BEGIN MAIN 'TITLE SEQUENCE:

An impressionistic montage:

A SILHOUETTED MAN in front of mirror dons his Marine dress blues. Spit polish shoes laced. Medals clipped to jacket. All in CLOSE-UP. We never see him fully.

The Man puts HIS HAT squarely on his head. EYES glint.

On the man's dresser: MARINE MEMORABILIA. Three Purple Hearts, photos of a WOMAN (his wife), PHOTOS OF MARINES in combat locales. TIGHTER into the photos, we HEAR PANICKED VOICES, EXPLOSIONS, NOISES OF BRUTAL COMBAT.

IMAGES: Through smoke, a desperate MARINE PRIVATE who knows he will never be rescued... TWO MARINES walk up to a farmhouse door; through the screen we see a MOTHER AND DAUGHTER who know what the news will be...

IMAGES: A MARINE COLOUR GUARD carries a COFFIN... Now we are the coffin as a FLAG drapes down on us. placed into a YOUNG WOMAN'S HAND.

Now we're in ARLINGTON CEMETERY. Images of the cemetery are reflected in wet puddles, as the SPIT-SHINED SHOES walk past images of the TOMB OF THE UNKNOWN SOLDIER a ROW OF GRAVES comes into focus

A1G CLOSE-UP on the MARINE'S HAT, and his EYES. Suddenly AN EXPLOSION and we see --
A MARINE in a jungle, radioing for help: 'You gotta get us outta here sir, Jesus, they're all over us... ! And an' EXPLOSION ends the communication ...

AII  CLOSE-UP on the MARINE'S EYES and FADE IN:

EXT.  ARLINGTON NATIONAL CEMETERY - MORNING

Two groundskeepers on "ride 'em" lawn mowers, BENNIE and MARLIN, smoke Camels and watch the MARINE OFFICER from the opening montage. He's alone, across the cemetery.

BENNIE
You'll get used to him. Every Sunday morning - rain, snow, holidays nothin, keeps him Away.

ACROSS THE CEMETERY

HUMMEL
Hi Barb. The house sold yesterday. I know, I know, the market's depressed. Anyway, I'm leaving the area. Some things I have to do. Things I couldn't do while you were here. Maybe you would have approved. Hell, I know you wouldn't have. (beat) I've tried everything and I can't seem to get their attention. But now they'll learn how it feels on the other side. Let's hope it elevates their thinking.

Hummel puts new flowers on the grave. Walks off.

EXT.  ACCESS ROAD TO ARMY WEAPONS COMPOUND - NIGHT

Heavy rain. A road next to a heavily guarded bunker facility. A canvas
covered ARMY TRUCK blows a tire in the road. The DRIVER gets out. Inspects the tire.

INT. ARMY TRUCK - NIGHT
FOUR MARINES in black suits dive through a hole in the truckbed floor into a MANHOLE IN THE ROAD.

EXT. ARMY WEAPONS COMPOUND - FRONT GATE - NIGHT
Three ARMY M.P.s at the front GUARDHOUSE. GENERAL HUMMEL pulls up in a SUBURBAN. The M.P.s immediately recognise him and stand more rigidly.

ARMY M. P.
General Hummel, sir. It's an honour. Is the Colonel expecting you, sir?

HUMMEL
Held better be. This is a security inspection.

ARMY M. P.
Yes, sir!

The M.P. waves Hummel in, saluting crisply.

INT. GRATED STORM DRAIN IN BUNKER COMPOUND - NIGHT
The four marines from the truck are waiting, readying arms. The leader is looking at his watch. Gives a hand signal to the others, and up they go --

EXT. BUNKER COMPOUND - NIGHT
The four marines emerge from the storm drain and move toward covered positions in the compound.
200 YARDS AWAY - TWO ARMY "MAGAZINE CHECKERS" emerge from a building with clipboards, on routine check.

INT. BUNKER SECURITY BUILDING - NIGHT

The Army M.P.s escort General Hummel inside. THREE ARMY GUARDS spring up from their SURVEILLANCE MONITORS. Everyone's nervous, in awe, rigid at attention. COLONEL CALLAHAN emerges from an adjacent room, sleepy-eyed.

COLONEL CALLAHAN

General Hummel! This is a surprise!

HUMMEL

That's the idea, Colonel.

EXT. BUNKER COMPOUND - WATCH TOWER - NIGHT

Two marines position themselves outside the door to the bunker compound's elevated watch tower.

...EXT. BUNKER COMPOUND - NIGHT

Below the watch tower, the ARMY MAGAZINE CHECKERS approach. Marines 1 and 2 spring out, armed with M-16s with over/under grenade launchers. They shoot BEAN BAG projectiles at the Army Guards, who collapse, dazed.

INT. BUNKER COMPOUND WATCH TOWER - NIGHT

Marines 3 and 4 burst inside the watch tower. The guards inside spring up. BOOM BOOM, they're hit by bean bag projectiles, propelling them out the windows of the watch tower. They fall 10 feet and lie unconscious.
EXT. BUNKER COMPOUND - NIGHT

Marines 1 and 2, now in MAGAZINE CHECYERIS UNIFORMS, move to the BUNKER DOOR. They open the door with the Magazine checker's CODDED CARDS.

INT. CHEMICAL WEAPONS BUNKER - NIGHT

Two ARMY GUARDS, playing poker, look up at the entering marines. Marines 1 and 2 walk straight up to the Army Guards, holding them at bay with M-16s. Before any words are spoken, one of the marines injects each of the guards with a VACCINE PISTOL.

INT. BUNKER SECURITY BUILDING - NIGHT

Four more marines led by SGT. CRISP enter, holding Col. Callahan, General Hummel and the Army Guards at bay.

SGT. CRISP

This is a security exercise, sir. We've fully breached and infiltrated your compound. I'm afraid you and your men are my prisoners, sir.

The marines begin cuffing the Army Guards to the radiator and taping their mouths.

SGT. CRISP

Sorry sir, you realise the importance of these exercises.

HUMMEL

(to Callahan)

Ten men who could have been terrorists are out there doing whatever they damn well please to your compound, Colonel. Here you sit with your ass chained to a fucking radiator. This is not a tight ship. I would not want to be in your shoes in the morning.
Sgt. Crisp hits the FRONT GATE’S OPEN BUZZER and follows Hummel out of the room.

**EXT. ARMY WEAPONS COMPOUND - FRONT GATE - NIGHT**

The gate swings open. TWO HUMVEES enter the compound.

**EXT. CHEMICAL WEAPONS BUNKER - NIGHT**

The marines use a 'rabbit tool, (hydraulic, compact and powerful) to pry open the bunker's steel doors. They rush down a hallway.

**CHEMICAL WEAPONS BUNKER - INTERIOR HALLWAY - NIGHT** - The marines rush up to another steel door and quickly pry it open.

**INT. C.B.W. BUNKER - NIGHT**

A refrigerated storage room for chemical weapons. Storage tubes are labelled: V.X. POISON GAS. Across the room are rockets labelled: 55 115 MM BOLT ROCKETS.

Using the TRACK HOOK SYSTEM in the bunker's ceiling, the marines move the V.X. CHEM ROUNDS and BOLT ROCKETS to the waiting humvees. It's very fast, like clockwork.

**EXT. ARMY WEAPONS COMPOUND - FRONT GATE - NIGHT**

The Humvees, followed by Hummel in his Suburban, roar out of the compound. CUT TQ:

**INT. H "EL'S SUBURBAN - NIGHT**

Hummel on a c.b. radio: A textbook exercise, gentlemen. Rendezvous in eleven hours.
EXT. F.B.I. FIELD OFFICE, FT. DIETRICK, MD. - DAY

Establish headquarters for chemical/biological weapons.

INT. F.B.I. OFFICE - CHEMICAL/BIOLOGICAL DIVISION - DAY

A WINDOWED DOOR stencilled "Chemical/Biological Weapons Division." A RUBBER DART hits the glass and drops into A TRASH CAN next to the door.

ISHERWOOD
(V.O.)
Son of a bitch...

GOODSPEED
(V.O.)
You owe me five dollars, Marvin.

ACROSS THE ROOM - BILL GOODSPER, 30, and partner/trainee MARVIN ISHERWOOD, 25, feet up on desks, with toy guns. This is Man's Boredom.
A ceiling fan circles. Isherwood yawns; scratches neck with his gun barrel.

GOODSPEED reloads. Aims. Fires.

THE DART hits A CARDBOARD TARGET across the room which activates a Rube Goldberg series of events ending in a PLASTIC GIRL being ignited in a PAN OF CHEMICALS.

GOODSPEED, without even getting up, casually sprays the pan with flame retardant foam.

ISHERWOOD
(yawns)
I was told this was exciting work.

GOODSPEED
Patience, Marvin. It has its moments.
A KLAXON sounds. Isherwood smiles excitedly.

INT. F.B.I. CHEMICAL WEAPONS - BASEMENT CORRIDOR - DAY

Isherwood follows Goodspeed down a grimy, off-white corridor illuminated by antiseptic light. This is an older building. Hasn't been refurbished and shows it.

INT. F.B.I. CHEMICAL WEAPONS - LABORATORY - DAY

A medium-sized laboratory, where 5 F.B.I. TECHNICIANS are bent over tables of beakers, test-tubes, Bunsen burners, etc. The room and equipment are old and used; could be 1976 rather than 1996.

Along one side of the lab is a plexi-glass wall. Inside the plexi-glass is an airlocked GAS CHAMBER. F.B.I chemists LONNER and LING motion to Goodspeed.

DR. LONNER

C'mere, Billy.
(points inside gas chamber)
A dog at J.F.K. got a whiff of something postmarked to a Bosnian refugee camp. Could be detergent, could be seran gas.

INSIDE THE GAS CHAMBER - is a LARGE WOODEN CRATE next to a TABLE OF POISON DETECTION INSTRUMENTS.

ISHERWOOD

Bosnian refugee camp? I don't get it.

GOODSPEED

Half a million Serbians reside in the U.S., Marvin. Serbians don't like Bosnians. Read a newspaper. It's good for you.
your hand.

Isherwood does so. It's shaky.

**ISHERWOOD**

I'm okay. Really. Let's do it-

Hold on Goodspeed's uncertain look, and CUT TO:

INT. GAS C ER - DAY - MINUTES LATER The door HISSES open. Goodspeed and Isherwood, in vulcanized rubber suits and visored helmets, enter. They go to the INSTRUMENT TABLE before the crate.

A GLASS VESSEL with tiny air holes (like a salt shaker) descends from the ceiling. Inside are COCKROACHES.

**GOODSPEED**

Coal miners use canaries, we use those. Sorry guys.

**DR. LING**

(into mike)

We have airlock, Bill. Proceed.

**GOODSPEED**

(into helmet mike)

July 1, 0.900 hours, agent william Goodspeed and agent/trainee Marvin Isherwood. Initiating exam of a wooden crate. Suspicion of seran gas device inside.

Goodspeed grabs a pry-bar from the instrument table-and slowly pries open the crate's wooden lid. He motions to Isherwood. Together they gingerly lift the lid.

INSIDE THE CRATE - it's filled with "UNICEF" type stuff. Goodspeed lifts out a HOT-PLATE. Isherwood lifts out an EGG BEATER. Gocidspeed runs a
POISON SENSOR past each.

GOODSPEED
Appears to be kitchen items, cleaning agents, and... (lifts out a sweatshirt) ... old clothes.

ISHERWOOD
This is thrilling.

Isherwood lifts out a DOLL. Goodspeed's POISON SENSOR'S NEEDLE goes crazy...!

GOODSPEED
Careful, goddamn it Marvin!

The doll's eyes open. Its mouth blast a PINKISH SPRAY, hitting Goodspeed's forearm and Isherwood's palm.

OUTSIDE THE GAS CHAMBER - DR. LING stabs a button marked "exhaust" and another marked "emergency."

A KLAXON sounds. F.B.I. TECHNICIANS race for the exit.

IN THE GAS CHAMBER - The pinkish gas hovers in the air. CEILING EXHAUST FANS begin to suck it up.

IN THE GLASS VESSEL - The cockroaches convulse, flip in the air and explode, guts splattering the vessel walls.

ISHERWOOD
What's hap... what's happening....?
DR. LING looks at a DIGITAL CLOCK on the control panel.

