RAMBO: FIRST BLOOD PART II

and

James Cameron
FADE IN:

OPENING MONTAGE - DAY

The film opens with a brief MONTAGE of "First Blood," culminating in the police station... Rambo is confronted by Trautman, who tells Rambo his personal war is over.

RAMBO
Nothing is over!!!

EXT. ROCK QUARRY - DAY

A massive explosion that blows dust into the SHOT OF THE SUN. PANNING DOWN, we are at a quarry where twenty-five hardened criminals are slowly revealed by still MOVING CAMERA. All the well-built men wear the same federal prison clothing. Most wear tattered tank tops with a large "P" stenciled on the back... Five armed guards watch over the convicts.

We finally PAN ACROSS the rising and falling of picks and shovels, ARRIVING on a wide back with an array of scars. SLOWLY MOVING UP the back, we reveal RAMBO swinging a sledge hammer onto an iron wedge sunk into the white rock quarry.

Rambo continues to pound away with deft strokes, finally splitting the rock. He lets his hammer rest at his side and turns to look up at the nearest guard. He nods. The guard nods back and Rambo turns and moves to a water bucket.
He waits for a black convict to finish drinking out of a ladle that is attached to a large bucket.

CLOSEUP - RAMBO

drinking and pouring a ladleful over the back of his neck.

VOICE

John Rambo?

Rambo looks up at a pair of PRISON GUARDS whose faces and bodies are nearly indistinguishable because of the bright sun that backlights them with a hellish glow.

PRISON GUARD

Follow me...

EXT. ROCK QUARRY - DAY

Rambo is led toward the top of the quarry, flanked by the two Prison Guards, passing the prisoners working away...

Suddenly, TRAUTMAN steps into view, blocking Rambo's path.

TRAUTMAN

How've you been, Johnny?

Rambo nods and stares into Trautman's eyes. The silence is shattering.

TRAUTMAN

(continuing, to the Prison Guards)

That's all... Thanks.

The Guards move off.

Rambo continues his stare. Trautman, a little uncomfortable, continues.

TRAUTMAN

(continuing)

I'm sorry you were sent to such a hellhole.

RAMBO
Seen worse.

TRAUTMAN
You have... haven't you...

RAMBO
Yeah.

TRAUTMAN
Johnny... I told you I'd help you when I could... you interested?

Rambo looks off at the distance, watching the Guards hang around off to the side.

TRAUTMAN
(continuing, taken aback)
You can't possibly want to stay in prison for another five years?

RAMBO
... In here I know where I stand.

TRAUTMAN
Hear me out first. A covert operation is being geared up in the Far East. The computer dug out your name as one of the top three able to accomplish the mission.

RAMBO
What mission?

TRAUTMAN
Recon for P.O.W.'s in Nam.

RAMBO
Why me?

TRAUTMAN
The prison camp you escaped from in '71 is the target area -- no one knows that terrain better than you. The risk factor is very high.
You'll be temporarily reinstated in the forces; and if the operation is successful, there may be a Congressional pardon... are you in, John?

Rambo's eyes turn into Trautman's. He nods his acceptance.

TRAUTMAN
(continuing)
Good. I'll get the necessary clearances, and the next time we'll meet, it'll be in Thailand with Special OP's designate who will honch the operation. All clear?

Trautman shakes Rambo's hand and starts to turn away.

TRAUTMAN
(continuing, pausing)
I want you to know I did what I could to keep you out of here.

Rambo nods... He believes him...

RAMBO
I know.

Trautman starts to leave.

RAMBO
(continuing)
Sir... Do we get to win this time?

TRAUTMAN
This time it's up to you.

Trautman studies Rambo's calm expression.

Trautman nods, leaving Rambo with a sense of miraculous rebirth.

DISSOLVE TO:
EXT. BKK (BASE CAMP LOC.)

Golden Buddha -- CRANE UP to helicopter as it flies by overhead.

CREDIT SEQUENCE - SUNRISE

The SOUND OF A CHOPPER is heard and slowly the chopper's blades slash INTO VIEW. The chopper first moves across the city of Bangkok, then past the canals... It passes over temples, farmland and oxen. Over rice paddies and ascends into the clouds hovering above the vast rain forests.

INT. JET RANGER - DAY - SUNRISE

Rambo gazes out the window.

EXT. THAILAND JUNGLE AND RICE FIELDS - SUNRISE

In a rollercoaster movement, the chopper clears the mountain top and descending through the morning haze, we see below a military base once used during the war. It still has several buildings standing and hangers line an airstrip. The majority of base is Thai Army with the far end being reserved for American military.

EXT. BASE CAMP - DAY

Rambo's chopper lands in a fury of dust and he exits. His hands are cuffed. Behind him is an M.P. Rambo is greeted by a sharp-featured American dressed in half-military, half-civilian. The chopper cuts its engines. ERICSON speaks with an air of worldly confidence...

ERICSON
You can take them off.

Rambo studies Ericson with a raking glance. The cuffs are removed...

ERICSON
How ya doing, Rambo, I'm Ericson.
We better make it over to the hanger.

Rambo follows along.

ERICSON
(continuing)
So you're the chosen one. You don't remember me do ya? We were in boot camp together in '63. You went Forces, I went Rangers... haven't been stateside since '72. Plenty of work here.

They move towards the hanger. Active military personnel head in a multitude of directions. Many are taken aback by Rambo's strange appearance.

ERICSON
(continuing)
You've made a hell of a rep back in Nam. Anyway, I'm glad to be workin' with ya, and... this place may not be heaven, but at least you're out of prison.

RAMBO
... Am I?

INT. HANGER - DAY

A section of the hanger turns out to be a HUMMING electronic womb. Rambo and Ericson enter.

ERICSON
Pretty soon we'll all be out of a job. Somebody oughta blow it to hell and keep fightin' simple.

In the subdued light, banks of video monitors glow, and the status light of upright computer units line one wall. Work stations for tracking, communications, and long-range coordination create a claustrophobic jumble of modular equipment racks.
Rambo and Ericson walk towards the center of the hangar as a few TECHNICIANS stare at Rambo's unkempt, almost savage appearance from several yards away.

TECH #1
What's that?

TECH #2
He's the one going in?

TECH #1
Going in? He looks like he just came out.

Ericson enters first, followed by Rambo. At the far end of the dark, voluminous hangar is Trautman. Next to him is MARSHALL MURDOCK, a robust thick-set man. Murdock, dressed in his white shirt and half-undone tie, looks like a displaced corporate type. In the corner is another mercenary named LIFER. Lifer is unnerving in his silent attitude and ever present sunglasses.

Murdock sweats profusely in the Thailand heat. He speaks with a relaxed smoothness with whomever he is addressing. Murdock has a makeshift office set up at the rear of the hangar.

As they approach Trautman and Murdock:

TRAUTMAN
(stepping forward)
There he is -- 'morning, John.

RAMBO
... Sir.

TRAUTMAN
This is Marshall Murdock, he is in charge of special operations from Washington.

Rambo nods and shakes his hand.

MURDOCK
Thank you, Colonel; I've been looking forward to meeting you. So how was the trip -- no problem?

Rambo shakes his head "no."

MURDOCK

(continuing)
None except for this damn heat, right? Never felt anything like it. Anyway, let's get down to business -- Rambo, I glanced through your files and I must say it provided interesting reading.

(he opens a folder)
Rambo, John J., born 7/6/47 Bowie, Arizona of Indian-Italian-German descent. Joined army 8/6/64. Accepted, Special Forces specialization, light weapons, crossed-trained as medic. Helicopter and language qualified -- 59 confirmed kills --

Ericson eyes Rambo, who remains impassive.

MURDOCK

(continuing, reading)
... two Silver Stars, four Bronze, four Purple Hearts, Distinguished Service Cross, and the Medal of Honor... You did get around, didn't you... incredible. Now you're probably aware that there are still nearly twenty-five hundred Americans missing in action in Southeast Asia. Most of these boys are presumed killed. But to the League of Families -- Congress, and to a lot of Americans, it's still a very emotional issue.

(to Ericson)
Get me something cold, please.
Ericson opens a Coke machine by turning the key that is in the front of the machine and reaches inside.

MURDOCK
Rambo, you certainly don't know as much about me as I do about you, but I was honching with the Second Battalion, Third Marines at Kom Tum in sixty-six and lost a lot of good men, so I know what you and every Vet feels. Maybe the government didn't care, maybe certain sectors of the public didn't care but my committee cares. It may have been a bad war, but the men weren't bad.

Rambo nods.

TRAUTMAN
So what his committee needs is conclusive proof that Americans are being held.

Murdock presents Rambo with a photograph.

MURDOCK
(overriding)
And once done, you can be assured we'll get our men back...

(rapidly)
If there's any of our men left at the P.O.W. target camp you'll confirm their presence by taking photographs.

RAMBO
Photographs?

MURDOCK
Just photographs. Then you turn those photos over to me.

RAMBO
(to Trautman)
I'm supposed to leave them?

Murdock
(to Ericson)
Not exactly -- the phrase two Delta
Force assault team led by Colonel
Trautman will handle the extraction.

Murdock steps up and is backlit as he confronts Rambo. He
shakes Rambo's hand.

Murdock (continuing)
Anyway, I want to say that with your
participation I feel this mission
has a better than average chance of
succeeding where others have
failed... I'll meet you both at the
operations center in one hour.

Murdock and Ericson exit.

Rambo stares at him exiting. The tension is broken by
Trautman's voice.

Trautman
Let's move.

Ext. Hanger - Day

Trautman and Rambo pass a tent-like camouflage canopy
under which an all-black Agusta 109 helicopter squats
ominously. It has no markings and contents of which are
screened from view. LIFER is attending to the chopper.

Trautman
From Thailand, across Laos, into the
mountains of Vietnam to the drop
zone. You'll be flying a ceiling of
250 feet when you bail out, can you
handle it?

Rambo
Give it a try --

TRAUTMAN
The code name for the insertion and extraction flight team is "Dragonfly"; home base "Wolf Den," your code name if "Lone Wolf." Since you're going solo, you are going to have to rely upon more equipment than you've ever used before, and use it -- so what I'm sayin' is, don't try the "blood and guts" routine, let technology do most of the work. If you need assistance, call for it.

RAMBO
Let your fingers do the walking.

TRAUTMAN
(smiles)
... Affirmative.

They head out of the canopied area and back toward the hanger. Rambo glances over his shoulder at an ultra-modern supersonic jet painted black.

TRAUTMAN
(continuing)
... There's your ride.

INT. HANGER - DAY

Rambo and Trautman enter. Rambo looks around curiously at all the electronic equipment.

TRAUTMAN
All of this is for you.

Murdock, Ericson and Lifer approach from the rear of Rambo and Trautman.

MURDOCK
Impressed?
Rambo looks around.

MURDOCK
(continuing)
Besides the monitoring devices you see here, you'll be issued every ultra-modern piece of equipment to insure your safety.
(gestures at the humming equipment)
Rambo, you can feel totally safe because today we have the most advanced weapons in the world available to us.

RAMBO
I believe the mind is the best weapon.

MURDOCK
... Times change.

RAMBO
For some people.

ERICSON
... Amen.

Ericson smiles and continues to walk. Lifer watches Rambo with casual indifference, as if trying to size him up.

MURDOCK
This is true -- Don't let me interrupt, Colonel --

Rambo gazes around as if in another world.

TRAUTMAN
Upon insertion, call in to base camp by Transat -- proceed to Point Hawk September for rendezvous with ground contact -- indigenous agent Co Bao.

Glances at Rambo who appear oblivious to the Colonel's
instructions. Murdock speaks to Trautman but does not think Rambo can overhear him.

MURDOCK
Is he listening?

RAMBO
(softly)
... Indigenous agent Co Bao.

Rambo gives him a cold stare and heads outside.

MURDOCK
Colonel, are you sure he's not still unbalanced from the war? We can't afford to have anyone involved who might crack under pressure in that hell.

TRAUTMAN
Pressure? Let me just say that Rambo's the best combat Vet I've ever seen. A pure fighting machine with only a desire, to win a war someone else lost, and if winning means he has to die, he'll die. No fear. No regrets... one more thing... what you choose to call "Hell", he calls home.

Trautman walks away. Murdock shoots Lifer a meaningful glance. Ericson notices this.

TIGHT ON TURBO JET INTAKE - NIGHT

A black maw. The vanes begin to turn. The rising WHINE becomes a STEADY ROAR.

