

TO PATRONS AND FAMILIES: CHANGING OPERATIONS AS WE NAVIGATE COVID-19

As the situation with COVID-19 is extremely dynamic we will continue to make proactive decisions that are grounded in care for our patrons and volunteers based in transparency and science, while also doing our part to help stop the spread of the virus.

Over the last week, as more communities, including the federal and state government, have called for increased social distancing to help contain the virus we are evaluating our soup kitchen operations daily. We want to make sure we play a constructive role by taking responsible actions, guided by the CDC and other experts, to continue to do what's right for our patrons and volunteers.

Until further notice the soup kitchen will be serving wrapped dinners at the front door of the church starting at 5:00 PM until 6:00 PM. No patrons will be allowed in the church.

These are truly uncharted times and we're learning right alongside you as we navigate COVID-19 together.

As the situation continues to evolve, we may make some more changes, but we will do this together.

God Bless,

St. Paul's Soup Kitchen
