

# THE MOST ADVANCED

DRAIN ON THE MARKET

## A BEAUTIFUL BLEND OF FORM AND FUNCTION

Blue Square Manufacturing is changing the way the industry looks at drains and debris removal. By blending style and functionality Eclipse™ Pool Drains remove large debris while remaining virtually invisible to the eye. In other words, before you see the Eclipse Drain, the debris is gone.

- Removes large leaves and debris with ease
- Innovative design blends with any pool surface
- Made in the USA
- No more debris getting trapped on the drain
- VGBA compliant single source suction solution

Redefining the pool drain

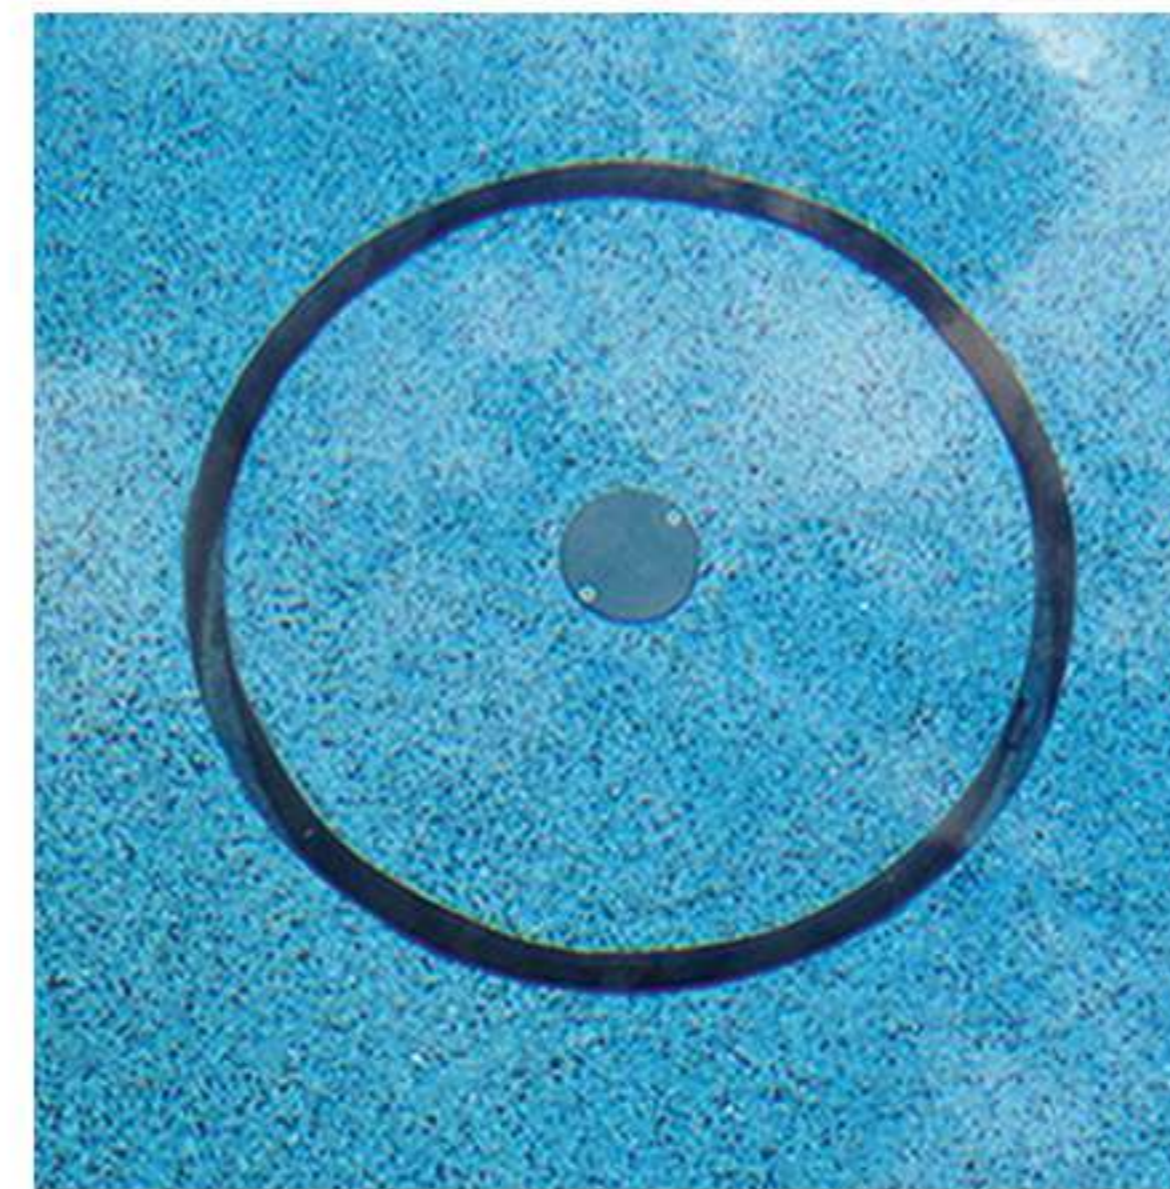

# Eclipse™ Drain

Redefining the pool drain

## REDEFINING THE POOL DRAIN

- Circular design fits any pool shape and style and blends into most any pool surface
- Single source suction - meets all industry anti-entrapment safety regulations (VGBA and ANSI 16 compliant)
- Flush design means robot cleaners won't get stuck
- No stubbing toes
- Great for spas and catch basins
- Comes in two colors (white or gray)
- Compatible with 2" or 2<sup>1/5</sup>" plumbing
- Optional hydrostatic valve for high water tables
- Made in the USA