INT. RAMBO'S QUARTERS - NIGHT

In the darkened room, Rambo's presence is highlighted by shadows as he intently sharpens his knife. EXTREME CLOSEUP on Rambo's eyes then the blade as it drags across the grinding stone.
ON PEREGRINE - WIDER

as the blue FIRE ROARS in the exhaust throat.

INT. RAMBO'S QUARTERS - NIGHT

EXTREME CLOSEUP of what appears to be boots being tied on.

EXT. PEREGRINE - NIGHT

Under the beams of floodlights a ground crew smoothly but quickly removes a fueling hose.

INT. RAMBO'S QUARTERS - NIGHT

Rambo is looking down the telescope and sight of an assault rifle.

EXT. PEREGRINE - NIGHT

The pilots, one being Ericson, go through an equipment check in the cockpit...

CLOSEUP OF CONTROL PANEL, LIFER

INT. RAMBO'S QUARTERS - TIGHT ON RAMBO'S HANDS - NIGHT

as he pushes .45 hollow point slugs into a clip and jams the .45 which the CAMERA FOLLOWS PAST his face and INTO his holster...

INT. HANGER TENT - NIGHT

Everyone sits at their respective stations -- tension penetrates the room. Murdock is flanked by a pair of army communications TECHNICIANS.

LOUDSPEAKER

D-minus 10 minutes.
Murdock remains expressionless.

INT. RAMBO'S QUARTERS - TIGHT ON KNIFE - NIGHT

A CLOSEUP of the knife being picked up and placed in the sheath.

INT. JET COCKPIT - NIGHT

Ericson is making some final equipment checks on the dashboard.

ERICSON
The Prince of Darkness.

LIFER
What?

ERICSON
That was his nickname in Nam -- 'Prince of Darkness'. At night he'd go out alone and hunt Cong, then come back at dawn... no questions asked. Man has style.

EXT. AIRFIELD - NIGHT

DOLLYING before Rambo and Trautman. Blue and red taxi lights send strobe flashes of color across their faces as they approach the aircraft. He is burdened by what seems to be a mountain of high-tech military communications equipment.

TRAUTMAN
Thirty-six hours to get the hell in and out, so don't stop to smell the roses, okay? If there is any trouble, try like hell to get to the Hawk September extraction sight marked on your map.

Rambo nods "yes".
ERICSON
(yells above the roar)
Ready to roll, Colonel.

TRAUTMAN
Good luck, son.

RAMBO
(low, but hard)
Remember when Murdock said he was with Second Battalion, Third Marines at Kom Tum in '66...

Trautman nods.

RAMBO
(continuing)
The Second Battalion was at Kud Sank.

Trautman lets that sink in then pats Rambo's shoulder. A relaxed Lifer helps Rambo aboard.

LIFER
All set?

RAMBO
Yeah.

LIFER
Let's go.

Ericson gives Rambo a "thumbs up" gesture... Rambo returns the gesture.

EXT. AIRFIELD - NIGHT

The aircraft hurtles down the runway, gathering speed. The nose picks up. It clears the end of the runway and then the treeline by a few feet.

EXT. AIRFIELD - NIGHT
Trautman watches the jet start its takeoff and slowly ascend into the night.

Murdock steps INTO FRAME next to him.

    TRAUTMAN
    Think he'll find someone?

    MURDOCK
    P.O.W.'s... doubtful... but there's people to satisfy. Questions that have to be answered.

    TRAUTMAN
    You don't sound too emotional about it.

    MURDOCK
    It wasn't my war, Colonel. I'm just here to clean up the mess.

Murdock looks up at the sky and reports as Trautman continues to watch the plane disappear into the night.

EXT. PEREGRINE - NIGHT

A sleek silhouette above the moonlit forest, the jet flashes across the rolling terrain just above the treetops.

INT. COCKPIT - NIGHT

Ericson uses HUD (Heads Up Display) that reflects the instruments off the front windshield. This device permits a pilot to fly without ever having to look down at his instruments.

INT. PASSENGER COMPARTMENT

Rambo checks his equipment, preparing for the jump.
INT. HANGER - NIGHT

Murdock and Trautman are hunched at the main console.

TECHNICIAN
AWACS two-five has acquired. They are holding time line... Affirmative Wolf Den... Over.

INT. HANGER - NIGHT

Trautman watches the glowing dot representing the jet crawling almost imperceptibly across a computer generated grid map of Central Laos. It is reflected in his eyes.

EXT. PEREGRINE - MOVING WITH IT - DAWN

as it slices through a twisting canyon like a knife. As it slithers between mountainous flanks -- still moving incredibly close to the earth's contour.

INT. PASSENGER COMPARTMENT - DAWN

Rambo methodically checks his burdensome pack and harness, seemingly oblivious to the insanity outside.

ERICSON (V.O.)
(filtered)
Back in the Badlands, my man.

Even the impassive Rambo is affected as he realizes he is back "in country." Lifer holds on to the side of the plane's interior as he moves to his position at the exit door.

LIFER
... Party time.

ERICSON (V.O.)
Stand by your position -- insertion, minus fifteen seconds.

Rambo unbuckles and half-crawls to the open door.
EXT. PEREGRINE (GROUND TO AIR) – DAWN

INT. PASSENGER COMPARTMENT

The ready light changes from red to yellow. Rambo hooks up his static line.

      ERICSON (V.O.)
      Five seconds, four, three, two.
      Jumper away.

Read light turns to green.

Rambo is gone.

EXT. PEREGRINE – DAWN

Rambo's static line suddenly gets hung up. His equipment is tangled and Rambo is being dragged through the sky.

INT. COCKPIT – DAWN

An ALARM SOUND and Ericson nearly jumps up.

      ERICSON
      (into mike to Lifer)
      Shit! What's happening?

INT. HANGER – DAWN

All present hear the transmission from Ericson.

EXT. PEREGRINE – DAWN

Rambo's helmet is torn off by the incredible wind velocity. Rambo can no longer breath.

INT. PASSENGER COMPARTMENT – DAWN
Lifer tries to free Rambo's entanglement from the inside but cannot.

LIFER
He's hung up!

ERICSON
He'll be torn apart!!

INT. HANGER - DAWN

Murdock has the headset on.

TRAUTMAN
What's happening?!?

INT. JET

ERICSON
(filled with panic)
Condition Red! He's hung up!!

INT. HANGER

MURDOCK
What do you mean "hung up"?!

ERICSON
He's being dragged! Lifer cut him loose.

LIFER
Can't reach him! -- pull out before we get killed!!

EXT. PEREGRINE - DAWN

Rambo manages to grasp his knife and with his other hand pulls a strap away from his body and cuts it... a pack of equipment blows away... Along with it, his rifle...
INT. COCKPIT - DAWN

POV of mountains approaching.

INT. COCKPIT - DAWN

Ericson eyes the radar screen.

MURDOCK (V.O.)
Ericson, abort mission! Pull out!

ERICSON
It'll kill him to change course!

INT. PASSENGER COMPARTMENT - DAWN

Lifer looks out, seeing the mountains.

LIFER
Pull out you bastard! Climb!

EXT. PEREGRINE - POV - DAWN

The mountain range is dead ahead on a collision course.

EXT. JET - RAMBO - DAWN

Rambo cuts the second strap and more equipment disappears.

Rambo strains to wedge his body forward and in a final effort breaks free of the jet.

EXT. JET - RAMBO

Rambo falling away from the plane.

INT. PASSENGER COMPARTMENT - DAWN

Lifer is being ravaged by the DEAFENING ROAR and the wind force, and shields his eyes as he watches Rambo break free.
LIFER

He's out!

EXT. PEREGRINE - DAWN

The jet veers skyward.

INT. COCKPIT - DAWN

ERICSON
(to himself)
... Out where?

EXT. SKY

Rambo falls. His chute explodes open.

EXT. SKY - DAWN

CLOSEUP of Rambo as chute opens.

RAMBO'S POV

of ground approaching.

RAMBO

approaching the treetops and disappearing through them.

RAMBO

hits the ground and rolls down slope.

RAMBO

stops rolling by hitting a massive tree trunk.

EXT. JUNGLE - DAWN

Foreboding darkness is everywhere. Furtive. Timeless. Rambo is lying on his side, badly shaken. He looks around
to get some sense of bearing and then begins to gather in his chute.

INT. PEREGRINE - DAWN

Ericson and Lifer in cockpit.

ERICSON

What's happened back there?

LIFER

... Malfunction.

Ericson eyes him.

INT. HANGER - DAY

The chief TELECOM TECH turns to Murdock.

TECHNICIAN

Nothing's coming in from Rambo.

TRAUTMAN

Dragonfly, this is Wolf Den, over. Dragonfly, do you read?

ERICSON (V.O.)

This is Dragonfly One, over.

INT. PEREGRINE - DAY

Ericson and Lifer head homeward.

TRAUTMAN (V.O.)

Any visual bearings?

ERICSON

... Negative.

INT. HANGER - DAY

Trautman looks at Murdock.
ERICSON (V.O.)
We didn't see anything.

EXT. RAIN FOREST - CLEARING - DAY
Rambo squats, studying his waterproof map. He checks his compass in the knife's handle. After a quick look around, he gets to his feet, and slips into the jungle.

EXT. RAIN FOREST - DAY
Rambo moving through the jungle.

INT. HANGER - DAY
Trautman stands with Murdock.

MURDOCK
Maybe the smart thing to do is abort the mission now before there's any more complications. I mean who could've survived something like that?

TRAUTMAN
He's got to be given the benefit of the doubt. He has 36 hours to carry out the mission and reach the extraction site, we owe him that.

MURDOCK
... Of course we do -- but understand in 36 hours we pull out.

EXT. RAIN FOREST - DAY - LATER
Rambo heads quickly up a steep trail over the ridgeline above.

FOLLOWING RAMBO - HAND-HELD - DAY
as he moves along a narrow game trail. Shapes loom out of the mist, revealed as harmless trunks of vines only at the last second.

EXT. JUNGLE - DAY

Rambo is half running along, then pauses... He hears MOVEMENT and freezes. In one deadly movement he whips the knife around and a SLICING SOUND is heard... Turning around he sees the suspended body of a decapitated writhing snake hanging from a branch... He replaces his knife and moves on.

EXT. HILLSIDE - DAY

Running to the top of the rise, the trail opens out onto a plateau-like cleared area.

Rambo pauses to catch his breath.

Ahead, wreathed in vines, looms from the mist, the ruins of a Wat.

WIDER

as Rambo walks into the atrium of a ruined "Wat," or Buddhist temple.

EXT. RUINS OF WAT - DAY

Serene despite the ravages of centuries, two stone Buddhas sit flanking the stairs to the ruined temple. Trees and vines all but obscure the cracked and tumbled forms of ornately carved walls.

The central courtyard is open to the sky. Spire-like structures are dimly visible in the fog beyond.

Moving in the shadows, Rambo walks through the ruins noiselessly. Rambo senses movement and lunging to the side draws his pistol and goes into a combat ready stance. The figure in the undergrowth takes shifts position. Rambo takes up a new position. What appears to be a Viet
soldier shifts position again; likewise Rambo.

EXT. WAT - DAY

Rambo moves with surprising grace through the undergrowth... His quarry also moves with amazing swiftness... This chess game goes on for several more moves.

EXT. WAT - CLOSEUP - STRANGER - DAY

We are not able to distinguish any recognizable features. One thing for certain; this person is carrying an AK-47 rifle...

The stranger turns and brings the rifle into view.

Rambo's knife slashes into view... He jerks the soldier's head back, preparing to cut his throat... The stranger's hat falls off and long hair tumbles out.

CO
(Viet/subtitled)
Don't kill me!

Rambo freezes and beholds a diminutive Vietnamese WOMAN of about 28. She is absolutely beautiful, wide wide, expressive eyes and a strong but sensuous mouth which is now parted in frozen fear.

CO
(continuing, Viet subtitled)
Let me go, please!

RAMBO
(Viet/subtitled)
Who are you?

CO
(Viet/subtitled)
Co Bao -- Are you the one they send? Rambo?
Rambo nods.

CO
(continuing)
I was hiding -- you did not come on time. I thought you one of mercenaries still here. You did not expect a woman, no?
(in broken English)
Better speak English, yes?

Rambo nods... Co rises and stands before Rambo, almost a head shorter than him. Her lithe figure is not entirely concealed by her loose black "pajamas."

RAMBO
We better get moving.

CO
Yes, we go to river...
(they start off)
Why you so late?

