

Frequently Asked Questions

How is league age determined for the Spring season?

League age is determined based on the player's age as of August 31st of the current year

T-ball - 4 years old

Division I - 5 or 6 years old

Division II - 7 or 8 years old

Fall season is based on the division the player will play the following spring season.

What if I want my child to play up or down in a division?

A player cannot play down in a division. A child within 1 year of the division above them is eligible to move up.
