The Abyss seeks to become the deepest tournament in poker history. Players will have an entire starting day without an increase in blinds in order to accumulate as many chips as possible. On day 2, all players will combine and play 1 more 2 hour level at 100/200 200. It will be the last chance for late registration/re-entry, then the tournament plays to a winner.

BIG BLIND ANTE INFO

There will be one single ante posted for the whole table by the player in the big blind. The ante is posted first, and players from any position will be eligible to win the entire ante regardless of chip stack. See Tournament Staff for more details