RAMBO
(dryly)
... Got hung up.

EXT. RIVER TRAIL - DAY

With Co leading the way through a maze of aimless game trails, she and Rambo make their way parallel to a modest river, the Ca.

CO
I have arranged transportation down river -- old routes not safe.

Rambo studies her face.

Then they move off.

EXT. RIVER - MARSHY INLET - DAY
Crudely fashioned hut of corrugated sheet metal and bamboo walls among the naked tree roots in a brackish inlet off the main river. Out on the edge overhanging the river are two men, drunk and loudly speaking. Possibly two of the most misbegotten specimens ever seen. Modern day pirates.

They suspiciously eye Co and Rambo as they approach from along the riverbank. Exchange a few quick syllables, and Co turns, motioning Rambo forward into the hut.

CO
Salt of the earth, yes?

RAMBO
Pirates?

CO
Best way down river -- not get army suspicious.

INT. PIRATE HUT - DAY

The sunlight filters into the dusty, dark hut, which is nothing more than a den of eight incredibly vicious-looking thieves... most of them drink and smoke... two worn-out river whores are present.

Every conceivable space is crammed with scavenged or looted detritus: ammo cases, hubcaps, radios, a TV with no back, several guns, and a shotgun is seen among the junk. Some of the pirates are smoking opium.

Wearing all manner of jewelry, including four wristwatches and a pair of filthy Western-style jeans a size too large, CAPTAIN TRONG KINH grins and motions them in.

The grin reveals bare gums where his upper front teeth would be.

KINH
(Viet/subtitled)
Wa-ky number one. You come number one sampan.
CO
(Viet/subtitled)
Thank you, Captain, for your hospitality.

KINH
(Viet/subtitled)
This is the man who wants to go down river.
(laughs)
You speak Viet?

Rambo pretends like he is ignorant.

CO
He does not understand.

KINH
(Viet/subtitled)
You have money?

CO
Half now... half later.

Co hands over a wad of American money... Kinh smiles but is not happy about the financial arrangements and barks some commands to the lounging pirates.

KINH
(Viet/subtitled)
We leave now. It's safer --
(he offers Co a drink from the bottle)
... Want a drink? Good for you.

He smiles, and starts out the door.

EXT. SAMPAN CABIN - DAY

Rambo, Co and two of Kinh's cronies sit in the dim interior.

KINH
You stay here -- you want a drink?

He offers the bottle again... Co shakes her head no.

RAMBO
What about patrol boats?

Co looks at Kinh who smiles and opens a greasy wooden locker and takes out Russian-made R.P.G. rocket launchers...

INT. SAMPAN - KINH - DAY

Kinh returns the weapon to the locker and smiles at Co.

KINH
We will have no problems.

He laughs and exits.

INT. SAMPAN - RAMBO - DAY

Rambo faces Co.

CO
You want to rest?

They speak English which has the pirates staring curiously. Rambo shakes his head "no."

CO
(continuing)
That settles that -- we eat, yes?

Co pulls a food tube off her shoulder, she unrolls the rubber tree leaves and exposes some rice. Rambo takes the rice on the side of his knife.

CO
(continuing)
You're welcome.

RAMBO
(reddens)
... Want it back?

CO
No, you eat -- How you get into this?

RAMBO
Long story.

CO
Long ride.

Rambo shakes his head "no."

RAMBO
How about you?

CO
My father work for intelligence agency -- He killed, and I take his place -- Too much death here. Death everywhere... I just want to live, Rambo. What you want?

Rambo shrugs.

RAMBO
... To win, to survive.

CO
... To survive.

Rambo nods.

CO
(continuing)
Not so easy to survive here -- Still war here.

RAMBO
... To survive war, you have to become war.

CO
That why they pick you because you
like to fight?

Rambo shakes his head "no."

RAMBO
... I'm expendable.

CO
Ex-pend-a-ble?

RAMBO
Know what it means?

CO
Don't tell me... It mean if you invited to party and you do not show up, it does not matter? Yes?

Rambo studies her face and slowly nods. Rambo looks at the medallion around her neck.

CO
(continuing)
It bring me good luck -- What bring you good luck?

Rambo slowly reaches down and wraps his fingers around the butt of his knife then glances over at the lounging pirates... Co gathers his meaning.

EXT. CA RIVER - DUSK

The water is coppery, silhouetting the sampan as it glides down the river.

INT. HANGER - MURDOCK'S OFFICE SECTION - DAY

Murdock sits behind his desk. Lifer sits in the corner nearby drinking a soda... Trautman enters... Murdock looks up. Ericson is present.

TRAUTMAN
Any further reports?
None so far.

I want to go out with the extraction team at dawn.

Denied.

Denied?

It's too dangerous.

He deserves a chance.

Lifer eyes Ericson and exhales out his cigarette smoke.

Colonel, we're a team here. It's everyone's worry -- I just think all things considered it's an unnecessary risk.

We have a schedule to keep.

With who? We don't even know if Rambo's alive.

The odds are against it.

Look, you said we go through as planned.

But, if you want to go through with it, we will!

(to Ericson)
The Colonel will be joining the extraction team... You're a good man, Trautman.

Tautman gives him a curious look and exits.

EXT. SAMPAN RIVER - DUSK

The Sampan glides toward the shore. The pirates prepare for landing.

EXT. SAMPAN RIVERSHORE - DUSK

Rambo and Co appear on deck, ready to disembark. They jump off the boat, landing in water about knee deep and head toward the jungle.

CO
(to Kinh)
You wait here... We come back, then pay rest...

EXT. FOREST - DUSK

Rambo and Co move through the forest... DISSOLVE to a different elevation and ANGLE as they continue to travel.

EXT. SWAMP - NIGHT

EXT. PRISON CAMP - NIGHT

As they reach a clearing rise, CAMERA BOOMS UP over the shoulder of the embankment to reveal an extraordinary compound beyond... dark, except for the moonlight.

EXT. PRISON CAMP - RAMBO'S POV - NIGHT

Rambo and Co watch from concealment in the foliage.

EXT. PRISON CAMP - RAMBO'S POV - NIGHT
Looking between leaves, scanning the prison camp.

Two guard towers are uniquely built into trees that grow diagonally at opposite corners of the compound. There is a maze of rolled barbed wire on wooden posts enclosing the area and a main gate with a sentry box, that is built into the hollow of a tree.

Three wooden barracks form a U, around the large but concealed opening in the side of a rock formation. All this can be near a riverbank or swamp. The camp is totally original in its oppressive design, and contrary to the way most prison camps are depicted in bright open areas. This one is dark and recessed into the hellish terrain.

CO (O.S.)
... Looks empty.

EXT. PRISON CAMP - RAMBO AND CO - NIGHT

CO
We should move closer.

She starts to move and almost steps on a booby trap but Rambo places a hand on her shoulder to stop her.

EXT. PRISON CAMP - MAIN GATE - NIGHT

A young woman on a Lambretta scooter pulls up to the entry shack.

EXT. PRISON CAMP RAMBO AND CO - NIGHT

They listen to the conversation (in Vietnamese). Co says:

CO
Cyclo-girl whore from village.
Business slow there.
(listens more)
She makes him good deal... very good deal.
The guard opens the gate and the girl goes inside.

Now Rambo picks up his cylindrical pouch and opens it. He pulls out a collapsible bow.

CO
What is it?

RAMBO
A bow -- no sound.

CO
That all you have?

CUT TO:

The tower guard now converses with another guard passing beneath the tower.

Rambo has completed assembling the bow.

Rambo screws on a vicious-looking razor-sharp arrow-head.

CO
You not going in there? -- But I thought you were supposed only to take pictures.

Rambo rises.

CO
(continuing)
What about orders?

RAMBO
Out here orders stop and people start.

CUT TO:

EXT. PRISON CAMP - RAMBO - NIGHT

DOLLYING with Rambo at ground level as he crawls to the wire. And leveraging his knife against the edge of the post and rusting barbed wire, slices through the metal.

EXT. PRISON CAMP - CO - NIGHT

MOVING with Co as she belly crawls to the edge of the cleared area, just a few yards from the wire. She is right under the guard tower, hidden among the ferns.

EXT. PRISON CAMP - GUARD TOWER - NIGHT

The guard sits in a bored fashion and stares at nothing in particular.

EXT. P.O.W. BARRACKS - NIGHT

Rambo crawls to door of P.O.W. barracks, looks, opens door and looks into empty room.

RAMBO'S POV OF EMPTY P.O.W. BARRACKS

all grown with vegetation.

EXT. PRISON CAMP - NIGHT

He reaches the guard building. Hugs it. Carrying only the bow and a quiver of arrows he moves like a snake. Rambo raises one eye slowly over a window ledge. Inside several guards sleep soundly under mosquito netting. Their rifles are stacked against the far wall.
EXT. UNDER GUARD BARRACKS #2 - NIGHT

MUSIC is heard. MOVING with Rambo as he moves along the shadows.

He freezes as a light is snapped on. It streams down through cracks between the slats. Moving very slowly, Rambo squints through a gap.

EXT. UNDER GUARD BARRACKS #2 - RAMBO'S POV - SGT. TAY - NIGHT

TAY picks up a warm bottle of beer and opens it. The foam now runs onto the floor. The cyclo girl sits in the b.g. He pushes her toward a cot and barks something in Vietnamese.

The light snaps off. Rambo moves on.

EXT. REAR VINH'S QUARTERS - NIGHT

as Rambo crawls under a hammock stretched between the barrack and rock with someone sleeping in the hammock.

EXT. PRISONERS' CAVE - NIGHT

Rambo moves to the cave-like entrance and moves several feet into the recess of the cave.

INT. PRISONERS' CAVE - NIGHT

Once inside he removes a thin flashlight and directs its thin red beam toward the SOUND OF LABORED BREATHING. He sees a large bamboo cell built into the moldy wet cave. He moves closer and sees --

INT. PRISONERS' CAVE - NIGHT

Five American P.O.W.'s are seen through the bars. They are gaunt, scabrous. Dressed in ragged peasant clothes
too small for them.

One man, bathed in sweat, moans and tosses with malarial fever. Another is wrapped so tightly in a fetal position his face is between his knees.

They sleep on mattresses of rubber leaves... Rats move among them.

INT. PRISONER CAVE - NIGHT

Rambo hears GROANING SOUNDS coming from the darkness outside the cave, he moves toward it.

EXT. P.O.W. CAMP - CROSS - NIGHT

Outside of the cave and nestled near a pigsty, is a PRISONER suspended from a bamboo cross. He is ghostly white; a living skeleton... His wrists are clamped in a wooden stock. Blood runs down from abraded sores. He opens his eyes when Rambo touches his broomstick neck, feeling for a pulse.

His lips are parched and there is a horrible bruise around one eye. Rambo moves to him.

    RAMBO
    Come to get you out --

The Prisoner manages to raise his hand, opens his eyes a little more.

    PRISONER
    ... You American?

Rambo quickly cuts the lashings on the bamboo cross.

    RAMBO
    Don't talk -- don't move.

Rambo hoists his gaunt frame over his shoulder and heads off in a crouching run.

    BANKS
There are others --

RAMBO
... We'll come back.

EXT. BRIDGE - LOW ANGLE GUARD #1

We pan up to him reacting to a noise. He turns on his search light and pans it slowly across the camp.

EXT. BRIDGE - HIGH ANGLE OVER SHOULDER GUARD #1 - NIGHT

The search light pans the camp and stops as...

EXT. CLOSE TWO-SHOT RAMBO & BANKS NEAR RIVER - NIGHT

The beam of light fully illuminates them.

C.U. GUARD #1

Reacts to a laser dot that pin points his chest.

C.U. RAMBO

As he fires arrow.

CLOSE GUARD #1

The arrow hits him and he falls from the bridge. The light points straight down illuminating his body.

EXT. RIVER P.O.W. CAMP - NIGHT

Rambo and Banks wade into the river.

EXT. HUT NEAR RIVER - NIGHT

Guard #2 comes from a small hut toward the river.

EXT. RIVER - RAMBO & BANKS - NIGHT
Rambo reacts and throws his knife.

EXT. RIVER - GUARD #2 - NIGHT

Dies quickly, silently.

CLOSE GUARD #3

He senses movement and swings his light around (he has not turned it on yet.)

EXT. P.O.W. CAMP - RAMBO - NIGHT

He's moving fairly quick with the P.O.W. The sickly man starts to emit a wracking cough.