**DR. LING**

Don't panic, Bill. 50 seconds and the gas will clear. You're okay.

Goodspeed grabs the doll from Isherwood, slams it on the table, and grabs A SCALPEL. Cuts open the doll's chest.

**GOODSPEED**

I've got some bad news and some really bad news. The bad news is the gas is corrosive. It's eating our suits.

ISHERWOOD looks at his RUBBER GLOVES. The rubber is beginning to bubble and corrode.

**DR. LING**

What's the really bad news.

GOODSPEED peels back the doll's plastic chest, revealing: a C-4 EXPLOSIVE DEVICE and TEN POISON AMPULES.

**GOODSPEED**

Enough C-4 explosive to blow the chamber and enough poison gas to kill everybody in the building.

Isherwood's and Goodspeed's rubber gloves are melting.

**ISHERWOOD**

The acid's eating... it's eating my fucking suit...

**GOODSPEED**

Chill, Marvin.  
(yells outside)
**WHERE'S THE GODDAMN SPRINKLERS?**
Dr. Lonner flips on the sprinklers. The pipes KNOCK. A FEW PATHETIC DROPS trickle from the SPRINKLER HEADS.

**DR. LONNER**

Something's blocking the pipes, Bill. When in Christ's name are they gonna give us a new building ...

**DR. LING**

Get the atropine, Isherwood. The atropine, Marvin.

Isherwood, terrified, jerks open an OVERHEAD CABINET, revealing several 6 inch needed SYRINGES.

**DR. LING**

You die, we all die, Bill. Inject yourself, then diffuse it.

(Goodspeed continues to inspect-the device)

Goddamn it, Bill, take the antidote.

Isherwood fumbles with a huge syringe.

**GOODSPEED**

Get that away from me.

(to himself)

I hate needles.

**DR. LING**

**INJECT YOURSELF!**

**GOODSPEED**

**LONNER, WHERE'S THE GODDAMNED WATER?**

The pipes are KNOCKING, now they're COUGHING.
DR. LONNER

It's coming, it's coming ...

ISHERWOOD sinks to his knees, holding the huge syringe in front of his heart, hari-kari style, hands trembling ...

GOODSPEED concentrates on the device; his calm is unsettling. His hands flash, grabbing instruments and performing precise, deft, functions. He snips a wire and splices it. Another. Another.

DR. LING

(sweating it out)

Ten seconds, Bill.

Isherwood moves the syringe closer to his chest.

ISHERWOOD

Oh fuck oh shit oh fuck THIS IS LIKE FUCKING PULP FICTION ONLY

IT'S REAL.

Isherwood drops the syringe. Fumbles for another... GOODSPEED, ice-cold, continues on the device ...

DR. LING

Five seconds, Bill, four seconds, Jesus Christ ...

GOODSPEEDIS RUBBER GLOVE is stretched to transparency. we see GOODSPEED'S FLESH through the acid-eaten rubber. He makes one final cut-and-clamp, THE DETONATOR on the poison gas turns off.

DR. LING

Three, two... the gas is clear!
OUTSIDE THE GAS CHAMBER - GREEN LIGHTS FLASH on the control panel and A TORRENTIAL SPRAY soaks GOODSPEED AND ISRERWOOD. Isherwood is wide-eyed and trembling. Goodspeed glares at him.

DR. LING
Next time use the atropine!

GOODSPEED
I don't like needles.

EXT. GEORGETOWN - STREETS/ALLEYWAY - DAY
The bohemian part around Georgetown U. Goodspeed heads down an alley between two townhouses. LOUD COUNTRY MUSIC emanates from an apt. above. Goodspeed ascends.

INT. GEORGETOWN - GOODSPEED'S APARTMENT - DAY
A young woman stands in the middle of the living room, belting out a Carlene Carter tune in cowboy boots, rhinestone blouse and skirt. CARLA PESTALOZZI, 20's, is playing guitar, accompanied by a boom box.

CARLA
Every little dream I dream about you, Every little song I sing about you, It drives me crazy when you go away, (notices Goodspeed) Wanna keep you locked up at home ...

Goodspeed walks past her into the kitchen. Carla turns down the music. Goodspeed re-enters with a Budweiser.

CARLA
(New Jersey accent)
Hey there.
GOODSPEED

Hey honey.

CARLA

Wrote a new song. Wanna hear it?

Goodspeed sits heavily on the couch. Rubs his temples.

GOODSPEED

Not now.

CARLA

Boy, somebody's in a bad mood.

GOODSPEED

Yeah, somebody's in a bad mood.

Carla changes the c.d.: A PUCCINI OPERA plays.

CARLA

Better?

GOODSPEED

Much better. She sits with him. Puts her arm around him.

CARLA

What happened baby. Tell me.

GOODSPEED

Had a close one.

CARLA

You want to talk about it?

GOODSPEED

Not really.

CARLA

You know how I feel about what you do.

GOODSPEED

Could we change the subject?
CARLA

That record company in Nashville wants to hear my demo tape.

GOODSPEED

Hey! Now there's some good news.

CARLA

You think I'm too... ethnic for country music?

GOODSPEED

GOODSPEED

Stick with Carla.

CARLA

Okay. How 'bout Carla Goodspeed? (GOODSPEED frowns)

Six years, Bill. We've lived together six years.

GOODSPEED

We've talked about this, Carla, we've talked it up, down, inside and out ...

CARLA

Billy, this probably isn't the best time ...

Bill, I'm uhhh.

CARLA

I'm pregnant.

GOODSPEED

You're what ... ?
She holds up a positive home pregnancy test and cut to:

**EXT. DESERT AREA (SOUTHWESTERN U.S.) - DAY**

Two gunships roar over camera and land next to the two Humvees. The Huey's doors open. Marine Captains Frye and Darrow, both late 20's, drag out two Marine lance corporals, bound and gagged, and sit them down. Other marines roll gurneys laden with chem rounds, rockets, and other equipment onto the Hueys.

They Hueys ascend and scream off across the desert and cut to:

**EXT. SAN FRANCISCO - AFTERNOON**

Establishing shots of San Francisco and Alcatraz Island in the middle of San Francisco Bay.

**EXT. ALCATRAZ ISLAND - AFTERNOON**

A park ranger (Joe) leads a group of 80 tourists across the prison exercise yard. In the background looms the city of San Francisco and Golden Gate Bridge.

**PARK RANGER JOE**

Alcatraz - "the Rock" - is the most famous, and was the most feared, prison ever built. Here the inmates were allowed one hour of daily exercise.

**FEMALE TOURIST**

Is it really true no one escaped?

**PARK RANGER JOE**

True, madam. From 1936 until the prison's closing in 1963, there were fourteen attempts but no one's believed to have made it to shore - alive at least.

The tourists file off toward the main cell house. Bringing up the rear

Hummel motions to Crisp, who bleeds off with Scarpetti and Royce. Hummel and the others continue with the group.

INT. ALCATRAZ - MAIN CELL HOUSE - AFTERNOON

Cell Blocks B and C, which inmates called "Broadway." A long corridor with three tiers of cells on each side.

The Ranger leads the tourist group inside.

PARK RANGER JOE
Al Capone; Machine Gun Kelly; Robert Stroud, the Birdman of Alcatraz; all lived in these cells.

The Ranger pulls the CELL DOOR OPEN/SHUT LEVER (recessed in the wall at the end of cell block). All the cell doors on the first floor slide open.

PARK RANGER JOE
Now Ladies and Gentlemen, the U.S. Park Service cordially invites you to become inmates of Alcatraz - temporarily of course.

The tourists laugh and move inside the cells.

EXT. ALCATRAZ - WHARF - AFTERNOON The side across from San Francisco. The TOURIST BOAT is docked in front of the U.S. PARK RANGERS' OFFICE.

Sgt. Crisp and Phts. Scarpetti and Royce walk up to the Ranger's office. They look left and right, then enter.

INT. ALCATRAZ - U.S. PARK RANGERS OFFICE - AFTERNOON TWO PARK RANGERS
and a SECRETARY look up.

**ALCATRAZ PARK RANGER**

You're not supposed to leave the tour, guys. Is there a problem?

**SGT. CRISP**

Big problem.

**INT. ALCATRAZ - MAIN CELL BLOCK - AFTERNOON**

The tourists are in the cells, looking around. Park Ranger Joe notices Hummel, Baxter, and the other marines standing behind him. Smiles:

**PARK RANGER JOE**

Don't want to be locked up, fellahs?

**HUMMEL**

Not today. You go ahead.

**PARK RANGER JOE**

I don't think so hah hah.

Baxter draws a .45 and places it to Ranger ioe's head.

**HUMMEL**

I think so.

Startled, Park Ranger Joe backs into a cell. Baxter grabs the cell door open/shut lever and yanks it. The cell doors CLANG shut. Hummel, Baxter and the others walk off.

**TOURISTS**

Hey, what are you doing... ? -- wait a minute, what's going on... ?

**EXT. ALCATRAZ - PARADE GROUND - AFTERNOON**

Hummel and Baxter walk up to the PARADE GROUND as THE TWO HUEY GUNSHIPS approach. They hover above the parade ground. Cpts. Frye and Darrow rope-deploy from the Hueys. They stand at attention, saluting Hummel and Baxter.

**CAPTAIN FRYE**

General Hummel: Captains Frye and Darrow.
**HUMMEL**  
Deploy as planned, Captain.  

(unison)  
Aye, aye, sir.  

**FRY AND DARROW**  
They hand signal to the Huey pilots. The Hueys take off around the back of the island.  

**CUT TO:**  

A MONTAGE of short INTERCUT scenes, all AFTERNOON:  

THE INFIRMARY, UPSTAIRS ROOM A former hospital room will be the command and communications center. PVTS. GAMBLE and STARLING set up a portable desk, chair, and an array of communications equipment (including portable satellite dish and look out).  

**EXT. THE ISLAND'S SHORELINE**  

CPT. HENDRIX AND PVTS. ROYCE and SCARPETTI lay motion sensors on the perimeter.  

**INT. THE PRISON MORGUE**  

PVTS. COX and MCCOY load the V.X. CHEM ROUNDS from INSULATED COOLING BAGS (size of a big gym bag) into the morguels CORPSE DRAWERS.  

MAJOR BAXTER sets up a PORTABLE Rocket LAUNCHER.  

**EXT. MAIN CELL HOUSE ROOFTOP** CAPTS. FRYE and DARROW set up a second portable rocket launcher.  

**INT. ALCATRAZ - MAIN CELLHOUSE - DAY**  

The tourists are now panicked, confused, and making a commotion. Shouting and yelling. A woman is crying.  

Suddenly a .45 is fired. Total silence. Hummel and Baxter, followed by PVTS. Gamble and Starling (pulling a gurney stacked with MARINE FIELD RATIONS), walk to the middle of the cell block.
HUMMEL
Hello Ladies and Gentlemen. You are my prisoners. I have no intention of harming you. You will be fed regularly. That is all you need to know for now.

Gamble and Starling begin passing out the field rations. 53 INT. WASHINGTON D.C. - J. EDGAR HOOVER BUILDING - NIGHT F.B.I. Director JAMES WOMACK exits his office in a tuxedo, trailed by MARGIE WOOD, a young F.B.I. Agent.

F.B.I. DIRECTOR WOMACK
Can it wait till morning, Agent Wood, I'm going to hear Bruce Springsteen ... 

AGENT WOOD
(re: Womack's tux)
In that?

F.B.I. DIRECTOR WOMACK
Christ, the concert's for the Prince of Wales or somebody ...

AGENT WOOD
I really think you should take this call personally.

They stare at each other and CUT TO: 54 INT. HOOVER BUILDING - DIRECTOR WOMACK'S OFFICE - NIGHT -- Womack, grabbing his phone. F.B.I. DIRECTOR WOMACK F.B.I. Director Womack.

HUMMEL (V.O.)
First: I am holding eighty-one civilian hostages on Alcatraz Island. Make an excuse to their families and do not alert the media or there will not be eighty. Second: fifteen guided rockets armed with V.X. poison, are currently aimed at the population of San Francisco. I will call again at 0-hundred hours and state my demands.

F.B.I. DIRECTOR WOMACK
Wait. Who is this?

HUMMEL
Brigadier General Francis X. Hummel.

