Brandon Monson

Area Manager Team Lead, Regus

Brandon is an Area Manager / Team Lead with Regus, an office space, virtual office, co-working space, and meeting room center in the Wells Fargo building in Downtown Duluth. He made this move after a career in retail management.

Brandon has a passion for helping small businesses grow and develop, values instilled while growing up with his parents, who themselves were small business owners.

“I’m pleased to be able to continue my chamber ambassador role by joining the board. I can continue to be an advocate and cheerleader for small businesses served by the Hermantown Chamber, developing a better business community.”

Brandon and his wife are both children’s ministers at their church. They have two cat fur babies, are currently foster parents and are looking to adopt children of their own someday.

Thanks for your service, Brandon!