EXT. P.O.W. CAMP - GUARD TREE TOWER - NIGHT

The numbed guard is alerted and in a listless manner turns on his light and flashes it in Rambo's direction. As the light slowly swings around, it fully illuminates Rambo.

A shocking vision of Rambo, bow fully extended aimed directly at the guard's heart... RACK FOCUS FROM the jagged arrow point TO Rambo's eyes. The arrow is fired.

EXT. GUARD TREE TOWER - NIGHT

The guard slumps forward with an arrow through his chest. He falls on the light that now shines skyward.

EXT. P.O.W. CAMP - NIGHT

Co watches with growing apprehension as she sees the guard's light angled oddly downward.

EXT. P.O.W. CAMP - PATROL GUARD - NIGHT
The patrol guard spies the oddly angled light and yells something to the guard. He flips on his light and aims it at Tower #1 and sees that his comrade is dead.

EXT. P.O.W. CAMP - NIGHT

Rambo is hiding against Tay's Barrack with Banks when all of a sudden the light comes on in the Barrack the spill illuminates him. Rambo ducks.

EXT. P.O.W. CAMP - NIGHT

Patrol guard reacts to Rambo's movements and notices Rambo against the barrack. He's about to yell as Rambo kills him with his throwing knife. Rambo lunges on the staggering guard and pulls him from view.

EXT. TAY'S QUARTERS - OVER RAMBO - NIGHT

Sgt. Tay comes out of his shack and looks. The whore pulls him back. American MUSIC coming from a scratched RECORD continues. Rambo moves into the shadows.

EXT. P.O.W. CAMP - NIGHT

Rambo carrying Banks, walks by a latrine, the door suddenly swings open almost hitting then in the face as a prison guard exits and walks directly toward his barrack, and disappears inside.

EXT. P.O.W. CAMP - NIGHT

Co seems to have lost sight of Rambo. She scans the camp to the treeline and back.

WHAM! A booted foot smashes down on her arm. She looks up at...

A North Vietnamese guard who holds an AK-47 in her face.

Co stares nervously at him. There is a HISSING SOUND,
then a DULL RIPPING SOUND.

Co looks up to see...

The guard is paralyzed by the arrow lodged in his neck and pins him to a tree.

Rambo and Banks appear from the undergrowth, bow in Rambo's hand.

    RAMBO
    Let's move.

Rambo takes the guard's side arm and places it in his waistband.

EXT. SWAMP - DAWN

Rambo and Co carrying Banks. Rambo sets him down.

    RAMBO
    Can you walk?

    BANKS
    I think so --

Banks stops and looks at his two rescuers, his eyes darting back and forth in their hollow sockets.

    BANKS
    (continuing)
    Who are you?

    CO
    He is Rambo. I am Co.

    BANKS
    Banks -- Lieutenant -- Air Force.

    CO
    ... We must get to the river...
    Fast!

Banks sits frozen for a moment.
BANKS
(on the verge of
tears)
... Thank you... you're a miracle.

EXT. P.O.W. CAMP - DAWN

A stocky Sergeant of the Guard stands over the partially concealed body of the guard Rambo killed.

He raises his whistle and sends a SHRILL BLAST across the camp.

EXT. P.O.W. CAMP - CROSS - DAWN

A guard discovers Banks missing and yells to the rest of the guards.

EXT. SWAMP - DAWN

Rambo carrying Banks through the swamp with Co close behind them.

EXT. HANGER - DAWN

Lifer, and the ground crew are removing the camouflage canopy from the Agusta 109 helicopter. The TURBINES are warming up with an ascending WHINE.

Ericson and Trautman, f.g., turn as TECH runs toward them.

TECH
You have clearance.

TRAUTMAN
Minus one hour to extraction.

ERICSON
(scowling at his watch)
We're probably just wasting fuel.
TRAUTMAN
Let's get moving!

EXT.  FOREST - DAY

A squad of Viet soldiers are moving rapidly through the forest, looking for signs of the escaping prisoner. Sgt. Tay is supervising the search.

EXT.  SAMPAN RIVER BANK - DAY

Rambo carrying Banks and Co arrive at the sampan pretty much as they left it. The pirates keep watch.

EXT.  SAMPAN RIVER BANK - RAMBO - DAY

Rambo and Co start to help Banks aboard the junk. Then Co climbs aboard. Rambo is still in the water.

CO
L.Z. two K's up river.

BANKS
Good thing you came when you did.

CO
Why's that.

BANKS
They move us around a lot... to harvest crops. Only been there a week.

RAMBO
(confused)
Only a week?

Rambo is alerted by this information.

BANKS
(nods and catches his breath)
... Yes.
CO
When last time you in camp here?

BANKS
Maybe a year... Hey, what year is it?

CO
... 1984... Camp supposed to be empty?

Banks is shaken.

CO
(continuing)
Something not good about mission, uh, Rambo?

Rambo is starting to put two and two together as he climbs aboard.

EXT. RAIN FOREST - DAY

At treetop level the all-black helicopter ROARS down a forested valley at 180 mph.

EXT. RIVER BANK - DAY

The Viet soldiers arrive at the shore and see the sampan in a distance too far to shoot at.

EXT. RIVER BANK - TAY - DAY

As Tay is talking on the radio, obviously notifying Superiors that the prisoner is escaping via the sampan.

INT. SAMPAN - DAY

Rambo watches through a chink in the sheeting of the cabin as the hostile landscape rolls past...
Rambo is alerted by the faint but growing SOUND OF A BOAT ENGINE.

Rambo moves closer to the slats in the side of the sampan and peers out... Straining his eyes because of the difficult angle he becomes startled when a heavily equipped gunboat appears from around a bend in the river... the boat was once property of the U.S. Navy.

Before Rambo can turn the two pirates have weapons in his back, and neck. One pirate jerks Rambo's .45 free and stashes it in his waistband.

Co is alert and tries to get to her feet. One of the pirates kicks her down and takes her AK-47. Banks is held down at gun point.

    CO
    What has happened?

    RAMBO
    We're sold out.

EXT. SAMPAN - DAY

Kinh waves a black piece of cloth from a stick and the boat draws closer.

Kinh yells at another pirate to take the helm as he goes inside.

INT. SAMPAN - DAY

Kinh appears and his friendly smile is gone. Rambo still remains frozen with an old high standard auto shotgun lodged against the back of his head.

    KINH
    Whore!

Kinh slaps Co viciously... CLOSEUP of Rambo slowly moving his hand imperceptibly toward his back.

    KINH
You help this -- American pig!

He slaps Rambo, who uses the moment to catch one pirate off guard and kills him with his knife. Then throws the knife into Pirate #2's heart.

INT. SAMPAN - DAY

Rambo picks up the auto shotgun and FIRES.

EXT. SAMPAN - DAY

Kinh seeing this panics and heads out of the cabin. Then suddenly explodes from the threshold and sprawls like a rag doll across the deck.

EXT. GUNBOAT - RIVER - DAY

The military men become alert and hasten toward the sampan... The Captain yells an order to prepare to shoot.

EXT. SAMPAN - DECK - DAY

Rambo appears on deck with a vengeance... He blows three more pirates away with deadly SHOTGUN BLASTS.

INT. SAMPAN - DAY

Co sees the outline of another pirate rushing toward Rambo and FIRING through the bamboo, blows him clear off the boat.

EXT. GUNBOAT - DAY

On the gunboat the Captain commands his gunner to fire.

EXT. SAMPAN - DAY

The SHELL HITS the bow, ten feet from Rambo, destroying
the front of the boat...

    RAMBO
    (to Co)
    Get to the shore!

EXT. SAMPAN - DAY

ANOTHER EXPLOSION on deck that nearly finds the mark... The boat is sinking fast.

INT. SAMPAN - RAMBO - DAY

Rambo enters the cabin... He flips open the locker and pulls out the R.P.G. rocket launcher.

INT. SAMPAN - CO - DAY

Co is FIRING wildly at the patrol boat that is bearing down with surprising speed.

    RAMBO
    (furiously)
    Take him and jump!

Rambo shoulders the R.P.G. and takes aim.

INT. SAMPAN - CO AND BANKS - DAY

Co slings her rifle across her shoulder and taking charge of Banks heads out of the cabin.

EXT. SAMPAN - DAY

Co jumps into the brown water with Banks.

EXT. GUNBOAT - DAY

The Captain is about to yell "Fire."
INT. SAMPAN - DAY

Rambo's finger tightens around the trigger and the WEAPON BELCHES an awesome flame.

EXT. GUNBOAT - DAY

The shot is perfect and the superstructure on the deck EXPLODES into the sky, killing everyone... but the patrol boat is out of control and is about to ram the sampan.

INT. SAMPAN - DAY

Seeing this inferno bearing down on them, Rambo sprints at full run, grabs his knife out of the dead pirate, picks up his black bow pouch and lunges out of the cabin like a jungle cat.

EXT. SAMPAN - RAMBO - DAY

Rambo appears on deck and dives into the river as the patrol boat is barely inches away.

EXT. RIVER - DAY

The gunboat and the sampan collide with a MIGHTY ROAR, as Rambo just breaks the water's surface.

EXT. RIVER BANK - VIET SOLDIERS - DAY

A group of North Vietnamese soldiers at the river bank hear the explosion of the boats and head off in that direction.

EXT RIVER - RAMBO - DAY

He surfaces and glances back at the burning debris then for the whereabouts of Co and Banks. He spies them on the shoreline.
EXT. RIVERBANK - DAY

Co and Banks still out of breath, move out of anxiety than exhaustion. Rambo joins them. Banks studies Rambo with awe.

CO
... Knew you were a good man.

Rambo shoulders Banks.

RAMBO
... Let's move.

They start off.

EXT. MOVING WITH THE A109 - DAY

as it rises and drops with the terrain.

INT. A109 - DAY

Once again Ericson is flying. He puts the landing skids through the treetops.

Trautman sits behind the seats in the main bay.

The AIR ROARS in the open door and Lifer, on door gun, dangles his legs in the windstream. The rain forest is a dim blur very close below.

Lifer racks the bolt on his M-60 and grins. Trautman nods politely and looks at his watch.

CUT TO:

EXT. RAIN FOREST - NEAR RICE PADDIES - DAY

Rambo's group heads for the elevated landing zone.

The vista is quite stunning as the cold light suffuses the rain forest, giving it a haunting quality. Rambo scans the ridge line with intense concentration.
EXT. RICE PADDIES - RAMBO'S POV - DAY

Figures of twenty or more Vietnamese soldiers can be seen threading upward among the trees.

EXT. RICE PADDIES - DAY

Rambo hands his quiver and bow to Co.

RAMBO
   ... I won't be needin' it now...
   Trade you.

She hands over the rifle.

RAMBO
   (continuing)
   There's explosives in the pouch.

CO
   ... It better I stay till end.

RAMBO
This is the end.

CO
   ... I want to stay... Now we have chance, why don't you take me back?

RAMBO
Where?

CO
America... You can do if you want -- take me back as wife... You don't have to live with. Just help me get away from this.

RAMBO
I came for P.O.W.'s -- How would it look if I came back with a wife?

CO
Look like you hell of a man.

Rambo shakes his head "no."

CO
(continuing, softly)
What the matter? Not allow to feel
-- maybe dead inside already. Don't
we die soon enough. Just thought
I'd ask.

A long look exchanged between Rambo and Co, then Co kisses his cheek and turns to head off along a diverging trail. She turns.

CO
(continuing)
Rambo... you not expendable.

Rambo watches her go and then turns to Banks.

RAMBO
... Let's go.

INT. A109 - DAY

Trautman watches over Ericson's shoulder as the HELICOPTER ROARS between the walls of the mountain pass. The ship is buffeted by turbulence, bouncing and dropping violently.

ERICSON
(turning)
Three minutes.

The steep slopes fall away and Ericson dives the ship across the rolling foothills.

EXT. RICE PADDIES - DAY

Rambo is crouched with Banks beside a large tree.

They are taking AUTOMATIC WEAPONS FIRE from the trees nearby. Spurts of earth leap up around them.
Rambo fires a short, controlled BURST down at the ascending troops.

EXT. RICE PADDIES - DAY

Sgt. Tay is eyeing Rambo and Banks through binoculars as they move further up the hill.

EXT. RICE PADDIES - TAY'S POV

of Rambo and Banks.

EXT. RICE PADDIES - DAY

NVA regulars set up mortars. Roughly aimed. They FIRE with a characteristic WHUMP.