CLICK. Womack stares at the phone: calls to outer office:

F.B.I. DIRECTOR WOMACK

Mary Jane, get the Pentagon! (to Agent Wood) Call the San Francisco office. It seems Alcatraz was just re-opened.

Agent wood gives him a curious look and CUT TO:

INT. ALCATRAZ - INFIRMARY/COMMAND CENTER - AFTERNOON

Cpts. Hendrix, before Hummel.

HUMMEL

At ease, Gentlemen. It is traditional for me to meet with my officers before an operation. The heart performs one thing, the legs another, the brain another - all better function together or the body becomes ill, is prone to disease. (beat) Major Baxter, Gunny Crisp and I have been on the front lines since 'Nam.' Captain Hendrix was my adjutant in the Gulf. Get a haircut, Pete, you're lookin' beatnik.

(The crew-cutted HENDRIX smiles Captain Frye, Captain Darrow.)

You and your men are new to me.

CAPTAIN FRYE

Would the General like a recitation of our service records?

HUMMEL

I'm well aware of your service records, Captain, they are excellent. I want to be clear on why you - why all of us are here. You both stand to profit from this.
CAPTAIN FRYE
Profit is not my motive, sir. I am here to redress a wrong.

CAPTAIN DARRROW
Yes, sir, and to learn some people a lesson.

HUMMEL
This country has places where wrongs are redressed, Captain Darrow: They are called courts of law. In the military, they are called Courts Martial. This country has places where lessons are learned. They are called schools. Am I confusing you?

CAPTAIN DARRROW
Well, sir, frankly ...
EL I see that I am ' (beat)

HUMMEL
The only accurate term for what we are doing here is treason. Plain and simple. An insurrection against a government to which we have sworn allegiance. Everyone in this room must understand that.

Hummel looks from face to face, studying each.

HUMMEL
The question is what kind of traitor are we. Coward or lion? Benedict Arnold, or Thomas Jefferson? I have posed that question to myself, have answered it, and my conscience is clear. Have all of you?

HUMMELS' OFFICERS
Yes, sir.

HUMMEL
Within thirty-two hours you will leave this country and not return. All of you can live with that?

OTHER OFFICERS (unison)
Yes, sir.

**HUMMEL**

Well, I cannot. So, regardless of what happens on this island in the hours ahead, I will stay. The men exchange surprised glances.

**CAPTAIN HENDRIX**

But General, you'll be prosecuted.

**HUMMEL**

Yes, Captain. And I plan on conducting my own defense. It will make the O.J. Simpson trial look like an episode of "Perry Mason." Take your posts, gentlemen. Semper fi.

Hummel's men fall out and exit. Baxter, the last to exit, salutes Hummel.

**INT. PENTAGON - SITUATION ROOM - NIGHT**

Many people around a table, each with a DOSSIER on Hummel:

F.B.I. Director Womack (still in tuxedo), F.B.I. agent Margie Wood, White House Chief of Staff HAYDEN SINCLAIR, National Security Advisor LOUIS LINDSTROM, Chairman of the Joint Chiefs GENERAL ALBERT KRAMER, Air Force General PETERSON, and C.I.A. Director MILTON AMWAY.

**GENERAL KRAMER**

Last night Hummel and eleven marines, under the guise of a security exercise, walked off with fifteen V.X. rockets. It wasn't discovered until the shift change this morning.

ON THE SCREEN - A YOUNGER HUMMEL in Vietnam.

**GENERAL KRAMER**

Here he is in Vietnam - I think a Major at the time.

MORE SLIDES OF HUMMEL in various international theaters.

**HAYDEN SINCLAIR**

Four tours in Vietnam, Grenada, Panama, Desert Storm.
Three purple hearts... two silver stars and... the Congressional Medal of... Jesus. (looks up)
The man is a hero.

GENERAL KRAMER
A legend. During Tet he held off a brigade of V.C. single-handedly. Saved his whole company. Hence the nickname "gunfighter."

F.B.I. DIRECTOR WOMACK
What was this book Hummel wrote on Vietnam? Anybody read it?

RAYDEN SINCLAIR
No. Give me the skinny.

GENERAL KRAMER
The "skinny," Mr. Sinclair, is that the U.S. should have either won the war or gotten the hell out of Vietnam and stopped wasting American lives. I happen to share General Hummell's view.

The door opens. A NAVAL ATTACHE pokes his head in.

NAVAL ATTACHE
General, it's him. The call connects to a phone on the table.

GENERAL KRAMER
Frank, this is Albert Kramer.

HUMMEL
Hello Al. How'sre Judy and the kids?

GENERAL KRAMER
They're fine. I'm with General Peterson, F.B.I. Director Womack, Chief of Staff Sinclair, Security Advisor Lindstrom,
and C.I.A. Director Amway. You've got a lot of people worried, Frank. Can you help us out?

INTERCUT - PENTAGON and ALCATRAZ as necessary.

HUMMEL
I'll come straight to the point, General Kramer: Eighty-three Force Reconnaissance Marines have died under my various commands. Forty-seven in northern Laos and southern China ...

HAYDEN SINCLAIR
Southern China? We never admitted we sent troops into China.

There is a pause.

HUMMEL
Who is that. Identify yourself.

Everyone stares at Sinclair.

HAYDEN SINCLAIR
White House Chief of Staff Sinclair, General.

HUMMEL
How old are you, white House Chief of Staff Sinclair.

RAYDEN SINCLAIR
I'm thirty-three.

HUMMEL
Well White House Chief of Staff Sinclair, by your ninth birthday I had led over two hundred incursions into China and personally killed that many of the enemy. General, put some duct tape over Mr. Sinclair's fat, ignorant mouth. He has shit for brains and he is wasting my time.
Sinclair's irritation is relieved by the Naval Attache, entering again, who hands him a phone and whispers:

**NAVAL ATTACHE**

The President calling from Moscow.

Sinclair walks to the far corner of the room with the phone, speaking sotto voice.

**GENERAL KRAMER**

Continue Frank.

**HUMMEL**

Eighteen others died in covert, illegal operations in Chile and El Salvador. Remember the Gulf War. Those pretty "smart bomb" pictures on C.N.N.? My men lased those targets. Ten were left to rot outside Baghdad when the conflict ended — and let's not even mention Mogadishu, gentlemen. No benefits were paid to their families; no medals conferred. These men died for their country and they weren't even given a coddamn military burial.

(beat)

This situation will not stand: you will transfer 100 million dollars from a Grand Cayman "Red Sea Trading Company" account to an account I designate. From these funds, reparations of one million dollars will be paid to each of the 83 marines, families. The rest of the money will pay for my outfit's expenses. Am I clear?

**F.B.I. DIRECTOR WOMACK**

Except for the Red Sea Trading Company. What is that?

**HUMMEL**

Identify yourself.
F.B.I. DIRECTOR WOMACK
F.B.I. Director Womack, General.

HUMMEL
You'll be particularly interested: It's a slush fund where the Pentagon keeps proceeds from illegal arms sales.

GENERAL KRAMER
Frank, Jesus, this is classified information.

WOMACK
(stunned)
Is this true?

General Kramer, embarrassed, nods yes.

HUMMEL
If you want the money back, you'll have to tell the attorney General and the boys down at Justice where it came from. Good luck.

Hayden Sinclair returns to the table.

HAYDEN SINCLAIR
General, I've just spoken to the President and he is clear as hell on this: We will not negotiate with you and we do not care if ...

HUMMEL
Someone please gag that man.
(beat) Alert the media, I launch the gas. Refuse payment, I launch the gas. It is just after midnight. You have 36 hours - all of today and half of tomorrow, until 12 noon - to transfer the money. Don't even consider the standard counter measure, General.

GENERAL KRAMER
What's the potential casualty rate of a single rocket
armed with V.X., General Peterson?

GENERAL PETERSON
In a dense urban area, sixty, seventy ...

RAYDEN SINCLAIR
Well that's not so bad ...

I GENERAL PETERSON
Thousand. Seventy thousand. Dead. one teaspoon will
kill all living organisms in a three story office building.
Get the
point?

F.B.I. DIRECTOR WOMACK
What did Hummel mean by "standard countermeasure,"
General?

GENERAL PETERSON
Napalm. Standard poison gas can be neutralized by napalm.
It burns it up -- consumes it upon detonation. The problem
is
that V.X. gas is ten times more toxic and designed to
withstand napalm.
Hummel must know about Willy Peter, General.

GENERAL KRAMER
'Course he does.  (explaining to others)
"Willy Peter," short for "White Phosphorous Incendiary
Device," still
in its test phase. It detonates at 6,000 degrees, enough
to burn up V.X.  
(dawning on him)
That explains Hummell's time frame. He knows we're not
operational. What would it take, General?

GENERAL PETERSON
To equip a flight of F-16s with Willy Peter in 36
hours? An act of God.
(off Kramer's look)
All right, we can try. But
view the use of Willy Peter as a secondary initiative.
GENERAL KRAMER
Then on to our primary initiative. (hits intercom button)
Send in S.E.A.L. Team Leader Anderson. (to F.B.I. Womack)
Who's your best chemical biological man?

AGENT WOOD
(rises)
I'll find out.

F.B.I. DIRECTOR WOMACK
Tell him to pack a bag for San Francisco.

EXT. GOODSPEED'S HOUSE - ROOFTOP - NIGHT Tarpaper and gravel roof.
Candles burning. Loretta Lynns "Stand by Your Man" on the boom box.
AMONGST THE RUSTY SUPPORT SCAFFOLDS of an old sign from the 120's --

CARLA and GOODSPEED are, to put it delicately, madly passionately athletically fucking. Standing up. They both have robes on. A CORDLESS PHONE RINGS. Again.

CARLA
Don't stop... do no stop.

GOODSPEED
Shit, shit, shit what time is it.
(fumbles for phone)
Hello.
(pause)
I'll be downstairs in ten minutes.

GOODSPEED hangs up. The couple stares at each other. Carla's seen this look before ...

GOODSPEED
I've got to go to San Francisco.

CARLA
No. I'm sorry, but NO. I need you here with me. We need to talk about this...

GOODSPEED
I've got to go. She grabs his arm. I can't... I cannot deal with this right now... (softly) Bill, I am very Catholic. And very pregnant. And very unmarried. Help me with this.

She turns away from him. He pulls her back...

GOODSPEED
I love you. I will marry you. I just didn't plan on this, that's all. Tell you what: come to San Francisco.

CARLA
Really?
(smiles)
Really?

GOODSPEED
It's probably just a training exercise. Check into a hotel, order up some champagne, I'll finish up my business and...

CARLA
... We'll finish what we started. Baby, are you sexy in those boots...

GOODSPEED walks off in COWBOY BOOTS, robe and boxers,...

INT. PENTAGON - SITUATION ROOM - NIGHT U.S.N. commander CHARLES ANDERSON, 35, just the hardest looking man you've ever seen, stands before the group. Anderson is a Navy S.E.A.L., an Incursion Team Leader. Before Anderson are AERIAL RECON PHOTOS of Alcatraz.

COMMANDER ANDERSON
A precision night drop is out due to the full moon. Likewise on a frontal, seaside attack: at the first shot, Hummel might launch. My second in command is working on an attack from within the prison.
(beat)
The idea is to penetrate the tunnels under the prison, undetected, emerge in its center, and jump the marines from behind - take their rocket positions without a shot fired. But I need better intelligence.

GENERAL KRAMER
You've studied the architectural plans.

COMMANDER ANDERSON
They're useless. Alcatraz was originally a Civil War fort. It's been ripped up and rebuilt for years. Under there is a maze of shit, excuse my language.

(beat)
What I need is personal, firsthand intelligence on the island's tunnels.

CAMERA FOCUSES ON F.B.I. Director Womack, who gives a very significant look to C.I.A. Director AMWAY.

GENERAL KRAMER
The former warden?

AGENT WOOD
Died in 1979. The guards we contacted are useless. There was a janitor, "Alcatraz Al". He worked there for twenty years, but he died in 1983.

GENERAL PETERSON
Didn't three guys escape? I thought I saw a movie about it.

AGENT WOOD
It's a Hollywood myth. No one's escaped Alcatraz and lived.

F.B.I. Director trades a very significant look with C.I.A. Director AMWAY. Amway clears his throat. He is older, very old school. Everyone turns to him.
C.I.A. DIRECTORY AMWAY
There is someone who can help us.

