

Daily Review Suzuki Piano Book 2

Charts:

Students should do review practice everyday using the following charts. As they become more proficient at their review pieces, they will refine their skills and use increasingly better technique in new pieces. Review practice should be completed before new previews or pieces at home. Once you've mastered a new piece, flip to the next review chart and begin on Day 1 with the new piece included. When you get to the end of each chart, start over.

Each day, you'll do three review pieces with the ABC method of practice. For example, on Day 1, you might do Twinkle A with hands separate at the fast tempo (A), Go Tell Aunt Rhody with hands together at the slow tempo (B), and Long Long Ago with hands together at the fast tempo (C). This way, you'll cycle through all the repertoire you know in a variety of ways each week and retain proficiency as you advance through the book.

Focus On:

As you cycle through your review assignments day-by-day, focus on different elements. Pick one element to focus on at a time:

- Quality of sound and technique over speed
- Curved fingers
- Elevated wrists
- Steady beat
- Good posture
- Accurate counting
- Dynamics
- Phrasing
- Articulation
- Repeats
- Composer name
- Musical era in which composed

Tempo:

Use a metronome in daily practice to ensure a steady beat. You can download a free app on your phone or buy a reasonably inexpensive one in a music store or online. Each piece has a metronome marking at the beginning as a goal. Do not exceed this tempo but the student may go slower, if needed, to ensure control.

ABC Practice:

- A: Hands Separate, fast tempo
- B: Hands Together, slow tempo
- C: Hands Together, fast tempo