EXT. RICE PADDIES - DAY

The Americans duck as a MORTAR ROUND EXPLODES behind them, tearing down trees.

EXT. A109 - DAY

In the distance Rambo and Banks are seen. They are surrounded. They move out of the tree line into a sparsely vegetated area that runs along the very ridge of the towering hill. The chopper opens fire with its machine guns and the NVA soldiers back off.

INT. A109 - ON TRAUTMAN - DAY

as he reacts to below. Ericson is firing the machine gun.

TRAUTMAN

That's Rambo! -- Christ, he's found one. Relay the command. Rambo's found one of ours!

INT. HANGER - DAY
Murdock is pacing behind the main console.

TELECOM TECH
Mr. Murdock... I have an AWACS relay. Dragonfly reports the ground team has what appears to be an American P.O.W. with them.

Murdock's reaction is unexpected. He whips around.

MURDOCK
What did you say?

TELECOM TECH
(grinning)
They've got one of ours.

INT. HANGER - TIGHT ON MURDOCK - DAY
as a look of calm is replaced by mounting rage.

MURDOCK
(loudly)
This station is now on Condition Bravo. Harrison! Meyers! Goodell! Out... now!

The puzzled Techs drop their headsets and leave.

MURDOCK
(continuing, to Tech)
Go to your COMINT priority push. Give me the mike... Dragonfly, this is Wolf Den Six. This is an Alpha-Kilo-Victor command priority.

ERICSON (V.O.)
(filtered)
Roger, Wolf Den Six... go ahead.

MURDOCK
I want you to abort the operation immediately. I say again, abort.
This is a recall, confirm, over.

INT. A109 - DAY

The men have impassive expressions.

ERICSON

Say again, Wolf Den Six.

He presses the helmet-headphone tight to his ear, then turns to Trautman, cupping his hand over the mike.

ERICSON

(continuing, to Trautman)

I've been ordered to abort before pickup.

TRAUTMAN

He must be crazy! Confirm it!

ERICSON

Confirmation's not necessary.

TRAUTMAN

(grabs a microphone)

... Murdock, for Christ sake, we have them in sight! Murdock! Do you read?!! We're going down.

LIFER

You're not going anywhere.

Lifer holds a rifle in their direction.

TRAUTMAN

What the Hell are you doing?!

ERICSON

Can't do that.

TRAUTMAN

That's an order!
We're independent contractors. We take our orders from who's paying.

TRAUTMAN
Goddamn mercenaries! There's men down there! Our men!

LIFER
Not our men, your men! Don't be a hero.

Trautman reaches for his holstered .45, a voice stops him.

LIFER
... Don't.

Trautman turns and sees Lifer aiming a rifle not exactly at him but not away either.

EXT. RICE PADDIES - DAY

Rambo half-supports Banks with one arm and FIRES his AK with the other.

The rifle is empty and he drops it. MORTAR ROUNDS EXPLODE on all sides. They watch the A109 skimming in low across the tree tops, almost to them... hovers and then...

It veers in a tight bank and climbs out.

Heads away.

The dust swirls around them. A MORTAR SHELL LANDS so close it knocks them down.

EXT. RICE PADDIES - DAY - CLOSEUP - RAMBO

as he looks at Ericson.

CLOSEUP

of Ericson.
EXT. RICE PADDIES

Framed against the grey sky, Rambo watches as the A109 diminishes over his shoulder until it's a black dot. He is so consumed with rage that his expression goes slack... blank... a murderous disconnection from conscience.

Banks looks stunned, lost. He sags to one knee.

Rambo just keeps looking in the direction of the A109.

EXT. RICE PADDIES - NVA - DAY

From both sides the NVA soldiers advance like ants to the top of the ridge...

EXT. RICE PADDIES - RAMBO - DAY

Rambo glances down almost disdainful then back at the nearly diminished chopper.

EXT. RAIN FOREST - HILL NEARBY - DAY

Co, watching from behind foliage, as the NVA's converge on Rambo and Banks. Her expression enigmatic. She turns and disappears into the forest.

INT. MURDOCK'S QUARTERS - DAY

Murdock is pouring scotch over ice in a glass as the DOOR behind him BANGS OPEN.

Trautman is furious.

**TRAUTMAN**

What're you doing? Do you know what the hell you've done?!!

Murdock stands up quickly, a glass of scotch in his hand.

**MURDOCK**
Don't act so innocent, Colonel. You had your suspicions, and if you suspected then, you're sort of an accessory, aren't you?

Trautman smashes the glass from his hand.

TRAUTMAN
Don't ever count me with you and your scum. It was a lie, wasn't it? Just like the whole damn war, a lie!

MURDOCK
What are you talking about?

TRAUTMAN
The camp was supposed to be empty. Rambo goes in... a former decorated Vet. He finds no P.O.W.'s. The Congress buys it, case closed. If he gets caught, no one knows he's alive except you and your computers, and you can reprogram that, can't you?

MURDOCK
Who do you think you're talking to, Trautman?

TRAUTMAN
A stinking bureaucrat trying to cover his ass!

MURDOCK
Not just mine, Trautman, a nation's! It was your hero's fault. If your "warrior" had done what the hell he was told, we'd be out of this clean and simple. All he was supposed to do is to take pictures!

TRAUTMAN
And if the pictures showed something they would've been lost, wouldn't
they?!

Murdock is terribly on edge.

**MURDOCK**

Look, I don't think you understand what this is all about, Trautman!

**TRAUTMAN**

Same as it always is, money. In '72 we were supposed to pay the "Cong" four and a half billion in war reparations, we reneged, and they kept the P.O.W.'s, and now you're doing it all over again!

**MURDOCK**

(exploding)

And what the hell would you suggest we do if some burnt-out P.O.W. shows up on the six o'clock news -- fight the war all over again? Have an invasion! Bomb Hanoi? Do you think anybody is going to get on the floor of the United States Senate and ask billions of dollars for a couple of forgotten ghosts!

**TRAUTMAN**

(roaring)

Men! Men who died for their country, you bastard!

**MURDOCK**

Enough, I'm going to forget this meeting ever took place, and I'd advise you to never make the mistake of bringing this subject up again.

Trautman turns, starts out, then turns back to Murdock.

**TRAUTMAN**

You're the one who's making the mistake...
Murdock pauses.

MURDOCK
What "mistake?"

TRAUTMAN
(dryly)
... Rambo.

As soon as Trautman utters the name, we hear SHOUTING in Vietnamese and the SOUND OF A BACKHAND ACROSS FLESH.

EXT. PRISON CAMP - RAMBO - DAY

He's hung above the slime pit. His muddy face grimaces as it is hit by Sgt. Tay. Tay curses him in Vietnamese.

EXT. SLIME PIT - SGT. TAY - DAY

Powerful and vicious-looking as a rabid ferret. He raises one fist, and smashes it down, hitting Rambo.

There is another SICKENING IMPACT against flesh.

INT. PRISONERS' CAVE - CELL - DAY

Another WHACK! heard from across the compound. All the P.O.W.'s are there.

Two of them, b.g., seem completely autistic. The others seem to wince, as one, with Banks, as the WHACKS ECHO across the compound.

EXT. PRISON YARD - SLIME PIT - DAY

Off to one side of the camp in a gloomy shaded area is the pit that is filled with slime. It is ten feet deep, eight feet wide. CAPTAIN VINH, a severe-looking tyrant, observes Sgt. Tay standing on a pair of planks near Rambo, who is being slowly submerged in the slime up to his neck.
Sgt. Tay looks to Capt. Vinh who nods and Tay backhands Rambo across the face. Rambo spits.

Tay has Rambo's special knife tucked in his waistband.

EXT. P.O.W. CAMP - WIDE SHOT - DAY

The GRINDING SOUND of two arriving transport trucks, draws everyone's attention... Out of the truck climb a troop of 15 Russians. Soldiers, members of the elite Soviet Airborne Division, dressed in dark fatigues.

From truck two 15 Vietnamese soldiers emerge.

EXT. CAMP - HUEY - DAY

A thunderous WHIPPING SOUND is heard and the camp begins to fill with spinning dust as an American made "Huey" helicopter descends, landing near the guard towers.

EXT. P.O.W. CAMP - HUEY - DAY

The Viet officers and guards cringe against the rotor blast as the ship settles. The side door slides open.

EXT. SLIME PIT - RAMBO - DAY

Rambo tries to see through his watering eyes, but is blinded by the blast.

EXT. P.O.W. CAMP - HUEY - DAY

Out step three Russian giants in black fatigues and berets. They are also members of the elite Soviet 3rd Airborne Division. Lastly two Russian officers disembark. They eye the Russian soldiers standing at attention.

EXT. P.O.W. CAMP - OFFICERS - DAY

They glance at Rambo for a split second and motion to
Captain Vinh to remove Rambo. Vinh yells an order at a pair of guards who start to pull at a pair of ropes and slowly hoist Rambo from the slimy pit.

EXT. SLIME PIT - RAMBO - DAY

Rambo is pulled upright and we can see that he is bound to a pole in a crucified position... Upon closer inspection we see his body is covered with at least twenty huge blood-gorged leeches.

EXT. P.O.W. CAMP - OFFICERS - DAY

The two Russian officers approach and coldly eye Rambo who is slightly suspended above them... Capt. Vinh and Sgt. Tay stand near the Russians. PODOVSK, the shorter, brighter-looking of the two, pulls Rambo's knife from Tay's waistband and, with a casual air, uses the tip of the razor-sharp knife to sever a black leech from the base of Rambo's neck... He handles the knife like a masterful surgeon.

PODOVSK
These people are so vulgar in their methods. They lack compassion. I am Lieutenant Podovsk. I do not know who you are yet -- But I will. (Viet/subtitled)
... Inside.

INT. PRISON CAVE CELL - DAY

Through the bars, Banks and the two other P.O.W.'s can catch a fleeting glimpse of Rambo being dragged away. An older PRISONER speaks up in a weak voice.

P.O.W. (OLDER MAN)
He's dead now.

INT. INTERROGATION ROOM - DAY

Vinh sends the gawking guards scurrying with strident
yells as he follows the two Russians into the room. The Soviets stand in front of Rambo. He is bare from the waist up. Lt. Commander Podovsk has a hard face, sharp features. His bearing is erect, arrogant. He still has Rambo's knife in his hand, which he uses like a painter when he speaks.

The other, SGT. YUSHIN, is another story. A tall, broad slab of combat muscle. His hair cut short as a scrub brush. Thick and functional as state sculpture, his features cannot fill his broad, flat face Nordic Mongolian-Circassian heritage... He wears a pine tree patch on his shoulder denoting his status as a "plastune" or cossack scout.

PODOVSK
(in Russian)
In the chair.

Yushin hauls Rambo into a wooden stool against the wall. In front of him is a radio and a transmitter. Yushin's eyes move over Rambo's wounds. He looks quickly into Rambo's eyes, then moves away from him.

Podovsk sits next to him on a small metal desk.

The only light is from a single bare bulb.

PODOVSK
(continuing, in Viet to Vinh)
Thank you, Captain Vinh. Leave one guard please.

Vinh exits with Tay and the other three Viets. Yushin prepares torture equipment.

Podovsk adjusts his wire-rim glasses and considers Rambo. He turns Rambo's bruised face gently, and examines the marks left by the leeches.

Podovsk walks behind him and notices the long crisscrossed scars on Rambo's chest and back.

PODOVSK
I see you are no stranger to pain...

Is it possible you have been among my Vietnamese comrades before? No answer. I see. Do you wish to tell me your name -- what harm can that cause?

Rambo stares through Podovsk.

PODOVSK
(continuing)
Pride is a poor substitute for intelligence... Well, no matter. What you must understand is that we have to interrogate you. We will find out what you were doing.

He gestures to his massive assistant.

PODOVSK
(continuing)
To Sergeant Yushin, you are a piece of meat, a laboratory experiment. To me, you are a comrade similar to myself just opposed by a matter of fate.

Rambo eyes the torture equipment in Yushin's hands.

PODOVSK
(continuing)
I know you were trying to facilitate the release of war criminals held by this republic. I can appreciate this --

Rambo just stares.

PODOVSK
(continuing)
But this -- your capture -- this
incident is -- embarrassing. You must understand. We must have explanation. First I wish for you to radio back to your headquarters and say you found no prisoners, that your operation was a failure.

Podovsk holds up the microphone. Still no response.

    PODOVSK
    (continuing)
    No? You wish to test your strength -- very good.
    (to Yushin)
    Proceed.