F.B.I. DIRECTOR WOMACK
The C.I.A. Director and I have something to discuss in private.

Womack and Amway rise and exit together. Everyone else sits there, confused.

INT. PENTAGON - CORRIDOR - NIGHT Womack and Amway exit into the corridor. They huddle tightly against the wall. Sotto voice:

F.B.I. DIRECTOR WOMACK
You're not actually suggesting ...

C.I.A. DIRECTORY AMWAY
The man spent every night for six months making a dry-run of his escape. He knows every inch of that island. We have to, Jim.

F.B.I. DIRECTOR WOMACK
I am very uncomfortable about this.

INT. WOLFBURG PENITENTIARY - CELL BLOCK - NIGHT A long row of cells. CAMERA slowly DOLLS past cell after cell. Sullen INMATES stare blankly at us ... 

F.B.I. DIRECTOR WOMACK 
(O.S.)
I knew, I knew someday, this would come back to bite us.

CAMERA moves through a door marked "ISOLATION." At the end of a gloomy corridor is a CAST-IRON DOOR.

BACK TO THE PENTAGON CORRIDOR
C.I.A. DIRECTORY AMWAY
it won't bite anyone - if handled correctly.
When was the last time you saw him?

**F.B.I. DIRECTOR WOMACK**

when he escaped from San Quentin.

**C.I.A. DIRECTORY AMWAY**
The man was an S.A.S. trained killer.

---

**BACK TO WOLFBURG - IN THE ISOLATION CELL**

TWO FEDERAL MARSHALS open the cell.'s steel locking bar. They push open the door. Dark inside. A MAN sits on the bed.

**C.I.A. DIRECTORY AMWAY**
Can we risk letting him out?

A SHAFT OF LIGHT cuts across the cell floor.

**C.I.A. DIRECTORY AMWAY**
The question is: can we not?

THE SHAFT OF LIGHT slices the face of JOHN PAUL MASON. He is British, at least once was, imprisoned without trial for 33 years on U.S. soil. For now, we have no idea why.

---

**EXT. WASHINGTON D.C. - DULLES AIRPORT HANGAR - NIGHT**

Raining. An F.B.I GULFSTREAM 4 JET sits on the tarmac.

**EXT. F.B.I. GULFSTREAM - NIGHT**

F.B.I. Director Womack sits with FRANCIS REYNOLDS, 30, an Assistant U.S. Attorney from the Justice Dept. GOODSPEED sits across the aisle.

**F.B.I. DIRECTOR WOMACK**
I'm told you're our best chemical weapons man, Goodspeed. What's your education?

**GOODSPEED**

**F.B.I. DIRECTOR WOMACK**
Excellent. What do you know about V.X. gas?

Pause. GOODSPEED stares at Womack.

**GOODSPEED**
This isn't a training exercise, is it sir.

**F.B.I. DIRECTOR WOMACK**
No Goodspeed. It's not a training exercise.

HOLD ON GOODSPEED'S reaction, and CUT TO:

**EXT. SAN FRANCISCO - FEDERAL BUILDING - DAWN**

Dawn breaks over San Francisco. A BLACK SEDAN and BLACK SUBURBANS pull up to the F.B.I.'s West Coast office. Goodspeed, Womack and Reynolds get out, go inside.

**INT. F.B.I. - OBSERVATION ROOM - MORNING**

We watch MASON being led into an INTERROGATION ROOM, his legs in irons, his hands cuffed behind him.

'We are watching through a TWO-WAY MIRROR, and WIDEN TO: Womack, Goodspeed, Reynolds and ERNEST SANCHEZ, S.F. Bureau Agent in Charge, are watching Mason. Sanchez is a gruff guy with the subtlety of a heart attack.

**F.B.I. DIRECTOR WOMACK**
The following is a state secret. Disclose it to any party and you will be subject to prosecution. His name is John Mason. A British national incarcerated on Alcatraz island in 1962, escaped in 1963.
AGENT SANCHEZ
Director, no one's ever escaped from Alcatraz ...

F.B.I. DIRECTOR WOMACK
I'm telling you facts, Agent Sanchez. Do not argue and do not question. He was recaptured and sent to San Quentin, from which he escaped in February, 1976. He's been held at Wolfburg since. He has no identity. He does not exist. Understood?

(turns to Sanchez)
I want one thing: how he escaped Alcatraz - specifically the route he took through the island's tunnels.

AGENT SANCHEZ
You want him conscious or unconscious afterward?

F.B.I. DIRECTOR WOMACK
Don't even entertain it. This man laughs at strong arm tactics. Dodium pentathol doesn't work either.

GOODSPEED
Why's he going to help us now?

U.S. ATTORNEY REYNOLDS
(hands Womack PARDON)
Mason's papers are in order, sir.

F.B.I. DIRECTOR WOMACK
Because I'm willing to give him what he wants, GOODSPEED - a full pardon.

AGENT SANCHEZ
Steep price for some information. (waves pardon away) I don't need that to get what you want.

F.B.I. DIRECTOR WOMACK
Sanchez - try subtlety.

AGENT SANCHEZ
It's my middle name. (to Goodspeed)
Watch kid, maybe you'll learn something.

Sanchez exits.

F.B.I. DIRECTOR WOMACK
(grumbles)
I ask for an interrogator and what do I get ...

IN THE INTERROGATION ROOM - MASON looks around. He focuses on the mirror. He stares right through at GoodsDeed. GOODSPeed is fascinated, unnerved.

GOODSPEED
(to himself)
Jesus look at this guy.

INT. F.B.I. - INTERROGATION ROOM - MORNING Sanchez walks in, sipping coffee. Mason sits there, eyes forward.

SANCHEZ
I'm F.B.I. Special Agent in Charge Sanchez.

Sanches sits. Mason stares at the table.

MASON
In charge of what? Fucking me over for another three decades?

SANCHEZ
(congenial)
Hey. Easy. I just want to talk.

MASON
You know what F.B.I. stands for Sanchez? Fucking Bloody Idiots.
I don't want to talk to you.

A pause. Sanchez glares at Mason.

SANCHEZ
Just some questions about Alcatraz. It's a tourist attraction now. You remember Alcatraz, Mason.
The word "Alcatraz" registers with Mason.

MASON
Do I remember Alcatraz.

SANCHEZ
Not the island itself. The tunnels underneath it.

IN THE OBSERVATION ROOM

F.B.I. DIRECTOR WOMACK
Real subtle, SANCHEZ...

IN THE INTERROGATION ROOM

SANCHEZ
There's no harm in cooperating with us.

MASON
Who's "us?" F.B.I.? C.I.A.? Why should I do that?

SANCHEZ
Maybe there's a gift in it for you.

MASON
(to the mirror)
Timeo danaos et dona ferentes.

THE OBSERVATION ROOM
GOODSPEED smiles slightly:

GOODSPEED
"I fear the Greeks even when they bring gifts."

THE INTERROGATION ROOM

MASON
Are you capable of reading, Sanchez?

SANCHEZ is getting flustered.

SANCHEZ
I don't have time for this shit...
(pause; stares at mason)
Yes. I can read.

MASON
The story of Alchimadus. Know it?

SANCHEZ
No.

THE OBSERVATION ROOM

GOODSPEED
(to himself)
Ancient Greece. Alchimadus was imprisoned by his king.

THE INTERROGATION ROOM

MASON
Thomas a Beckett. Heard of him?

SANCHEZ
Maybe. Not really.

THE OBSERVATION ROOM

GOODSPEED
(to himself)
Archbishop of Canterbury. Imprisoned and executed by Henry the Second...
THE INTERROGATION ROOM

MASON
Solzhenitsyn. I've a sneaking suspicion you've heard of him.

THE OBSERVATION ROOM

GOODSPEED
(to himself)
Russian poet and dissident exiled to Siberia.

THE INTERROGATION ROOM

SANCHEZ draws a blank on Solzhenitsyn.

SANCHEZ
Look, I'm asking the fucking questions here.
(beat)
You can trust the F.B.I.

MASON
That's a good one, Sanchez. What do you call an F.B.I. Agent who can't tell a lie? A mute.

MASON turns away. As if SANCHEZ no longer exists. Suddenly, over a wall-mounted INTERCOM:

U.S. ATTORNEY REYNOLDS
(V.O.)
Uhm, Agent Sanchez, could we have a word with you?

SANCHEZ
Here, call your lawyer and tell him you're going back to jail.
SANCHEZ tosses a quarter on the desk and exits.

IN THE OBSERVATION ROOM

F.B.I. DIRECTOR WOMACK
Impressive, Sanchez.

GOODSPEED
You mind if... uhm.... I take a shot?

SANCHEZ
He'll eat him alive.

F.B.I. DIRECTOR WOMACK
He's already had you for the first course.
(hands GOODSPEED the pardon)
Go.

GOODSPEED takes the pardon, goes for the door.

THE INTERROGATION ROOM

GOODSPEED enters. He's completely out of his element, has no idea what he's doing, and is-suddenly face-to-face with this.... MASON creature.

The two men regard each other.

GOODSPEED
Take his cuffs off.

The Marshal uncuffs Mason's wrists. MASON rubs his wrists, staring now at Goodspeed.

MASON
Who the fuck are you, Mother Theresa?

So much for Goodspeed's confidence.
GOODSPEED
No actually, I'm Bill Goodspeed.
(rallys)
Mr. Mason, we really need your help. That's a pardon and release contract from the Attorney General's office. It makes you a free man, provided you cooperate.

He slides a ballpoint pen across to Mason. MASON looks at the pen, then Goodspeed.

MASON
What do you do for the F.B.I., Goodspeed.

GOODSPEED
(lying)
I'm a field agent.

MASON
Tell me what you really do.

IN THE OBSERVATION ROOM

F.B.I. DIRECTOR WOMACK
Don't answer that, GOODSPEED ....

IN THE INTERROGATION ROOM

GOODSPEED
I'm a chemical biological weapons expert.

MASON registers this information.... 73 IN THE OBSERVATION ROOM F.B.I. DIRECTOR WOMACK Stupid, stupid, stupid ....

IN THE INTERROGATION ROOM MASON
stares at the pardon contract, thinking.

MASON
You said I'd be a free man. Define free

GOODSPEED
Uhm, well, emancipated. Unfettered.

MASON
I know what the fucking word means, idiot. In this context.

GOODSPEED
I don't understand....

MASON
During the time I cooperate, will I be outside? Outside a jail?

GOODSPEED
Well yes I suppose ...

MASON
You suppose?

GOODSPEED
Yes. You'll be outside.

IN THE OBSERVATION ROOM

F.B.I. DIRECTOR WOMACK
Don't give away the farm, Goodspeed.

IN THE INTERROGATION ROOM

MASON
What's happening on Alcatraz, Goodspeed?

GOODSPEED
A hostage situation. A matter of life and death.

MASON thinks. He picks up the pen.

MASON
(looks at mirror)
Then on one condition: a minimum of two hours in
the Fairmont Hotel - I trust it still exists. I want a shower and a new suit of clothes.

GOODSPEED
I think we can arrange that.

With that MASON picks up the pen and signs the pardon contract. He hands it to Goodspeed, who exits.

MASON turns toward the mirror, staring right through.

INT. F.B.I. ~ OBSERVATION ROOM - DAY SANCHEZ and GOODSPEED enter.
GOODSPEED hands U.S. ATTORNEY REYNOLDS the signed pardon contract.

SANCHEZ
Why didn't you throw in a trip to Fiji?

U.S. ATTORNEY REYNOLDS
I'll have this forwarded to the President, Director.

F.B.I. DIRECTOR WOMACK
No. You'll give it to me.
(pause)
Give it to me, Reynolds.

Reynolds reluctantly hands the pardon to Womack.

F.B.I. DIRECTOR WOMACK
(to Sanchez)
Show Attorney Reynolds outside there's a car waiting for him. And SANCHEZ -
I'll handle the next stage.

SANCHEZ leads the perturbed Reynolds out. GOODSPEED and Womack are alone now. And WOMACK tears up the pardon

GOODSPEED
Sir, that's a legal document.
F.B.I. DIRECTOR WOMACK
I'll decide what's legal, Goodspeed.

Over WOMACK'S SHOULDER, GOODSPEED WATCHES AS --

IN THE INTERROGATION ROOM - MASON
places THE QUARTER on the floor. He raises his metal chair; SLAMS it down on the quarter.

