

Licensed Practical Nurse– Ref. No. 20065
Assisted Self Isolation Site (ASIS)
1-year Term | Part-Time

The Alex: Changing Health. Changing Lives. The Alex Community Health Centre is a not-for-profit organization that is changing how we look at health care in Calgary. Our health, housing and food programs support our most vulnerable neighbours, tackling tough health and social issues head-on. Using a multi-disciplinary team approach, we focus care on assessment, intervention and promotion of all aspects of health. We embrace a model of health care that is accessible, responsive and participatory. In addition to the Family Health Centre, we run a Seniors Health Centre, a Youth Centre, two Mobile Community Health Buses, one Dental Health Bus, four Housing First Programs, and a Community Food Centre.

What we do and why we do it:

The pandemic response continues to evolve which requires a team that will have flexibility in their delivery of care. The Government of Alberta has identified that it is critical to have an Assisted Self Isolation Site (ASIS) for Calgary's vulnerable homeless individuals who otherwise do not have homes to self-isolate should they become symptomatic or ill with COVID-19. Our target population is Calgary area only, homeless persons with symptoms who have been tested in the community and require self-isolation while waiting for results; COVID-infected homeless persons requiring self-isolation while their illness resolves; homeless persons who have symptoms or have come into contact with a known case and don't have a home where they can properly isolate. The ASIS team will provide medical, mental health, addictions, and housing supports in a 24/7 operation of care.

As a part of the multidisciplinary team, the LPN completes clinic and community health duties to ensure our clients are receiving quality and holistic care, practices within their scope of practice. Knowledge of chronic disease, mental health, and substance use as well as familiarity with the homeless serving sector is vital to the role. Willingness and ability to work 12-hr shifts (24 or 36 hours/week), including weekends and overnight awake shifts are required. Shifts and layout of site also require the ability to walk up and down stairs (up to 3 flights) with lots of walking and some heavy lifting. This is a term, part-time position.