Podovsk slips the knife into a pan of smoking hot coal that is situated in clear view of Rambo.

INT. INTERROGATION ROOM - YUSHIN - DAY

Yushin walks forward.

EXT. P.O.W. CAMP - MAIN GATE - NIGHT

The guard in the hollow of the tree, glances up at the SOUND OF AN APPROACHING MOTORBIKE. A young woman, wearing an ao-dai and coolie hat, rides up on a scooter and stops by the shack. Strapped onto the scooter is the pouch containing the bow.

EXT. P.O.W. CAMP - MAIN GATE - NIGHT

OVER the girl's shoulder as she steps up to the guard box and coos something to the sentry.

He grins to see a new face among the whores from the village, and one so pretty...

EXT. P.O.W. CAMP - MAIN GATE - REVERSE ON GIRL - NIGHT

It is Co. She dickers price through the sentry box
window. He unlatches the gate.

INT. INTERROGATION ROOM - NIGHT

An iron bedframe has been brought in and leaned vertically against the wall opposite the door... Charcoal smoke fills the room.

Rambo has been tied to the frame spread-eagle by length of wire around his ankles, neck and forearms at the elbows. His body is contorted in agonizing pain as electricity courses through his flesh.

PODOVSK

The name --

No response from Rambo and Yushin twists a large rheostat knob.

Rambo convulses with an explosive muscle contraction. Slams against the springs. His veins swell as if to burst.

EXT. P.O.W. CAMP COURTYARD - NIGHT

The lights of the camp dim, flickering, under the current load.

INT./ EXT. MESS HUT - NIGHT

Vinh and Russians are eating together. They react to the camp lights flicker.

INT. INTERROGATION ROOM - NIGHT

Rambo slams convulsively against the electric grid formed by the steel bed. His teeth are clenched as if he has tetanus.

INT. PRISONERS' CAVE - NIGHT
They watch the lights outside come up to normal brightness. Banks closes his eyes, sharing a ghost of the pain.

INT. INTERROGATION ROOM - NIGHT

Rambo hangs from his bonds, heaving and shivering.

Podovsk turns to him conversationally, as if he were an acquaintance at work.

PODOVSK
Comrade, here is something you might be interested in.

He draws a folded piece of paper from his pocket. Opens it.

PODOVSK
(continuing)
A transcript of the conversation between your helicopter pilot and his commander we intercepted.

(reading)
Mmmm. "Dragonfly... Slam Dunk."
Colorful names. Here we are -- "Ah, Coach One... we have them in sight."
And the reply -- "Abort the operation immediately. Return to base camp."

He jerks Rambo's head back and he graciously shows Rambo the printout.

PODOVSK
(continuing)
It seems they abandoned you on direct orders. These are the people you protect with your pain? -- You may scream. There is no shame.

Podovsk snaps his fingers and Yushin turns the knob.
EXT. P.O.W. CAMP COURTYARD - NIGHT

Co, moving stealthily out of a barrack... as she moves the camera angles down to reveal the outstretched legs of a dead soldier.

INT. INTERROGATION CELL - NIGHT

Rambo hangs so limply that he might be dead. Podovsk moves in to check as Rambo's head begins to rise.

PODOVSK

Good... You are strong -- The strongest so far -- but you are nearly dead -- for what? Make the radio call... yes?

The door opens and Banks is shoved by Sgt. Tay. Around his neck is a then wire that is being twisted by Tay... Yushin takes Banks and flings him brutally against the wall.

PODOVSK

(continuing)

Yushin has a memento for you of this occasion.

Yushin presses the molten tip against Rambo's cheek leaving a shearing triangular smoking scar... through it all, Rambo remains trance-like, not moving at all.

Podovsk motions to Yushin, toward Banks.

PODOVSK

(continuing, bored)

... Put it in his eye.

Yushin turns as Tay jerks Banks' head back.

PODOVSK

(continuing)

If your life means nothing, perhaps his does.
Yushin takes the knife and begins to slowly direct the point into the center of Banks' eye...

PODOVSK
(continuing)
You will talk.

INT. INTERROGATION CELL - TIGHT ON RAMBO - NIGHT

His eyes seem like diamond drills. There is such determination born of rage in his expression that Podovsk stops. Takes a step back.

PODOVSK
... Yes?

The knife moves closer to Banks' pupil...

BANKS
Don't say nothin'!
(to Yushin)
Do what you want.

The knife moves closer. Podovsk looks at Rambo for an answer.

PODOVSK
... Yes?

Rambo weakly nods. Podovsk nods to his assistant who loosens his death grip on Banks who chokes. Yushin replaces the knife in the hot coals.

EXT. P.O.W. CAMP - NEAR INTERROGATION CELL - NIGHT

Co ducks out of sight as a pair of NVA guards pause in her path to have a cigarette. They are distracted by the sudden THUNDER and lightning that follows.

INT. INTERROGATION CELL - NIGHT

Rambo is helped to the table. He seems on the verge of collapse... Banks leans against the wall still in the
clutches of Yushin. THUNDER shakes the room.

PODOVSK
Only fools die for a lost cause.

Rambo is roughly pushed onto a stool by an NVA guard. Podovsk motions for Sgt. Tay to leave.

PODOVSK
(continuing)
I trust you know the proper transmit coordinates, yes?

Rambo nods.

PODOVSK
(continuing)
You will state your name -- that you've been captured as a spy! You will state that the mission was a failure and all missions will fail. Tell them not to attempt such hostile aggression again. Do you understand?

BANKS
Don't do it!

Yushin tightens the wire around Banks' neck.

PODOVSK
Do it now!

Podovsk motions to Yushin who releases Banks and balefully stares at the agonized American.

RAMBO
... 220-56 Lone Wolf -- receive.

BANKS
(softly)
Don't --

Banks is viciously slammed to the floor and we CUT on impact -- He is now unconscious.
INT. HANGER - NIGHT

The center is still manned by an assortment of military personnel who are starting to dismantle some of the space age equipment.

Trautman stands in the hanger. He looks like a forlorn soul as he stares blankly into the darkness.

Rambo's weak voice transmission manages to break through the DIN of the operations center.

RAMBO (V.O.)
Wolf Den -- This is... Lone Wolf -- do you read? Over.

Trautman along with nearly everyone present snaps to attention --

RADIO OPERATOR
Lone Wolf! This is Wolf Den.
Transmit location and status, over.

Murdock is seen rushing in, followed by Ericson.

MURDOCK
What is it?!

RADIO OPERATOR
... It's Rambo, sir.

Murdock looks sharply at Trautman.

INT. INTERROGATION CELL - NIGHT

Rambo sits at the radio sweating profusely. This appears to be the hardest mental task for a tight-lipped soldier of his caliber to perform.

RADIO (V.O.)
We read you, Lone Wolf -- what is your position -- over.
Banks is slumped unconscious against the wall.

Yushin pulls Rambo's head back with a vicious snap.

RADIO OPERATOR (V.O.)
What's your position, over?

PODOVSK
... Your position will be death if you do not answer.

INT. INTERROGATION ROOM - EXTREME CLOSEUP - NIGHT

Yushin lets Rambo's head loose. Beads of sweat drop from Rambo's nose as his hands tighten around the rusted microphone.

INT. HANGER - NIGHT

Trautman snatches the microphone away from the operator.

TRAUTMAN
John, this is Trautman -- where the hell are you?

INT. INTERROGATION CELL - NIGHT

Rambo leans closer to the microphone, but still remains silent.

TRAUTMAN (V.O.)
Johnny, come in!

Rambo shifts his gaze to Podovsk, then his eyes harden into orbs of defiant granite.

RAMBO
... Murdock.

TRAUTMAN (V.O.)
He's here!
INT. HANGER - NIGHT

Murdock moves forward, his body stiff with apprehension -- Trautman hands him the microphone. Murdock looks around as all eyes are riveted on him.

MURDOCK
Rambo -- This is Murdock -- we're glad you're alive... where are you? Give us your position and we'll come and get you, over.

INT. INTERROGATION ROOM - NIGHT

Rambo leans forward until his lips nearly touch the microphone. (Lightning and THUNDER effect.)

RAMBO
(chilling)
... Murdock, I'm coming to get you.

Rambo strikes Yushin across the face with the microphone... Podovsk goes for his weapon.

Yushin rises and goes for Rambo.

INT. INTERROGATION ROOM - NIGHT

The floor EXPLODES and we see Co under the floor boards with gun in hand. She kills the NVA soldier whose rifle is aimed at Rambo.

INT. INTERROGATION ROOM - NIGHT

Rambo slams the pistol into Yushin's temple and elbows Podovsk in the jaw. He flings Yushin against the electric bedframe, which jolts the huge Russian. Rambo grabs his knife and is about to run Podovsk through when the door slams open.

Sgt. Tay and three soldiers enter, his expression agape.

Rambo bolts to the window.
EXT. P.O.W. CAMP NEAR INTERROGATION ROOM - NIGHT

Rambo jumps through the window -- Co joins him and they run through the darkness as the camp comes alive.

EXT. P.O.W. CAMP NEAR INTERROGATION ROOM - NIGHT

Sgt. Tay and his three men turn the corner in pursuit. Co cuts two of them down.

Sgt. Tay drops back and yells for reinforcements.

EXT. P.O.W. COURTYARD - NIGHT

A Russian runs up, AK-47 in hand. Before he can fire, Rambo spins into him with a flying kick which pitches him onto his back, an inert heap... Rambo takes the AK-47 and blows one of the spotlights and the guard to bits.

EXT. P.O.W. CAMP - NIGHT

The camp goes nearly black.

The second tower swings its light toward Rambo and Co. Rambo OPENS FIRE, shattering the light and causing the guard to dive for his life.

With Co close behind him, Rambo runs toward the compound fence.

A running Russian and Co OPEN UP with their assault RIFLES. Lightning and THUNDER continues simultaneously.

The Russian is hit in the leg and dives for cover.

Rambo lifts the wire for Co to wriggle under. His hands bleed as the wire cuts deeply into his flesh. Co FIRES at several approaching guards as Rambo slips under the wire on his back, holding the wire up with his hands, shredding his pants.
Rambo and Co make it into the forest, running full out. More AK's OPEN UP behind them. Both tower PK's have been manned again.

EXT. RAIN FOREST - NIGHT

Preceding Rambo at a dead run, as he crashes through foliage. The forest is a blur. TRACERS WHIP BY, ruler-straight lines of red light.

BARK EXPLODES from tree trunks around them. Leaves are ripped into confetti.

RAMBO
This way!

They angle away from the blind FIRING and spring away along the trail, disappearing in a moment.

EXT. P.O.W. CAMP - NIGHT

Podovsk's nose and mouth are bleeding, he strides out of the interrogation blockhouse followed by Yushin. He jerks Sgt. Tay to his feet by the collar. He points to the forest.

PODOVSK
(Viet/subtitled)
Find! Now!

Yushin releases the Viet Sergeant. Tay weakly yells orders to his men.

PODOVSK
(continuing, to the Russians)
Find and kill him.

INT. HANGER - NIGHT

Murdock pacing in front of the computers.
EXT. RAIN FOREST - NIGHT

Rambo and Co at a dead run, zigzag along the dark game trail.

The path steepens and he claws at exposed roots... climbing as much as running. Behind them is the rising SOUND OF HELICOPTER ROTORS.

EXT. RAIN FOREST - NIGHT

Using hand lights to follow his footprints, Tay's squad of six guards jogs into the jungle. Behind them, through the trees, the Huey rises into the night.

The chopper switches on the high intensity searchlights as it THUNDERS overhead. Shafts of light pierce the jungle. Sweeping. Searching.

EXT. FOREST - NIGHT

Rambo and Co are climbing rapidly, using roots as handholds to ascend the steep trail.

The WHUMP-WHUMP of the HELICOPTER approaches and the glare of light flickering behind them.

Rambo moves into a densely woven thicket. Russians move quietly f.g.

EXT. FOREST - NIGHT

Rambo and Co run down into a dip and into thick jungle.

EXT. FOREST - NIGHT

Rambo and Co crash through foliage as a searchlight sweeps toward them.

It races over them backlighting them as they dive off the trail.
The searchlight flicks past them. Snaps back. Tay and his men in b.g.

INT./ EXT. HELICOPTER - NIGHT

POV of figures running followed by spotlight.

EXT. FOREST TRAIL - NIGHT

TRACERS rip down through the trees from the helicopter.

EXT. FOREST TRAIL - NIGHT

Rambo and Co tear through the jungle.