GOODSPEED
Sir, those references to Alchimadus, Beckett, Solzhenitsyn: all had something in common.

IN THE INTERROGATION ROOM - MASON
picks up the coin. It has a DEEP BURR in it. He moves to the mirror; begins carving into the glass.

GOODSPEED
They were imprisoned for doing nothing wrong. What's going on, sir?

GOODSPEED watches MASON over Womack's shoulder.

F.B.I. DIRECTOR WOMACK
You're out of your depth, Goodspeed. You are on a need to know basis and you do not need to know.

MASON has etched a circle in the mirror. He slams his elbow against it. The glass caves in, CRASHES to the floor.

GOODSPEED and Womack whirl around, startled. MASON leans into the observation room.

MASON
one more thing: a shave and a haircut.
(sees Womack)

Hello Womack.

MASON and Womack stare at each other and CUT TO:

EXT. MOJAVE - DESERT FLATS - MORNING A hot desert-vista. Miles of
nowhere. A DODGE sits under a tripod. Suspended from the tripod, a BLINKING DEVICE.

The device DETONATES, showering the car with WHITE HOT BURNING LIQUID and amazingly, the car melts into a pool of molten steel, disintegrating to ash, which blows across the desert.

50 YARDS AWAY - U.S.A.F. LT. JIMMY FISK and CPT. LARRY GILER (both late 20's) emerge from the heat waves in heat-refletive suits, walking toward A HEAT PROTECTIVE BUNKER (a wall coated with heat reflective metal.)

BEHIND THE BUNKER U.S.A.F. General Peterson watches with other Air Force OFFICERS and TECHNICIANS.

Fisk and Giler enter, pulling off their suit hoods. Their faces are beet red from the heat.

CPT. GILER
What it's all about, sir: Willy Peter burns steel, burns titanium; it'll sure burn up your poison and everything else in the atmosphere.

GENERAL PETERSON
I need four F-16's equipped with air-to-ground missiles within...
(consults wristwatch)
.... twenty-six hours.

LT. FISK
Let me name some things that are more possible, General, with all due respect: winning the Lottery, climbing Mt. Everest barefoot, getting a parking space at Yankee Stadium, marrying Sharon Stone ...

CPT. GILER
Can't do it, General.

GENERAL PETERSON
You can. And you will.

General Peterson walks off.

CPT. GILER
Get yer minds off Budweiser, baseball, and broads, fellahs -
we're goin, 'round the clock!

CUT TO:

INT., F.B.I. VAN - BACK COMPARTMENT - DRIVING - MORNING

A van with no windows. MASON is shackled to a steel loop at one end of the seating bench. GOODSPEED sits across from him, a CELLULAR PHONE at his ear.

THREE F.B.I. AGENTS (CORD, STAR and HUNT) sit down the bench, talking amongst themselves.

CARLA
(V.O.)
(recorded voice message)
Hi! Bill and Carla ain't in!
State your business! Make it interesting!

GOODSPEED
(into phone)
Listen Carla: I'll explain later, but don't come to San Francisco.

CLOSE ON MASON, watching Goodspeed, picking up anything he can from the conversation.

INT. GOODSPEED'S APARTMENT - DAY

CARLA stands in the threshold of the apartment, watching the answering machine --

GOODSPEED
(V.O.)
(on the machine)
I repeat, don't come to San Francisco.

CARLA
Like hell I'm not...

She exits, slamming the door.

INT. F.B.I. VAN - BACK COMPARTMENT - CONTINUOUS , GOODSPEED
clicks off the phone, thinking, nervous.GOODSPEED
notices that MASON is staring at him.

MASON
(sotto)
Who's Carla? And why don't you want her to come to San Francisco?

GOODSPEED doesn't answer. He notices the F.B.I. AGENTS staring at
Mason and him. He straightens up.

GOODSPEED
You're on a need to know basis and you don't need to know.

MASON
You learn that line in Cub Scouts, Goodspeed?

The van STOPS: the rear doors open to the FAIRMONT HOTEL SERVICE
ENTRANCE.

INT. FAIRMONT HOTEL - PENTHOUSE SUITE - DAY Top floor suite with a
private elevator. Grand, with French doors leading to a balcony.
Director Womack, GOODSPEED
and F.B.I.Agents Star and Hunt are in the
room. Jackets off, shoulder holsters on.

F.B.I. DIRECTOR WOMACK
I personally picked this suite. (points at elevator)
Only one exit.

IN THE SUITE'S BATHROOM
Steamy, from the shower. F.B.I. Agent Cord sits on the sink. MASON'S VOICE emanates from the shower. He's singing some ditty off-key. But MASON isn't washing.

INSIDE THE SHOWER STALL -- Mason's tampering with the BELL HOUSING of THE RETRACTABLE CLOTHESLINE on the shower wall.

MASON pops off the bell-housing. he pulls out the nylon clothesline cord (it's thick, about 10 ft.) and rips it from the bell housing. Tests its strength.

Satisfied, he knots A NOOSE on one end of the clothesline cord, then coils.

IN THE BATHROOM - MASON emerges from the shower wearing a huge hotel bathrobe.

Cord hands him a SUIT OF CLOTHES. MASON inspects them.

    MARSHAL CORD
    Put 'em on. You've got forty-five minutes.

    MASON
    You going to stand there and watch?

    MARSHAL CORD
    That's right.

    MASON
    well if it excites-you ... 

    MARSHAL CORD
    Put the goddamn clothes on.
IN THE SUITE'S LIVING ROOM Womack is dumping the contents of a BARBER'S BAG on the sideboard.

Hands THE HOTEL BARBER, a swishy guy, a COMB, ELECTRIC TRIMMER and BIB.
The BARBER frowns.

BARBER
I can't do a decent job with these.

F.B.I. DIRECTOR WOMACK
That's all you get.

BARBER
I'm an artist, not a barber.

F.B.I. DIRECTOR WOMACK
(holds up scissors)
without these he can't stab you in the throat.

MASON, dressed, emerges from the bathroom. Motions the barber toward the balcony.

MASON
Shall we do this outside? In the sunshine?

The barber gulps. Follows MASON onto the balcony.

ON THE SUITE'S BALCONY MASON
sits in the sun on a balcony chair. Bib on.

BARBER
How would you like it sir?

MASON
whatever's in style.

BARBER
oh fabulous. You look shabby. Shall I snip and cut the shabbiness away?

The barber begins trimming Mason's hair...

THE BALCONY - SOME MINUTES LATER Mason's hair and beard are neatly trimmed. The barber holds a mirror up; MASON examines himself.
MASON

Good. Thank-you.

The barber stands. Clears his throat. Rubs his thumb and forefinger together.

MASON

Yes of course. My secretary will take care of you.-(to Agent Star)
See to the good man will you?

Agent Star, glaring at Mason, leads the Barber out.

MASON

What say we bury the hatchet, Womack.

MASON extends his hand. Womack looks at it. As Womack reluctantly takes Mason's hand, MASON slides the noose over Womack's wrist. He yanks it tight and shoulders director womack bodily over the balustrade.

MASON

In your head.

Womack plunges, HOWLING, 9 stories to his death. No, he only falls 10 feet. SPROOOOOING he stops, hanging by his wrist off the side of the building, held there by --

-- MASON

on the balcony, clutching the other end of the nylon clothesline, staring at Goodspeed.

GOODSPEED

Jesus... JESUS CHRIST....

GOODSPEED fumbles for his gun. Finally unholsters it. DIRECTOR WOMACK, hanging below, is SCREAMING.

MASON

- Drop the gun or I'll drop your boss.

EXT. FAIRMONT HOTEL - ACROSS THE STREET - DAY Two F.B.I. AGENTS,
loitering by their vehicle, look up at WOMACK, dangling off the side of the building.

F.B.I. AGENT
Holy shit, we got a jumper.

F.B.I. AGENT 2 raises binoculars to his eyes.

F.B.I. AGENT 2
Looks like.... Womack... !

ENT. FAIRMONT HOTEL - PENTHOUSE SUITE - DAY MASON

and GOODSPEED as before.

MASON
Whoops .... I'm feeling tired .... Whoops .... MASON lets Womack drop a foot. Womack SCREAMS! GOODSPEED drops his gun and grabs the clothesline. MASON bolts from the balcony into the suitels library.

AGENT STAR sprints onto the balcony. Star and GOODSPEED begin hauling Womack up as -- .

MASON steals through the suite, through the vestibule, and into the elevator.

ON THE BALCONY - Agent Star and GOODSPEED hoist Directory Womack, red-faced and sputtering, over the railing.

GOODSPEED grabs Star's walkie-talkie.

GOODSPEED
All units, this is Caretaker. WE'VE GOT A SIGNAL SIX. Mason's in the elevator! Let me know where he stops!

INT. FAIRMONT HOTEL - BASEMENT - HOTEL KITCHEN - DAY

MASON exits the elevator. The kitchen is bustling with COOKS AND BUSBOYS. MASON moves toward the side exit. Two F.B.I. AGENTS enter. MASON ducks into the dishwashing room. Waits for the Agents to run past.
MASON emerges, running right into..... GOODSPEED.

WHAMM. MASON'S FIST slams into Goodspeed's jaw. GOODSPEED goes down on the huge dishwasher. MASON moves off quickly toward the side exit.

EXT. FAIRMONT HOTEL - SIDE EXIT - DAY

MASON exits the hotel. 20 feet away is the PARKING VALET. 10 incredibly fast expensive European cars are waiting to be parked. First in line, however, is a HUMVEE.

EXT. FAIRMONT HOTEL - SIDE EXIT - DAY

GOODSPEED exits, looking at MASON getting into the HUMVEE. The Humvee explodes out of the hotel driveway.

GOODSPEED shouts to the F.B.I. AGENTS across the street:

GOODSPEED
That's him!

The F.B.I. SEDANS ROAR off after Mason.

GOODSPEED looks around. A Ferrari sitting there. GOODSPEED gets behind the wheel.

THE FERRARI blasts out of the driveway after the Humvee.

EXT. SAN FRANCISCO - STREETS - DAY The HUMVEE lumbers up to a traffic light. Stops behind several vehicles ahead.

INT. MASON'S CAR - DRIVING - DAY MASON looks-up in the rear view mirror. The F.B.I. SEDANS are behind him, closing fast. MASON rams the stickshift into gear; throws the wheel.

EXT. SAN FRANCISCO STREET - DAY MASON'S HUMVEE veers to the side and
CLIMBS OVER a parked, day-glow painted VW BEETLE, squashing it's hood. The Humvee ROARS through the intersection, leaving --

The F.B.I. SEDANS and GOODSPEED'S FERRARI trapped at the light behind the other cars.

EXT. THE STREET AHEAD – DAY MASON'S HUMVEE plows through traffic, hitting the left and right bumpers of the cars in front of it, knocking them aside. It blows through ten cars like ten-pins.

GOODSPEED'S FERRARI slaloms through the Humvee's wake of dented cars and accelerates after the Humvee.

TWO POLICE PATROLMEN scramble into their cruisers, throwing on the CHERRY TOP LIGHTS.

The CRUISERS charge after the Humvee and the Ferrari.

EXT. SAN FRANCISCO STREETS (HILL #1) – DAY THE HUMVEE is accelerating up a very steep hill. '100 yards down the hill, the TWO S.F. POLICE CRUISERS, the F.B.I. sedans, and GOODSPEED'S FERRARI, all race after it.

INT. MASON'S HUMVEE – DAY

MASON has the radio on. A NEWSFLASH is broadcast:

RADIO NEWSMAN
This just in: More than twenty highway patrolmen are involved in a highspeed chase on Van Ness Boulevard, north of Trocadero...

MASON looks at Humvee's CELLULAR PHONE. Grabs it. Studies it. He's never used one before.

MASON
Modern conveniences. Cheers. (punches numbers) San Francisco.
Jade Angelou. That's A...n...g...e...l ....
EXT. SAN FRANCISCO STREETS (HILL #1) – DAY AT THE INTERSECTION – THE
TRAFFIC LIGHT is red. A SPARKLETTS WATER TRUCK proceeds into the
intersection.

