

Attest Services

As a certified public accounting firm, we can audit, review or compile your financial statements. Depending on what level of attest service you need, we can assist you to **Move Your Company Forward.**

An audit is the highest level of assurance a CPA can give on financial statements, followed by a review. In addition, we may also offer a compilation.

Audit Services

An audit is the most extensive level of attest service we provide to our clients. As a CPA firm, we can issue an independent auditors' report that may state the financial statements are free from material misstatement.

Review Services

A review is the next level of an attest service we provide to our clients. We offer an independent accountants' review report that states we performed procedures to obtain limited assurance there are no material modifications that should be made to the financial statements.

Compilation Services

Lastly, we can issue an accountants' compilation report, which states the objective is to assist management in presenting financial information in the form of financial statements without undertaking or obtaining any assurance there are no material modifications needed.

Agreed Upon Procedure Services

On specific occasions and circumstances, we can also provide agreed upon procedures to specific items that management has designed, implemented or requested us to render a report on.

Our knowledge and ongoing education in this ever-changing financial environment will assist you to **Move Your Company Forward.**

All reports can be valuable to a client and may offer substantial insight into your company and suggestions for improvement to **Move Your Company Forward.** Each service is significantly different than the other and the level of attest service may be dictated by the terms of an investment, credit, franchise or buy/sell agreement.

We have issued financial statements in many industries, including (but not all inclusive) construction, real estate, residential and commercial audio/visual, technology, staffing, professional employer organizations ("PEO"), professional services, physician/medical practices, manufacturing, fixed base operator ("FBO") and start-ups.
