been providing services to people with diverse needs. But one thing has never changed: We are CALLED to love and serve.

This past year, we updated our mission, vision and values statements. They all reflect our standing as a faith-based, ELCA-affiliated ministry.

Our mission statement reads, *“Embracing God’s call, Mosaic relentlessly pursues opportunities that empower people.”* That’s our way to love and serve.

What does that look like?

- Supporting more than 3,700 people in nine states to live better, more fulfilling lives.
- Providing person-centered, whole-person care (*see illustration*).
- Meeting people’s diverse needs, from housing support to companion care to medical services.
- Ensuring people have the opportunity to express and live their spirituality.
- Helping people make connections in the community that are life-giving.
- Letting people know they belong.

Your partnership is important. We appreciate the many churches and church members who are actively involved with Mosaic in multiple ways. Some offer volunteers, some offer financial gifts, some offer our Rejoicing Spirits inclusive worship service, and some even offer jobs to people Mosaic serves.

But the primary gift churches offer Mosaic is the prayerful support for our ministry and for the people we serve.

Thank you for your longstanding partnership in our mission. Together we embrace God’s call to love and serve.

Sincerely,

Linda Timmons, President and CEO, Mosaic