103 INT. MASON'S CAR – DRIVING – DAY

MASON runs the red light. The Sparkletts truck is in the
intersection.
MASON violently throws the wheel. The Humvee swerves to avoid the
Sparkletts truck --

EXT. SAN FRANCISCO STREETS (TOP OF HILL #1) – DAY -- but doesn't make
it. Mason's Humvee SLAMS into the Sparkletts truck's BACK END, knocking
it sideways. The HUMVEE blasts through the intersection as --

70 WATER BOTTLES (5 gallon each) tumble off the Sparkletts truck. The
bottles roll down the hill, gaining speed.

104A INT. MASON'S HUMVEE – DAY the call connects.

JADE ANGELOU
(O.S.)
Hello?

MASON
Is this Jade Angelou?

JADE ANGELOU
(O.S.)
Yes. Who is this?

MASON
John Mason. (lengthy pause)
Don't be shocked. I don't have much
time. Please listen carefully ....

INT. GOODSPEED'S FERRARI – DAY

GOODSPEED
Where is he sir? RIGHT IN FRONT OF ME. What's he doing?
HE'S ON THE PHONE. I DON'T FUCKING KNOW, HIS STOCKBROKER!
Oh shit.
Gotta go.

GOODSPEED looks at SPARKLETTS BOTTLES bearing down on him

INT. S.F. POLICE CRUISER - DAY Two S.F. PATROLMEN. Their eyes widen too as -- THE SPARKLETTS BOTTLES are bouncing now, roll down on them at 45 m.p.h. A BOTTLE SMASHES through the windshield, showering the Patrolmen with glass.

EXT. SAN FRANCISCO STREETS - (MIDWAY UP HILL #1) - DAY Chaos. Bottle after bottle smashes down on the front-running vehicles. DENTING HOODS. SMASHING WINDSHIELDS. THREE F.B.I. SEDANS and GOODSPEED'S FERRARI negotiate the crashing cars.

They race through the carnage after Mason.

EXT. SAN FRANCISCO STREETS - (HILL #2) - DAY

MASON'S HUMVEE explodes over the crest of a hill at 90 m.p.h. and soars.
A beat, then --

THE F.B.I. SEDANS, followed by GOODSPEED'S FERRARI soar over the crest of the hill.

EXT. SAN FRANCISCO STREETS - (BOTTOM OF HILL #2) - DAY At the intersection here, TWO S.F. ROAD WORKERS are sliding a STEEL PLATE over a 6 ft. deep ditch cut in the asphalt (for a water main or equivalent).

The Road Workers, hearing the WAIL OF MASON'S HUMVEE, look up and dive away just at THE HUMVEE blasts over he steel plate, dislodging it from its positioning. It TEETERS on the lip of the ditch.

THE F.B.I. SEDAN hits the teetering steel plate, which collapses -- causing the sedan to be swallowed up halfway into the ditch, it's rear end sticking up in the air. Seconds pass, then --

THE SECOND F.B.I. SEDAN SLAMS into the frontrunning SEDAN'S. EXPOSED UNDERCARRIAGE. Both vehicles are obliterated.
GOODSPEED'S FERRARI, in the most hair-raising slide ever filmed, veers and misses the mangled F.B.I. sedans.

Now it's just MASON and GOODSPEED and CUT TO:

**EXT. SAN FRANCISCO STREETS - (TOP OF HILL #3) - DAY**

MASON'S HUMVEE, with GOODSPEED'S FERRARI close behind, races down a street on the crest of a hill.

IN THE INTERSECTION AHEAD - A CABLE CAR is turning down the hill. Mason's Humvee also turns down the hill, but as the Humvee rounds the corner --

AN OLD WOMAN starts crossing the street. MASON throws the wheel swerving to avoid her, and --

-- THE HUMVEEIS BUMPER catches the BACK OF THE CABLE CAR, dislodging its rear steel wheels from the CABLE CAR TPACKS. With the front wheels still lodged in the tracks, the cable car becrins to slide sideways.

GOODSPEED'S FERRARI clears the cable car's sliding back end and sprints after Mason's Humvee.

**EXT. SAN FRANCISCO STREETS - MIDWAY DOWN HILL #3 - DAY**

the Humvee and Ferrari blast down the hill. The street is thick with vehicular traffic.

So THE HUMVEE swerves, leaving the street.

onto the sidewalk. Where... SNAP SNAP SNAP it knocks down every parking meter, then hits A LADDER in a cordoned off area. On the ladder, a LINEMAN is fixing a MUNICIPAL POWER LINE. The ladder collapses; THE LINEMAN falls, flailing through the air.

GOODSPEED slams on the brakes. The Ferrari spins 180 degrees and lurches to a stop facing uphill.
INT. GOODSPEED'S FERRARI - DAY THE AIR BAG'S exploded in Goodspeed's face.

            GOODSPEED
            Shit shit SHIT SHIT ...

EXT. SAN FRANCISCO STREETS - MIDWAY DOWN HILL #3 - DAY

GOODSPEED looks up the hill. GOODSPEED'S EYES bug.

GOODSPEED'S POV - THE CABLE CAR is still sliding down the hill sideways.

THE SLIDING CABLE CAR, its wheels SPEWING SPARKS down the hill. The LAST PASSENGER dives. it's now empty and sliding straight for Goodspeed's Ferrari ...

INT. GOODSPEED'S FERRARI - DAY

GOODSPEED grabs the Ferrari's CELLULAR PHONE and tries the door latch. The goddamn airbag is all over him.... So GOODSPEED shoots the fucking air bag.

EXT. SAN FRANCISCO STREETS - (BOTTOM OF HILL 33) - DAY

THE TUMBLING CABLE CAR hits the Toyotals rear. The Toyotals gas tank EXPLODES, lifting the cable car.

The Ferrarils door flies open. GOODSPEED dives away as --

-- THE CABLE CAR, aflame, cartwheels in mid-air and lands with a WHUMP on the FERRARI, crushing it like a tin-can.

GOODSPEED, dazed, wheels away from the wreck, shielding his eyes from the smoke and fire.

A YOUNG KID ON A MOTORCYCLE rolls up.

MOTORCYCLE KID You just fucked up your Ferrari, man.

            GOODSPEED
            It's not mine.
GOODSPEED
Neither is this.

GOODSPEED shoves the kid off the Motorcycle. Speeds off into traffic. The kid stands there dumbstruck.

EXT. STREETS OF SAN FRANCISCO - DAY
Goodspeed, driving through traffic on the kid,s motorcycle, flips open the cell phone. Punches numbers.

INT. F.B.I. OFFICE - CHEMICAL/BIOLOGICAL DIVISION, FT. DIETRICK, MARYLAND - DAY
Marvin Isherwood is enjoying another thrilling day. he grabs for the RINGING PHONE.

ISHERWOOD
Chem weapons. Isherwood.

GOODSPEED
(V.O.)
Marvin, ring up Wolfburg Federal Pen. The inmate is Mason, John.

Isherwood gets on the computer. Starts tapping....

INTER CUT - MARVIN IN THE LAB / GOODSPEED ON MOTORCYCLE
ISHERWOOD
Wolfburg, got it. Masconi, Magrane, Masters. No MASON in Wolfburg, Bill, is this arelative of yours... ?

GOODSPEED
NOT NOW Isherwood. Go to February 1976. Who was transferred to Wolfburg from San Quentin that year?
ISHERWOOD
Two guys. Joseph Wainwright, and a.... they don't have a name, just "inmate 9999?"

GOODSPEED
Hit nine nine nine nine.

ISHERWOOD
This is weird. They got medical records, place of birth - Glasgow? but no name. Wait a minute, there's a next of kin. Jade Angelou of 32 Stenson Drive, San Francisco. Bill did you, like, fuck something up? Bill? Bill?

GOODSPEED ROARS off on the motorcycle and CUT TO:

EXT. SAN FRANCISCO - 32 STENSON DRIVE - DAY A single family house. Across the street --

GOODSPEED watches the house. The door opens. JADE ANGELOU exits. She's 19, tall, pretty, purposeful.

EXT. SAN FRANCISCO - PIAZZA DES ARTES - DAY MASON stands next to a massive column, writing on a piece of paper: "ST. MICHAEL'S CHURCH, FORT WALTON, KANSAS. FRONT PEW. RIGHT LEG. HOLLOW."

ACROSS THE PARK - JADE ANGELOU enters a city park with a rotunda of classical design. A walk-way under massive Corinthian columns. She moves through the rotunda.

MASON sees her. He steps behind the column as she passes. There is a moment of indecision. MASON looks at THE PIECE OF PAPER in his hand.

MASON
Jade.

Jade Angelou stops cold. Slow-ly turns. And regards Mason.

ACROSS THE ROTUNDA - GOODSPEED sees MASON and Jade. he stealthily moves toward them.
Jade approaches MASON tentatively. He is stunned by her. By her beauty, her bearing, her likeness to 'him.'

MASON
Hello. Yes. It's me.

JADE
I uhm... I'm not quite sure what to say. This is all a bit much...

Several POLICE CARS ROAR past, sirens BLARING. MASON pockets the PIECE OF PAPER.

MASON
Let's uhm... let's walk a ways.

They walk off next to a TALL HEDGE. GOODSPEED follows on the other side of the hedge. INTERCUT between MASON and Jade, and Goodspeed eavesdropping. GOODSPEED pulls out his cellular phone, begins punching numbers.

JADE
So how long have you been out?

MASON
A while.

JADE
A while. And you didn't call? You are free now, right?

MASON
I'm here with you, aren't I?

JADE
Why now? I mean why today.
MAISON
I was driving through San Francisco. I decided it was time.

JAIDE
Well there's not a lot I know about you other than you escaped from San Quentin, had a four day affair with my mother, and I'm the result. You can imagine I'm pretty confused.

MAISON
I tried to explain in my letters.

JAIDE
Ahh. Your letters. They weren't very easy to follow.

She fishes in her pocket. Pulls out A LETTER. WHOLE SECTIONS OF THE LETTER have been scissored out. Mason. frowns.

MAISON
I see. (grumbles)
Bloody prison censors.

JAIDE
How about explaining now?

In the b.g. we HEAR POLICE SIRENS. MAISON looks around.

MAISON
Maybe this isn't the best time...
(off her look)
Jade. Here sitdown.

MAISON and Jade sit on a bench. MORE SIRENS in the b.g. MAISON looks off nervously.

MAISON
All will be explained. You must trust me on this. Someday very soon, after I get a few things settled, I will come back for you. What I need to know is: do you want me in your life?

JADE
How can I answer that? I don't know if we can.... after 19 years, just start like that.

MASON
We are the same blood.

JADE
But I don't know you.

MASON
where to begin.  
(sighs)
My name is John Paul Mason. I'm Scottish. I attended Dartmouth Naval College. My favorite color is green. I like books. I like a good joke. At one time I shot a pretty fair round of golf. I'm in my 60's and I've been in jail half my life.  
(Jade looks away)
Maybe it's better I go.

She smiles. Puts her hands on his.

JADE
No. You're doing okay.

Police sirens BLARE. And the entire park.is suddenly surrounded by F.B.I. AND POLICE VEHICLES.

JADE
You lied to me.

GOODSPEED approaches. MASON makes no attempt to move. Jade turns to him.
GOODSPEED (flashes his I.D.)
F.B.I. miss. Your father is working with us. He's helping us resolve a....
(looks at Mason)
.... dangerous situation.

JADE
He is?

GOODSPEED
Yes madam. We've got to go, John.

MASON extends his hand to Jade. She takes it.

MASON
Jade - remember what I said.

They hug. Then MASON walks off with GOODSPEED and --
-- Jade opens her hand, revealing the PIECE OF PAPER upon which Mason wrote his instructions.

ACROSS THE PARK - F.B.I. AGENTS STAR and CORD run up.

GOODSPEED (sharply)
No cuffs until we get to the cars,

They continue toward the waiting cars.

MASON
You surprise me, Goods speed. Now I'm going to surprise myself:
thank-you, you could have handled that differently.

GOODSPEED (tight)
You almost got me killed. Twice.

MASON
Hows your jaw?
GOODSPEED wheels on MASON and swings. SNATCH. MASON catches Goodspeed's fist. Three inches from his face.

GOODSPEED
It hurts.

SANCHEZ, DIRECTOR WOMACK and the F.B.I. AGENTS approach. Womack's arm is in a sling; he's in a volcanic rage.

F.B.I. DIRECTOR WOMACK
You cocksucker you dislocated my shoulder and cost the city of San Francisco ten million dollars. You try to escape again and Agent Chaney here will break your legs.

