# TakeMe Story

# The Inspiration

Consider all the times you have wanted to book a last-minute ride.

We have all known the frustration when the app is not reliable and takes incredibly long hold times during peak hours. Taking note of such troubles, TakeMe was introduced to be a trusted brand, with drivers whose professionalism far exceeds standards. Takeme holds the torch for being the most spectacular ride-hailing service in KSA which provides transportation services to the people of Saudi Arabia. With the aim to make conveyance easy, and offer a reliable and safe method of transportation.

Our success defines our story. We are navigating our path by redefining the methods and services provided. Empowering the people of the Middle East is the essential key point of our plan. Our customers tell the tales of safety and convenience. We hold ourselves responsible for providing one of a kind commuting experience. Our firm offers top-notch riding opportunities for our customers. Not only this, but we also have a team of most hardworking and dedicated drivers. Takeme hire drivers and allow them to drive after intense scrutiny and evaluation. They are an epitome of trust and professionalism.

# Our Mission

Takeme is a spearhead that provides the best commuting option in KSA. We have cracked the issue of hectic traffic and devised a solution. Our firm aims to achieve a stature of being a savior in times of need. We have revolutionized the field of safe and comfortable online ride-hailing platform. Seeking to achieve perfection and optimum results for our clients is our fundamental mission.

# Our Goals:

It is our essential and chief goal to help the clients to reach on time without any discomfort. Takeme considers the journey to be more crucial than the destination. It holds prime importance for our team to give the best to our customers. We summarize ourselves as:

Easy

Reliable

Safe
