

Association of the Bar of the City of New York

This esteemed association of attorneys selected BGA to make infrastructure improvements to their owner-occupied 1898 historic landmark structure, in midtown Manhattan. Project features include:

- 64,000 SF infrastructure improvements + renovation
- ADA upgrades to public meeting rooms + toilets
- Design of wood double-hung energy-efficient replacement windows
- Integration of new rooftop chiller plant and fan coil units
- Restack + renovation of the Members' Law Library + Rare Book Collection
- Removal of connecting stair