AGENT CHANEY, large and mean, comes to Mason's side.

MASON
Pleased to meet you.

INT. PIER 39 - F.B.I. COMMAND CENTER - DAY Night is falling. A large warehouse room with windows looking out to Alcatraz Island. Looks like N.A.S.A.

AT A RECTANGULAR TABLE - MASON
sits at the head of the table 122 in front of a SCALE MODEL OF ALCATRAZ. COMMANDER ANDERSON and ten NAVY S.E.A.L.s look toward Mason.

Anderson is agitated, staring at Mason.

COMMANDER ANDERSON
Okay, one more time: down this second fork fifty-seven paces to a septic chamber. Turn left at the water pump, then forty-two paces to the prison showers ...

MASON
No. Forty-two paces to the septic chamber. Fifty-seven to the showers.
COMMANDER ANDERSON  
(pointedly)  
That's not what you said three minutes ago.

MASON  
(innocently)  
It's not?

COMMANDER ANDERSON  
(dagger stare at Mason)  
Excuse me.  
(rises)  
Womack.

Womack follows Anderson aside. They confer heatedly.

COMMANDER ANDERSON  
I ask for someone with knowledge of the island's tunnels. you give me a fuckin, convict who wants to play "twenty questions."

F.B.I. DIRECTOR WOMACK  
He knows every inch of those tunnels, Commander.

COMMANDER ANDERSON  
Then he's keeping it to himself. He's fucking with me and I don't have the time.

F.B.I. DIRECTOR WOMACK  
(pause; he thinks)  
What if he went with you?

COMMANDER ANDERSON  
Out of the question. He'll endanger the mission - he'll endanger my men. He's a security risk. Who says he won't bolt as soon as we turn our backs on him?
F.B.I. DIRECTOR WOMACK
I'll handle that. Chaney.

The hulking Chaney escorts MASON over.

F.B.I. DIRECTOR WOMACK
You're not cooperating, John. Maybe this will help. I'm sure you're curious about what's happening on Alcatraz.

(no response)

Twelve United States Marines - a terrorist rogue force - have seized it. They've aimed fifteen poison gas rockets at the city. Enough poison gas to kill every man, woman and child in San Francisco.

(smiles)
Yes, John, including your daughter.

MASON
You son-of-fucking-Satan.

F.B.I. DIRECTOR WOMACK
Mr. MASON has a strong incentive to help us, Commander Anderson.

F.B.I. DIRECTOR WOMACK
Get him some gear. He's going to the Rock. Goodspeed!

ACROSS THE ROOM - GOODSPEED
looks up from a computer screen generating 3-D images of different angles of a V.X. ROCKET. He walks over to the table. Anderson and the other S.E.A.L.s stare at him.

COMMANDER ANDERSON
The goal is to take out the launchers and neutralize the V.X.chem rounds, Goodspeed. Tell us what you know.

GOODSPEED
Well, the thermal imaging photos picked up the poison gas. Here. The prison morgue.

(points)
It's probably being kept refrigerated. makes sense. V.X. begins to lose its toxicity at higher temperatures.

COMMANDER ANDERSON
Have you ever actually seen one of these devices?

GOODSPEED
No sir, but I've studied them ....

COMMANDER ANDERSON
(sarcastic)
That's great, Goodspeed. You're in the Bureau, so you've had weapons training.

GOODSPEED
A little, sir.

COMMANDER ANDERSON
So you've never been in a combat situation.

GOODSPEED
No sir. (beat) Should I begin the briefing on diffusing and detoxification sir?

COMMANDER ANDERSON
Won't be necessary.

GOODSPEED
Sir, these are very complicated devices...

COMMANDER ANDERSON
I know they are, Goodspeed. That's why you're going with us.
GOODSPEED

Sir?

COMMANDER ANDERSON
(to S.E.A.L. Reigert)

Get him some gear.

MAISON stares at Goodspeed.

MAISON
Wait just a minute. This little twat's going to deal with the poison? He's gonna get us all fuckin' killed!

MAISON walks off muttering.

INT. PIER.39 COMMAND CENTER - BATHROOM - A MINUTE LATER

S.E.A.L. DANDO

Nice to meet you too.

SANCHEZ enters.

SANCHEZ

You look like shit.

GOODSPEED leans back against the wall.

GOODSPEED

Thank you.

SANCHEZ

You're not wimping out on us, Goodspeed.

GOODSPEED

I join the F.B.I. I ask for fieldwork. They say, "Bill, you're too fucking smart for field work." Every year I put in for a transfer and every year I sit in that goddamn lab like the Maytag repairman in the commercial. Then the call finally comes, and it's a whole fuckin', city at stake? Oh Jesus...

SANCHEZ

Chemical Weapons isn't a cakewalk, Goodspeed.
GOODSPEED splashes cold water on his face.

GOODSPEED
I've got some bad news and some really bad news sir. Maybe the bad news isn't bad, maybe actually it's good ....

SANCHEZ
Spit it out.

GOODSPEED
My girlfriend's pregnant.

SANCHEZ
(pause)
What's the really bad news.

INT. PIER 39 - OUTSIDE THE BATHROOM - DAY

SANCHEZ
(V.O.)
Goodspeed, GODDAMN IT ...

The door bursts open. Sanchez, veins bulging, exits, followed by Goodspeed.

SANCHEZ
Agent Cord, get over to the Pan Pacific Hotel and bring Goodspeed's girlfriend to this facility please!!

and CUT TO:

EXT. ALCATRAZ - LOWER Lighthouse - SUNSET

Cpts. Darrow and Frye look out at the window at the Marine's Command Center in the Infirmary.

CAPTAIN DARROW
(mumbling)
Seventeen hours left. What the fuck is he doing? How much time does it take to transfer money from one account ...

CAPTAIN FRYE
Just a matter of time, buddy. The Pentagon will cave and we'll be headin, south of the border a million dollars richer.

INT. ALCATRAZ - INFIRMARY COMMAND CENTER - SUNSET

Hummel sits at his desk. The phone RINGS.

HUMMEL
(V.O.)

Hummel.

SECURITY ADVISOR LOUIS LINDSTROM

Hello Frank, Lou Lindstrom. I'm in the oval office with General Kramer.

INTERCUT - ALCATRAZ INFIRMARY / WHITE HOUSE OVAL OFFICE

GENERAL KRAMER
We're having some problems with the account transfer, Frank.

HUMMEL
Don't tell me your problems, tell me your solutions.

GENERAL KRAMER
We've spoken to the President. He's not too happy about this.

Chief of Staff Hayden Sinclair enters.

HUMMEL
Well he'd better give me a goddamn assurance ...

HAYDEN SINCLAIR
The only thing the President will give you is a fair trial after you're caught, General.

HUMMEL
That you, Sinclair? What exactly do you do at the White House?

Answer the presidential phone? Wash the presidential limousine?

Are you his golf caddy, Sinclair?
**HAYDEN SINCLAIR**

Now you give me some coddamn respect, General ....

**HUMMEL**

You want respect, you child, you coffee server? Let's talk about Dave Ridgeway.

**GENERAL KRAMER**

Who's Dave Ridgeway, Frank?

**HUMMEL**

A twenty-two year old marine tortured to death by a communist death squad in the El Salvadoran jungle. His mother and young wife were told by the Pentagon that he went A.W.O.L. Let's talk about the respect he got.

**LOUIS LINDSTROM**

This is going nowhere Frank ....

**HUMMEL**

Then let me tell you what is: The most lethal poison gas known to man into San Franciscos business district. You have twelve hours to deliver the money or be prepared to reap the whirlwind, gentlemen.

CLICK. National Security Advisor Lindstrom stares at the phone. Shakes his head.

**LOUIS LINDSTROM**

What's the word from Mojave?

**GENERAL KRAMER**

General Petersen can give us no definite assurance on the Willy Peter capability.

The men stare grimly at each other.
LOUIS LINDSTROM

Greenlight the S.E.A.L. incursion.

General Kramer picks up the phone and CUT TO:

EXT. NAVAL AIRSTRIUP (INCURSION STAGING AREA) - DUSK - The INCURSION STAGING AREA (a base in the S.F. vicinity) GOODSPEED and MASON, in black dry suits, join COMMANDER ANDERSON and nine other S.E.A.L.s.

Four S.E.A.L.s will be identified: BOYER, REIGERT, DANDO, and SHEPHERD.

COMMANDER ANDERSON

Listen up, men. Mr. MASON here will run point for us. Lieutenant Shepherd will be attached to your hip, Mason. You breath, he breathes with you. Understand?

LIEUTENANT SHEPHERD, young, laconic, nods at Mason.

COMMANDER ANDERSON

Shep, what's the status on the special operational gear for Mason.

S.E.A.L. SHEPHERD

(hands over items)

one aluminum fork and one quart of motor oil in a squeeze tube.

GOODSPEED

Motor oil?

MASON

For cottonmouth.

GOODSPEED and the S.E.A.L.s exchange looks.

COMMANDER ANDERSON

GOODSPEED here's our specialist. We will cover him while he neutralizes the' chemical threat. If he does his job we'll
launch flares and hold our position 'till the cavalry comes. Make no mistake about it, gentlemen, we are going in against an entrenched force led by one hot-shit field commander. We are in the fight of our lives, I bullshit you not. Any questions? Let's move out.

The move across the staging area to --

A CH-53 SEA STALLION and two HUEY COBRA ATTACK GUNSHIPS, their BLADES whipping with ferocity.

S.E.A.L. SHEPHERD stands in the Sea Stallion's door. The S.E.A.L.s board past him. Last are MASON and Goodspeed.

    MASON

    After you, 'lace."

GOODSPEED gives MASON a look and climbs in. Then Mason. Then Shepherd, who SLAMS the door shut.

THE GROUND CREW waves red LIGHT SABRES: "all clear." The Hueys and the Sea Stallion lift off.

    INT.  SEA STALLION - NIGHT

GOODSPEED and MASON sit with the S.E.A.L.s. Grim, determined faces. Not a word spoken.

    COMMANDER ANDERSON

    Activate mini-cams.

Anderson, Boyer and the other S.E.A.L.s flip on TINY VIDEOCAMERAS mounted on their shoulders. A NAVAL MEDIC passes out SYRINGES OF ATROPINE in ANKLE SHFATHES.

    NAVAL MEDIC

    Atropine. Any contact with the gas, use it.

Each S.E.A.L. takes one; begins strapping it to ankle. GOODSPEED
shakes his head, declining.

GOODSPEED
Uhn uhn. I hate needles.

INT. PIER 39 - MOBILE COMMUNICATIONS TRAILER - NIGHT

AT THE CONTROL PANEL - F.B.I. TECHNICIANS talk into headsets and watch a bank of MONITORS displaying: satellite pictures, thermographic images of Alcatraz, a computer bio of Hummel.

SANCHEZ
Mini-cams operational.

OUTSIDE IN THE WAREHOUSE

An F.B.I. SEDAN pulls in and parks. F.B.I. AGENT CORD gets out. carla sits in the back seat.

The S.E.A.L.s begin to don their scuba apparatus.

COMMANDER ANDERSON

You know what you're doing?

MASON

Yes. Little fancier than I'm used to.

MASON examines the equipment. It's more modern, but not foreign to him. He adjusts his depth and oxygen gauges. Goodspeed, having a hard time, watches Mason.

EXT. SKIES OVER SAN FRANCISCO BAY - NIGHT

THE HUEYS, 50 ft. from the water's surface, SCREAM PAST CAMERA and bear down on Alcatraz.

THE SEA STALLION, lagging behind the Hueys, BANKS RIGHT and peels away. It descends lower, below radar.

EXT. SKIES OVER TREASURE ISLAND - NIGHT
The Sea Stallion rounds Treasure Island and heads toward the rear of Alcatraz Island.

INT. SEA STALLION - NIGHT

The SEA STALLION PILOT turns to ANDERSON.

SEA STALLION PILOT I got you to the strongest current in the Bay, Commander. You're on your own from here.

COMMANDER ANDERSON

Prepare to deplore!

CUT TO: A SERIES OF SHOTS.

IN THE REAR OF THE HOLD-- FOUR S.E.A.L.s ready two high-tech 139B 3-man submersibles called 'IS.D.U.312 (Seal Delivery Units), also known as "Seal Subs."

