## EXCEPTIONAL WORK FORCE

TechCorr's workforce is highly trained, highly experienced, and highly professional. Our inspectors, engineers, and NDT technicians work together closely and understand each other's requirements. The result is solutions that are:

- comprehensive
- reliable
- cost-effective

All of our managers have extensive field experience and therefore provide:

- a realistic perspective of what actually works
- honest insights into the capabilities and limitations of inspectors and inspection technologies.

## OUTSTANDING SAFETY

TechCorr's Safety Program promotes effective worksite-based safety and health.
