Katie Kaz

General Manager, Miller Hill Mall

HACC Board Member since 2017, Secretary 2019

Katie Kaz moved to Duluth seven years ago to work for Simon Property Group as the general manager of Miller Hill Mall and was very happy to be back in her home state closer to family. She's been working in mall management since 2003 and other previous experience includes work in retail management, hotel/restaurant management, and residential real estate.

She holds a master's of management degree from Purdue Global University, and her undergraduate degree in business administration is from The College of Charleston. Additionally, she continues to maintain her GRI real estate license.

Katie is married and enjoys traveling with her husband and yellow lab, Charlie. In her free time, you'll find her reading, hiking, x-country skiing, biking, back-packing, spending time with family, and indulging in a few of her favorite tv shows.

She is an avid supporter of the business community and believes that all ships really do rise with the tide. One of the many reasons Katie loves working with the Hermantown Area Chamber of Commerce is because it continually strives to foster growth and to provide advocacy of its members in a way that each member feels connected to the business community as we're all part of the same collective effort.

Thanks for your service, Katie!
