

Fairview Urgent Care is proud to be the only urgent care center within the state of Georgia to offer SalivaDirect to the Ellenwood community!

## Covid-19 Saliva Testing is Now Available in Your Community!

No Nasal Swab Required!  
**It's called SalivaDirect**

*Results back within 12-24 hours!*

It's the latest technology that we offer as an option for testing to see if you or a loved one has Covid-19.

It's quick and painless. SalivaDirect only requires a small saliva sample. People basically have to spit into a small container. The container then gets sent to the laboratory for results to be processed.

Teleheath virtual visit is required prior to all covid testing, and is simple to schedule from your phone, tablet, or laptop.

Covered by Most Insurances.

**Know for certain in order to begin treatment, quarantine, and to notify co-workers and others in contact with.**

**Call Today (770) 507-7950**  
or visit our website to easily schedule an appointment.

**HOURS** Monday-Friday: 10am – 8pm | Saturday: 10am-5pm | Sunday: 11am-5pm

4475 West Village Parkway | Ellenwood, GA 30294 | P: 770-507-7950 | E: fvstaff@luthuligroup.com