They dive over the edge of a muddy ravine, dropping through tangled vines. Catching, clawing, dropping. They run on.

EXT. FOREST TRAIL - NIGHT

The Russians can't target them.

EXT. FOREST - RAMBO AND CO - NIGHT

They hit a solid trail and sprint, really covering ground. The shaft of light scans back and forth behind them. Then farther away. They've lost them. For the moment.

EXT. ABOVE JUNGLE CANOPY - NIGHT

as the chopper circles, probing with lances of light.

CUT TO:

EXT. ELEVATED OVERHANGING ROCKS - DAWN

Rambo and Co have taken shelter in the protective contours of the rocks and overgrowth...

The helicopter moves off in the opposite direction... Co
and Rambo catch their breath.

    CO
    (softly)
    ... We safe for now -- you look like
        hell, Rambo.

    RAMBO
    Tough night.

Rambo stares at her and almost has to smile. She hands
over Rambo's bow kit, which was slung over her shoulder.

    CO
    (continuing)
    ... maybe need this again.

Rambo takes the bow kit and Co looks at his bleeding
hands.

    CO
    (continuing, moving
        very close)
    You hurt bad... Not so in-vo-nerable
        after all.

    RAMBO
    ... No.

    CO
    You rest a while, I watch.

    RAMBO
    (shakes his head)
    ... I'll watch.

    CO
    ... What you do, Rambo? Try to get
        across to Thailand?

    RAMBO
    Yes.

    CO
    Then America.
Rambo nods.

CO
(continuing)
You take me with you, Rambo? I give you one more chance.

RAMBO
... You don't know me.

CO
I know enough -- you take me?

Rambo stares at her and nods.

CO
(continuing)
I think you make a good choice.

RAMBO
... Yeah.
(rises)
Better move.

Co rises and trails behind Rambo.

NOISE. She turns and FIRES... And Tay with four soldiers hit the deck.

EXT. FOREST - DAY

Russians and Viets nearby react, then head toward the shots.

EXT. FOREST - DAY

Sgt. Tay OPENS FIRE with a small machine gun then the soldiers open up on Co and she is riddled to the ground.

RAMBO
... No!!!

Rambo leaps to her fallen rifle and rolling behind a
protective object, FIRES BACK and blows two of the soldiers away... Rambo moves to another position.

EXT.  FOREST - DAY

Tay barks something in Viet to a soldier and slips fearfully away.

EXT.  FOREST - DAY

Rambo flanks the soldier and soldier turns to see smoking death racing toward him. He falls dead... Rambo rushes to Co.

He cradles her for a moment and his expression transforms into insane rage.

Co rolls her glazed eyes to Rambo.

    CO
    ... You good man, Rambo... good.
    Not forget me.

Co dies in his arms and Rambo roars with grief. The hunted man becomes the hunter... Rambo scoops her up and disappears into the forest.

INT.  HANGER - DAY

Trautman is there, nervously pacing, agitated. Murdock sits solidly behind his desk... Ericson sits on the other side of the room.

    MURDOCK
    Do you really think that you can threaten me, Colonel?

    TRAUTMAN
    I want the rescue team ready to go in one hour.

    MURDOCK
    (almost amused)
You're risking your career, your reputation and your family's security -- do you think any one person is worth that, Trautman?

TRAUTMAN
... Yes, I do.

MURDOCK
I'm giving you a direct order to withdraw from this project.

TRAUTMAN
Do I get the rescue team, or do I have to go over your head?

MURDOCK
Colonel, it's time you understand I'm in charge here -- here you're a tool, we're the machine --
(to Ericson)
I want him placed under arrest. He's not to leave the base.

TRAUTMAN
He never had a chance did he?

MURDOCK
... Like you said, he went home.

EXT. FOREST TRAIL - DAY

A small band of Viet soldiers are moving through the jungle searching for Rambo.

EXT. FOREST - TIGHT ON RAMBO'S FACE - DAY

Starts to rain.

Eyes closed, he has smeared the goo thoroughly over his face. It is a neolithic, feral visage. He has buried Co and pauses on one knee at the gravesite... around his neck hangs her "good luck" medallion. He has cut a strip of
her garment and with great deliberation ties it around his head. Rambo rises with his bow in his hand and arrows across his back... He is the warrior and the war has now begun.

EXT. FOREST - ON SEVEN RUSSIANS AND A SERGEANT - DAY

Moving forward cautiously, they glide through the dense rain and thicket.

EXT. FOREST - DAY

Rambo watches motionless -- and then kills the sergeant and Russian #2 with arrows.

EXT. FOREST - DAY

Through rain Russians materialize searching for Rambo. Into f.g. comes a Russian, parts bushes with rifle, turns past hollow tree. An arm comes out and pulls him in. He stiffens as Rambo's knife kills him.

EXT. FOREST - MED. RAMBO - DAY

moving in absolute silence nearby. He freezes and raises his bow. Thirty meters away are the Russians... An arrow sinks into Russian #3's chest... Russian #4 and #5 sprint away... To a different position for defense they motion to split up and a second arrow burrows into Russian #4's chest and lungs as he moves. He falls dead and Russian #5 is frozen, until he sees what appears to be Rambo's fleeing form and takes chase.

EXT. FOREST - VIET GUARDS - DAY

wave their AK's, looking for some sign of Rambo. They hear SOMETHING CRASHING through the downpour and undergrowth. Movement in dense brush. They OPEN FIRE.

The CRASH OF SUSTAINED FIRE is deafening. They BLAST blindly.
Their attention is so focused, the DIN SO LOUD, they do not notice a dark figure moving up behind them.

Rambo snatches the wayward last guard into a thicket. A knife slashes, one Viet guard drops dead.

Tay shouts repeatedly to cease firing and the others finally stop.

TAY
(Viet/subtitled)
We got him!

They move away, advancing on their "target". Tay gingerly parts woven branches, revealing Russian #5 riddled with hundreds of 7.62mm rounds.

EXT. FOREST - VIET GUARDS - DAY

Tay barks at his men to sweep the area in an arc. The guards advance, stricken with a growing unease.

EXT. FOREST - BLACK HOLE - DAY

Rambo traps Russian #6 with a vine around his feet. He slides down into a black hole and Rambo slits his throat.

EXT. FOREST - TWO RUSSIANS - DAY

They separate near a mudbank, one going over the embankment... the other near the river's edge.

RUSSIAN #8
No, this way... where are you?

In the incessant rain, Russian #8 moves cautiously to his comrade's last position. Ahead, face down in the mud, is the body of Russian #7.

Approaching the body, the frightened Russian looks around in full circle. Nothing. He moves by a mudbank.
EXT. FOREST - MUDBANK/MUDHOLE - DAY

Rambo comes out of the mudhole and breaks Russian #8's neck.

EXT. FOREST - DAY

Realizing they are without their flankers, Tay and four Viet Guards call out and move toward their last positions. They stand together at the top of the mudbank, gaping at the two bodies of Russian #7 and #8. Tay stares around, outraged. He yells to his squad to take up the chase.

EXT. FOREST - DAY

Rambo bursts out of the dense tangle, dragging streamers of vines, and finds himself in an EXPLOSION OF SQUAWKING CHICKENS.

He is in the muddy door-yard of a rural hutch, part of a small hamlet, of about a dozen buildings. Pigs scatter, GRUNTING their surprise, as Rambo sprints across the yard. Over a low rail fence. Between the hutches.

EXT. HAMLET - DAY

Soldiers charge down the slope behind him.

EXT. HAMLET - DAY

Rambo emerges onto the main "street" at a dead run, tearing a swath through the everyday village activities.

The Viet peasants scatter as the fierce American charges through their midst. A giant by their standards to begin with, Rambo is now a mud-caked nightmare, trailing vines and brambles... his face a mask of dark streaks topped by encrusted hair... Villagers scream and flee... Rambo drops low looking frantically for something beneath a hutch... not finding it, he moves quickly to another... noticing a large can, opens it, and smells its contents.
EXT. HAMLET - DAY

WIDE FROM BEHIND the soldiers as they pour into the village. A figure dashes from the hutch into the field of tall grass, disappearing.

EXT. ROAD - EDGE OF GRASS - DAY

Two troop trucks are deploying 40 soldiers. Directing operations is Capt. Vinh.

Vinh motions the soldiers impatiently toward where he stands at the edge of the elephant grass, and they wade into it. Beyond them the coarse grass becomes an impenetrable wall almost eight feet high.

Vinh snorts in disgust and points at some trampled stalks. There is a bright smear of blood, and beyond, another.

Vinh
(Viet/subtitled)
You see? Not a demon. A man. Now, we find where he's crawled to die.

EXT. TALL GRASS - DAY

A line of 20 regulars and three Russians move into the grass. Only the radio antennas of the squad leaders are visible above the waving stalks. Yushin's helicopter arcs in from the distant ridgeline, converging.

EXT. ELEPHANT GRASS - DAY

POV MOVING SLOWLY THROUGH THE GRASS. The point man parts the stalks ahead. It is a quiet, eerie world, with only the SWISH OF THE GRASS and the occasional SOUND-OFF CALLS of the troopers. There is a clear trail of blood smeared on the grass, indicating a serious wound.

VARIOUS CLOSEUPS of the regulars as they advance, each man realizing how utterly isolated he really is, in his own
island of space in the green sea. It is hot.

EXT. GRASS - DAY

One of the Russians has his fatigues unbuttoned, sleeves rolled up. Sweat pours off all of them.

EXT. GRASS POV - DAY

POV FOLLOWING the trail of blood. The grass is parted ahead and a small clearing comes INTO VIEW. Slowly moving up on something lying in the grass. Two chickens, their throats cut, are lying beside a kerosene can, which is upright with its cap off. A bizarre little shrine. There is no sign of Rambo.

EXT. GRASS - DAY

REVERSE on Capt. Vinh, puzzled, wary.

    VINH
    Everyone back!!

EXT. GRASS - INSERT RAMBO - DAY

INSERT/RAMBO'S HAND striking a match, igniting a wet trail of spilled gas, a WHOOSH.

EXT. GRASS - DAY

Capt. Vinh looks up, seeing the river of fire snaking toward him through the waving stalks.

He turns, panicked. Crashes into the men behind him.

Shrieks at them to move. They trample over each other to run as the trail of fire reaches the can.

VOOM!

EXT. GRASS - DAY
Vinh sees a tremendous fireball erupt ahead. Hears SCREAMING. He freezes in his tracks as the nightmare begins again. Shrieking, a man runs toward him, on fire, charging past. Vinh shouts futilely into a radio as he's engulfed in fire.

EXT. GRASS - DAY

FIRING blindly, several troopers OPEN UP until they are engulfed in the fire.

EXT. HAMLET ROAD - DAY

From the trucks it is apparent that the grass is burning on its own, in a long line where the "fuse" was laid out and in a widening circle around the explosion site.

EXT. EDGE OF GRASS - DAY

Black smoke rolls through the grass, and troopers stumble about, coughing as the wind carries it toward them.

EXT. HILL ABOVE ELEPHANT GRASS - DAY

CLOSEUP of Rambo as he drops a small silver explosive charge into arrow shaft and screws on the razor tip.

EXT. HILL ABOVE ELEPHANT GRASS - DAY

Rambo draws back his bow to full extension, and from his elevated position, takes aim at the first troop truck... The arrow buries itself near the truck and EXPLODES... missing the truck.

EXT. HILLSIDE - RAMBO - DAY

Rambo adjusts the sites on the bow and releases another arrow.
EXT. HAMLET - DAY

This time the arrow finds its mark and the truck EXPLODES.

EXT. ELEPHANT GRASS - DAY

On the edge of the elephant grass, troopers help each other flee.

Random FIRING is everywhere. The DIN is incredible, the pandemonium absolute.

EXT. HILL - RAMBO - DAY

Rambo looks down into the field at devastation as flames curl high into the morning mist... He pauses and almost looks reflective for a moment... the copter moves closer to Rambo's position.

CUT TO:

EXT. FOREST - DAY

Rambo's sixth sense causes him to glance behind and he spots Sgt. Tay's men approaching... Tay spies Rambo and they OPEN FIRE.

EXT. FOREST - RAMBO - DAY

With his bow still in his hand, lunges from view behind a tree... He starts to belly crawl into the brush, as Tay and three other soldiers think they have him pinned down...

