**META**vivor exists to sustain hope for those living with stage 4 metastatic breast cancer (MBC). We are a volunteer-led, non-profit organization that funds vital research to help improve the longevity and quality of life for MBC patients. Passionately committed patients ourselves, we rally public attention to the urgent needs of the MBC community, help patients find strength through support and purpose, and make every dollar count as we work with researchers to extend and improve quality of life for MBC patients.
