

## **I AM BULLDOG PUPPY GUARANTEE POLICY**

All Bulldogs bred and sold by I AM BULLDOG are accompanied by an accurate, up-to-date medical history. A timetable for the series of vaccinations will be provided on the medical history of the puppy. In addition, the puppy should not be exposed to premises known to be suspected of being contaminated, or by unhealthy animals. At I AM BULLDOG we take our puppies health very seriously and their vaccinations and worming and overall health are of the utmost importance. I AM BULLDOG certifies that at the time of sale and to the best of our knowledge, the said puppy will be free of any congenital birth defects. Our puppies are guaranteed against parvovirus, distemper, and hepatitis, at the time of sale. This guarantee does not include kennel cough which is like the common cold. Kennel cough must run its course, full recovery is expected and on its own is not life threatening. Buyer is aware that Bulldogs are prone to heat stroke and will be responsible to provide an environment that is healthy for their new puppy. Buyer has also researched, is knowledgeable and aware of the common conditions that can be common and typical of developing with a Bulldog along with the veterinary treatments and expenses involved in owning a Bulldog. Feel free to visit [www.bulldogworld.com](http://www.bulldogworld.com) a very informative website for Bulldog owners. The following conditions are not covered in the congenital and hereditary health guarantee: demodectic mange, cherry eye, entropion, loose hips, skin allergies, coccidian, giardia, internal parasites, bacterial or viral infections (other than what puppy has been vaccinated for), elongated soft palate, and nasal snares. The buyer is advised to have this puppy examined by a competent and licensed veterinarian of the buyers' choice within 3 working days to assure them that they have purchased a healthy puppy. This will be done at the buyers' expense. Under no circumstances will I AM BULLDOG be responsible for any veterinarian bills acquired by the buyer for this puppy. Minor, breed related, treatable or correctable conditions, or any condition that may go away or is a condition that the puppy will outgrow and is not life threatening, are not covered.

**I AM BULLDOG DOES NOT GIVE REFUNDS.** We will give a replacement puppy only if any congenital defect or genetic disease is found in the 6 month guarantee period after that as long as all the other health care stipulations are followed in this contract and there are no signs of neglect or abuse of the puppy. The following is required in either of these cases:

1. A written explanation from a licensed veterinarian and backed up with lab work or x-rays to the nature and extent of the problem.
2. A second and confirmed opinion from a vet whom DSK Bulldogs has approved to examine the puppy for life threatening congenital defects and/or neglect or abuse by the buyer.

4. Proof that the puppy was examined by a certified veterinarian no later than three (3) business days after receiving the puppy. If a life threatening genetic disease is found in the six month of age guarantee period and all the above criteria has been met we will replace a puppy of equal value when one comes available. No problems other than life threatening congenital defects are covered in this six month of age guarantee/agreement. If at any time you transfer ownership of this puppy, this agreement is void immediately.

I AM BULLDOG is not responsible for the health of the puppy after the 72 hour period. I AM BULLDOG cannot guarantee that any male puppy will have two testicles. I AM BULLDOG will grant all of its dogs with full breeding rights unless otherwise specified. However, if the dog is unable to breed for any reason I AM BULLDOG is not responsible and cannot guarantee the fertility of a male or female puppy.