EXT. FOREST - TAY - DAY

He signals and orders the men to flank the tree. They do, but are flanked by Rambo who steps INTO VIEW at a right angle to their position and CUTS THEM DOWN, but is soon out of ammo.
EXT. FOREST - TAY - DAY

From his hiding spot Tay observes this and starts toward Rambo after FIRING off a couple of shots.

EXT. FOREST - RAMBO - DAY

He flees and takes cover behind a tree just as the bark is ripped off near his head by Tay's AUTO-FIRE... Rambo dives into the brush and instantly disappears from view.

EXT. RAIN FOREST - TAY - DAY

With growing apprehension, he moves forward, his body tense, sensing the kill! He hears Rambo's voice from behind.

    RAMBO

    Here!

Tay turns and with his rifle at the ready, faces Rambo on one knee with his bow fully extended. The arrow sinks into his chest, and Tay FIRES spasmodically. For a split second he grabs the un-extractable shaft and Rambo dives for cover. Tay's eyes widen with sudden realization, and the next second his body EXPLODES into fragments.

CUT TO:

INT. HUEY - DAY

Yushin talks into his radio headset.

    YUSHIN

    (Russian/subtitled)
    Drop the napalm!

EXT. HUEY - YUSHIN'S POV RAMBO - DAY

Through the trees' canopy, Yushin can see Rambo flashing in and out of view.
watching as two long metal cylinders detach from the helicopter and drop, tumbling toward the forest.

Rambo recognizes the napalm canisters and sprints even harder.

Rambo slashes through the trees like a madman.

Behind him, the napalm cannisters hit the ground.

An enormous FIREBALL blossoms through the jungle, spewing twenty-meter-long arcs of flame, silhouetting the tiny running figure of Rambo.

Just as the firestorm reaches him, he dives at a dead run off an embankment into a mountain river.

Rambo dives in as a sun-bright canopy of fire rushes across the surface with a MUFFLED ROAR.

Surfacing, Rambo, moves at giddy speed over the tortuous stream bed.

Rambo tumbles clear of the falling water as he drops down the face of the cataract.

He hits the surface of the pool with a tremendous splash.
EXT. POOL OF WATER - DAY

Boiling with turbulence as he surfaces, gasping.

Above, on the escarpment, a fire-storm rages, lighting up the jungle.

EXT. HUEY - TREELINE - DAY

as the Huey swoops down past the treeline, scanning the jungle along the riverbank.

INT. HUEY - DAY

Yushin swoops down toward Rambo who gasps for air. The MINIGUN BLASTS at him.

YUSHIN
(Russian/subtitled)
Goddamn him!!

CUT TO:

EXT. RIVER - DAY

as Rambo breaks the surface of the water, eyes the approaching chopper and dives again as the BULLETS start pouring forth from the MINIGUN.

EXT. RIVER - DAY

as the Huey descends over the treeline. Yushin orders his pilot down for a closer look.

The Huey hovers only inches from the water. The water swirls from the power of the rotor blades.

EXT. RIVER - HUEY - DAY

as the surface EXPLODES and rising like a spirit from hell, Rambo springs up from the river and grabs hold of
one of the skids.

**EXT. HUEY - DAY**

Yushin's door gunner swings his M-60 around to bear on Rambo. But it's too late.

Rambo's hand shoots up and pulls him out.

**INT. HUEY - DAY**

The pilot feels the weight shift and looks back, sees Rambo on the skid. He "pulls pitch" hard.

**EXT. HUEY - DAY**

The Huey climbs, arcing radically.

**EXT. HUEY - DAY**

Rambo slips. Dangles.

**EXT. HUEY - DAY**

He crashes through the upper branches of a tree as the Huey climbs, banking in a tight arc.

He manages to heave himself up.

**INT. HUEY - DAY**

Yushin spins to see a filthy, blood-encrusted Rambo coming through the gun door. Yushin charges as Rambo swings inside.

Yushin draws his revolver but Rambo tackles him and drives him into the control panel.

With his free hand, Yushin grabs Rambo violently by the face digging his fingers into his eyes.
Rambo grimaces in agony. He takes the side of his hand and drives it into Yushin's throat. He breaks the hold. Rambo elbows him across the jaw.

Yushin grabs Rambo and flings him roughly against the opposite side of the chopper. He then kicks Rambo twice and is about to stomp him when Rambo rolls to his knees and drives his shoulder into Yushin's crotch and standing, rams the Russian forward. Yushin grabs Rambo's neck and is crushing the life out of him... Rambo manages to drop and twist free and kick Yushin in the face.

The pilot sees what is happening. He banks hard, trying to get Rambo to fall out the open door.

Rambo stumbles backward, but manages at the last second to grab the barrel of the M-60 doorgun and is suspended out the door.

Yushin grabs his pistol and aims as Rambo grabs his boot knife with his free hand and flings it into Yushin's chest...

The Russian staggers back then forward and raises his pistol at Rambo. At the last second he collapses and falls forward and past Rambo who manages to pull his knife from the Russian's body as he is falling.

The pilot struggles to maintain control and looks terrified as Rambo swings up and advances on him.

**EXT. RIVER - DAY**

A figure tumbles from the low-flying Huey and splashes into the estuary. The Huey dips and bucks, then rights itself and flies off.

**INT. HANGER - DAY**

Murdock looks like he hasn't slept in days.

Ericson approaches.
ERICSON
It's time...

MURDOCK
Yeah. Alert everyone, start packing, we're pulling out now.

Trautman walks in and hears the above.

TRAUTMAN
You're what?

MURDOCK
It's finished, Colonel...

Murdock exits.

EXT. P.O.W. CAMP - DAY

The SOUND OF A ROTOR gets louder.

A shadow falls upon the ten Viets and four Russians left to guard the camp.

A shape, an outline... in the glare of the sun.

Then...

EXT. RAMBO'S HUEY - DAY

Rambo unleashes the MINIGUN. The left guard tower vanishes in a cloud of falling splinters as THUNDER rolls across the valley.

The Huey pivots nimbly. The MINIGUN ROARS again. An orange lightning bolt vaporizes the right tower.

Three guards in the guards' barracks SHOOT at Rambo... They are destroyed.
EXT. PRISONERS' CAVE - DAY

Prisoners watch from their cell.

INT. RAMBO'S HUEY POV - DAY

The guard barracks seems to disintegrate as the MINIGUN sweeps across it... a shock wave of destruction behind which only flying kindling remains.

He pivots a last time and annihilates the sentry post with a one-second BURST.

EXT. P.O.W. CAMP TRUCK - DAY

A few soldiers have managed to take cover behind a truck by the main gate. They begin FIRING.

EXT. HUEY - LOW ANGLE - DAY

A ROARING silhouette in the metallic mist. The MINIGUN SPEAKS.

The truck is ripped open like aluminum foil, shrapnel flying. The soldiers cease to exist.

It is all over in seconds.

EXT. P.O.W. CAMP - DAY

The Huey settles to earth in the center of the compound.

EXT. CAMP - DAY

Out of the boiling, blasting dust and smoke, the figure of Rambo suddenly emerges.

Death incarnate encrusted with dried mud, dried blood, streaked with rivulets of sweat.

Rambo has detached the door gun from its sling and with the feed belt over his shoulder, carries it like a rifle.
He runs forward.

EXT. PRISONERS' CAVE - DAY

Rambo moves to the prisoner's cage in a battle-ready stance... Everywhere around him is smoking destruction.

EXT. P.O.W. CAMP TREE - DAY

Hidden behind a tree, one Russian OPENS FIRE... Next to the Russian is a mound of smooth rock.

EXT. HUEY - DAY

Banks levels his AK, killing the Russian and assists the wounded P.O.W. on board, then climbs in himself.

The TURBINE WHINE INCREASES, and the Huey slowly lifts off.

RAMBO HUEY/RUSSIAN HELICOPTER ATTACK SEQUENCE TO BE FILMED AS PER STORYBOARDS.

INT./ EXT. HUEY - DAY

Rambo seems drained of color, flying on nerve.

P.O.W.'s look forward as a broad river appears beyond a ridgeline less than a kilometer ahead.

BANKS
That's Thailand?

Rambo nods, eyes riveted straight ahead.

BANKS
(continuing, to the men)
We're home! We're home!

INT. HUEY - DAY
Rambo picks up the microphone.

RAMBO
Lone Wolf to Wolf Den -- Do you read?

INT. HANGER - DAY
Trautman and Murdock who have been waiting for further transmission suddenly hear Rambo's transmission.

TECH
We hear you, Lone Wolf. Come in.

INT. HUEY - DAY
Rambo talking into the microphone.

RAMBO
Prepare for emergency landing.
Arriving with American P.O.W.'s!
Over?

INT. HANGER - DAY
Everyone freezes as they wait for orders from Murdock... He remains silent -- eyes are shifting. Ericson looks at Trautman who yells...

TRAUTMAN
You heard. Prepare for arriving P.O.W.'s.

The personnel await Murdock's confirmation -- there is none forthcoming. They look at Trautman, then suddenly begin to scatter.

EXT. HANGER - DAY
Rambo's burning Huey descends toward the landing field. As the techs and other camp personnel stand watching, Murdock raises a pair of powerful field glasses.
EXT. HANGER - MURDOCK'S POV - TELEPHOTO - DAY

The image of the burning, mortally wounded Huey seems to waver through the long lens. It looks like a death ship, the Flying Dutchman with a crew of corpses and a demon at the helm, coming in out of the sky.

EXT. HANGER - MURDOCK - DAY

He slowly lowers the glasses.

Face ashen, Murdock heads into the operations hanger.

INT. HUEY - DAY

The chopper is burning badly and filling with black smoke.

EXT. HUEY - DAY

The Huey sheers sideways across the staging area. Its skids clip the top of the wires shearing off communications gear.

It hits the ground. Bounces and plows forward into the operations hanger.

INT. HANGER - DAY

Firefighters with extinguishers envelop the burning chopper in foam.

INT. HANGER - HUEY - DAY

The P.O.W.'s are pulled from the chopper.

INT. HANGER - RAMBO - DAY

He slides out of the flight seat and goes out the door. He quickly eyes Trautman then moves off into the hanger.
INT. HANGER - DAY

DOLLYING with Rambo as he heads past the mountain of communications equipment with relentless determination. The technical personnel fall back, letting him pass... Dust is everywhere.

INT. HANGER - TRAUTMAN - DAY

He sees Rambo and strides forward to intercept him, then pauses.

INT. HANGER - RAMBO - DAY

He shoves the equipment aside that is blocking his path to Murdock, who is seen retreating. Ericson stands in his way. Rambo, without breaking stride, clubs him with the butt of his knife.

INT. HANGER - DAY

Rambo moving, silhouetted, closer to the HUMMING communications area, reeking of jungle, blood and death... Murdock is against the wall... no where to hide.

INT. HANGER - DAY

Rambo closes in on Murdock, looming. Murdock starts to move away, Rambo grabs him from behind, spins him down on top of a crate and raises his knife.

    RAMBO
    We win... you lose! Mission Accomplished!

And with all his strength impales it next to Murdock's terrified face.

    RAMBO
    (softly)
There's more men still out there, find them, or I'll find you.

EXT.  HANGER - DAY

Rambo steps steadily out into the waning light. He takes a deep, slow breath. Starts to walk and sees Banks in the distance.

BANKS
(weakly)
... Thanks.

Rambo nods back...

In the b.g., they are carrying the P.O.W.'s stretchers or pushing them in wheelchairs toward the medical facility.

Everyone stares at Rambo with respect.

EXT.  HANGER - DAY

Trautman steps in alongside Rambo.

TRAUTMAN
John... Where are you going?

RAMBO
... I don't know.

TRAUTMAN
You'll get a second medal of honor for this.

RAMBO
You should give it to them...
    (indicates P.O.W.'s)
They deserve it more.

TRAUTMAN
You can't keep running. You're free now... Come back with us.

RAMBO
Back to what? -- My friends died here... part of me died here.

TRAUTMAN
John, the war, everything that happened here may have been wrong, but dammit, John, you can't hate your country for it.

RAMBO
Hate? -- I'd die for it.

TRAUTMAN
Then, what is it you want?

RAMBO
What do I want? I want what they want...

(indicates P.O.W.'s)
And what every other guy who came over here and spilled his guts and gave everything he had wants... for our country to love us as much as we love it... That's what I want. And that's what they wanted.

(indicates P.O.W.'s)

TRAUTMAN
How will you live, John?

RAMBO
Day by day.

Rambo walks with his head held high until he fades into the smoke and distance.

FADE OUT.

THE END