MASON is ready to go, calm and steady, eyes forward. GOODSPEED'S still behind. He has his scuba tanks shouldered, but he can't get the lst of the tricky CATCHEs on the shoulder harness secured ...

MASON reaches over and secures, with a METALLIC DLINK, the catch. Goodspeed, embarrassed, nods.

AT THE BACK OF THE HOLD

139F SHEPHERD, with a nod, directs MASON to sit down on the S.D.U.
behind S.E.A.L. BOYER, the S.D.U.12s driver.

MASON does so. Chaney then sits behind Mason. S.E.A.L. Dando then begins buckling Shepherd and MASON onto the sled with harnesses (the unit's version of a seat-belt.)

EXT. SAN FRANCISCO BAY (OFF ALCATRAZ) - NIGHT
The Sea Stallion hovers 15 ft. from the surface. The BELLY DOOR opens.
COMMANDER ANDERSON leans out, inspecting the drop area. He hand-signals to --

GOODSPEED
Wait a minute. (Dando stops buckling)
What if this thing crashes ...

Dando looks at Reigert. They laugh. This remark they obviously find very funny. Dando continues buckling GOODSPEED in.

MASON
Smile Goodspeed. Live a little. Life is short... especially yours.

And the S.D.U.1s are released, rolling out of the Sea Stallion on a set of tracks, SPLASHING DOWN into --

EXT. UNDERWATER - NIGHT

Hummel and Baxter watch from the window. Captain Frye's voice emanates from the walkie-talkie.

CAPTAIN FRYE
(V.O.)
Something on radar, sir. Two Hueys in standard formation, due east and approaching.

Hummel raises binoculars. Scans the bay.

HUMMEL'S POV - THROUGH BINOCULARS - THE HUEYS AND SEA STALLION, flying low, SCREAM toward the island.

BACK TO SCENE - HUMMEL lowers the binoculars, clicks on his walkie-talkie.

BAXTER
Decoy?

HUMMEL
Royce, Scarpetti, Gamble, Starling: get to the west end of the island on the double. Think we have visitors.

EXT. ALCATRAZ - WATER TOWER - ALLEY - NIGHT
Pvt. Royce clicks off his walkie-talkie.

ROYCE
You heard the man, let's move it.

Pvts. Royce, Scarpetti, Gamble and Starling race off.

EXT. UNDERWATER - NIGHT The S.E.A.L.s, pulled by their S.D.U.s, WHOOSH past camera. The S.D.U.s lights dim the FLUORESCENT GREEN.

CLOSE-UP on BOYER, the three-man S.D.U.'s driver, intense, determined.
CLOSE-UP on Boyer's fluorescent green INSTRUMENT PANEL charting their approach to the island.

They've drawn close to the island. COMMANDER ANDERSON swings an UNDERWATER SPOTLIGHT, which reveals --

A LARGE WATER INTAKE PIPE jutting out from the Island's bedrock, 7 ft. in diameter, covered by a GRATE thick with rust, barnacles and seaweed. There's a SMALL JAGGED HOLE, presumably through which MASON escaped 33 years earlier.

EXT. UNDERWATER - POWER P     . INTAKE PIPE - NIGHT The S.E.A.L.s cast off the S.D.U.s and direct their GREEN FLUORESCENT SPOTLIGHTS inside the hole in the grate.

BAXTER
Nothing.
HUMMEL
Tell 'em to stay out there.

INT. ALCATRAZ - SUBTERRANEAN POWER PLANT - NIGHT

A large subterranean room under the island's power plant. ... large WOODEN CISTERN in the middle.

The S.E.A.L.s emerge in the cistern and climb out. The room has one exit, sealed with a HEAVY IRON door.

COMMANDER ANDERSON
Thank-you very fucking much, Mr. Mason, you've led us to a room with no exit.

S.E.A.L. BOYER
Skipper, blow it or burn it?

COMMANDER ANDERSON
No time for the torch. Explosives'll bring the fucking world down on us. (turns to Mason) An idea, please, we're tight on time.

MASON
Wait for me to unlock the door.

COMMANDER ANDERSON
You do not look like Jesus Christ, Mr. Mason, so I'm having a hard time how you're going to accomplish that.

MASON
(points)
Under there.

UNDERNEATH THE STEAM ENGINE is a tiny crawl space. 10 STEAM RELEASE VALVES periodically emit BURSTS OF STEAM.

COMMANDER ANDERSON
You are shitting me. You catch one of those steam bursts and you're a corpse.

MASON
True.
(unshoulders his equipment)
I memorized their timing.

MASON sits on the edge of the crawl space. F.B.I. looks inside the crawl space: WHITE HOT BURSTS of 500 degree Fahrenheit steam BLAST DOWN.

S.E.A.L. SHEPHERD
Uhh sir, you said never leave his side ...

COMMANDER ANDERSON
You're not required to follow, Lieutenant Shepherd. This man is going to die.

MASON
(grumbles to himself)
That's been said to me before ....

MASON takes a deep breath and he rolls --

INTO THE CRAWL SPACE - MASON
logrolls one revolution... STEAM
BURST another evolution STEAM BURST another revolution STEAM BURST

MASON rolls to a stop on his side. STEAM BURSTS on either side of him.
MASON collects himself. Breathes deeply and rolls again. His movements are precise, from memory. He rolls past each burst, any imprecision certain death ...

IN THE CISTERN ROOM - GOODSPeed, ANDERSON AND THE S.E.A.L.s watch Mason, amazed.
S.E.A.L. REIGERT

Who the fuck is this guy? Houdini?

IN THE CRAWL SPACE - MASON
rolls past the STEAM RELEME VALVE and disappears.

IN THE CISTERN ROOM - Several seconds pass. We HEAR THE DOOR being unbolted. It CREAKS open. There stands Mason.

MASON

Welcome to the Rock.

The Incursion Team files through the door and CUT TO:

INT. TUNNELS UNDER ALCATRAZ - NIGHT Here, the tunnel moves up a steep incline to a LOCKED STEEL BULKHEAD. S.E.A.L.s REIGERT and DANDO check it out.

S.E.A.L. DANDO

She's at least three inches thick sir.

COMMANDER ANDERSON

Shit. Burn it.

Dando unpacks an ACETYLENE TORCH. Reigert turns on the ACETYLENE VALVES (tanks rigged to Dandols gear) and sparks the torch. IT FLAMES UP, white hot.

Dando starts toward the bulkhead. MASON steps past him, bending his KITCHEN FORK into an awkward shape. He fishes the fork in the lock; twists it, and...... POP.

MASON throws open the thick bulkhead door. And climbs through the bulkhead.

MASON (muttering)

Guys are worthless.
Who is this guy... ?

INT. DRAINAGE PIPES UNDER MAIN CELL HOUSE - NIGHT The team arrives at a series of concrete drainage pipes. MASON points up to one of them.

The shower room? (MASON nods yes)

After you.

MASON and the S.E.A.L.s climb into the drainage pipe.

INT. DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT The S.E.A.L. team, Mason leading the way, climbs toward a FAINT LIGHT emanating from a DRAINAGE GRATE above.

S.E.A.L. REIGERT readies a FIBRE OPTIC SEEING DEVICE; he pushes the fibre-optic camera up through the grate.

INT. ALCATRAZ - PRISON SHOWER ROOM - NIGHT

The FIBER-OPTIC CAMERA turns, looking in a 360 degree radius, and transmitting images of --

THE PRISON SHOWER - a tiled room with shower heads and a 20 ft. ceiling. Above, a mezzanine circles the showers; here Alcatraz's guards once watched inmates below..

INT. DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT

Commander Anderson views the shower room images on a TINY (2 inch by 2 inch) WRIST-HELD VIDEO MONITOR. The shower is deserted, but there's something of interest --

A MOTION DETECTOR (a blue beam flashed from a transmitter to a receptor) across the grate.
Motion sensor.

Anderson gingerly lifts the grate. Reigert wiggles his hands past the edges of the grate and nudges the beam transmitter (with one hand) and the beam receiver (with the other) away from the grate.

INT. INFIRMARY COMMAND CENTER - NIGHT

ROYCE
Sir. Anti-disturbance temblar tripped in the shower. We got visitors.

INT. MAIN CELL HOUSE - SHOWER ROOM

The grate pops open. S.E.A.L.s BOYER and REIGERT, wearing NIGHT VISION GLASSES, emerge taking defensive positions back-to-back. Commander Anderson follows. Then, one by one, the rest of the S.E.A.L.s emerge.

COMMANDER ANDERSON
(to Lt. Shepherd in the drainage pipe)
Stand fast. We'll secure the area.

ANDERSON directs Boyer and Reigert to a TILED COLUMN. They creep across the tiled floor, taking "check and defend" positions behind the shower's TILED COLUMNS. But suddenly, shockingly.....FLOODLIGHTS flash on. Coming from the mezzanine above.

The S.E.A.L.s whip off their night vision goggles.

165 INT. PIER 3-9 - MOBILE COMMAND TRAILER - NIGHT

ON THE VIDEO MONITOR - We see the illumination of the shower room (transmitted from the S.E.A.L.s cameras.)
SANchez
What's that...what the hell is that?

INT. ALCATRAZ - DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT Goodspeed, Mason, and Lt. Shepherd react to the sudden illumination above.

GOODSPEED
(whispers:)
What's going on?

S.E.A.L. SHEPHERD
(whispers)
Don't know.

INT. SHOWER ROOM - NIGHT

The S.E.A.L.s whirl around, startled, unnerved, squinting into the blinding whiteness of the floodlights.

HUMMEL
(V.O.)
Drop your weapons.

The S.E.A.L.s, terrified, hesitate but do not drop their weapons. They stand back-to-back, weapons trained at the catwalk. squinting into the white light.

The S.E.A.L.s behind the tiled columns take cover. We cannot yet see Hummel and the marines. This plays with as much tension as possible. The situation is chilling:

COMMANDER ANDERSON
Anderson here, General Hummel. Commander. Team Leader.

HUMMEL
(V.O.)
Commander Anderson, if you have any concern for the lives of your men, you will order them to safety their weapons and place them on the deck at their feet-
INT. PIER 39 COMMAND CENTER - NIGHT

ON THE VIDEO MONITOR - We see the floodlights above on the Mezzanine and hear Hummell's voice:

SANCHEZ
Oh Christ this isn't happening.

INT. ALCATRAZ - SHOWER ROOM MEZZANINE - NIGHT

HUMMEL looks down at the S.E.A.L.s. Baxter's text to him. The other marines are at positions around the mezzanine perimeter, M-16's trained and ready.

COMMANDER ANDERSON
Sir, we know why you're out here. God knows I agree with you sir, but like you sir, I swore to defend this country against all enemies. Foreign, sir, and domestic. (shouts now) General, we've spilled the same blood in the same mud. You know goddamn well that I cannot give that order...

BEHIND A COLUMN - S.E.A.L.s REIGERT and BOYER stare into the floodlights.

HUMMEL
Your unit is covered from an elevated position, Commander. I'm not going to ask again.

ON THE MEZZANINE

CPTS. FRYE, DARROW and PVTS. COX, MCCOY, have their weapons trained; they're pumped and trigger happy.

HUMMEL
Don't do anything stupid, Commander. No one has to die here.

COMMANDER ANDERSON
You men following the General: You are United States Marines and under oath you forgotten that? We all have shipmates we remember - some of 'em were shit on and spit on by the Pentagon - that doesn't give you the right to mutiny.

HUMMEL

That's a nice speech, Commander. I heard plenty like it in the Pentagon and on Capitol Hill. They all added up to zero. Pretty words aren't gonna get you out of this, Commander. Now abort this mission.

Goddamn it, abort.

BEHIND THE COLUMN - S.E.A.L. BOYER, just 20, having never seen combat, is trembling with fear, indecision.

S.E.A.L. BOYER

It's us or them, Reigert, fuck they're gonna waste us ...

S.E.A.L. REIGERT

Get a grip on yourself ....

ON THE MEZZANINE - PVT. COXIS BOOT nudges a TILE which has come loose from its mortar. The tile inches to the edge of the mezzanine. Then it falls ......

BOYER, reacting to THE FALLING TILE, brings up his machine gun and fires

A SUSTAINED BURST in its direction --

And all hell breaks loose. THE MARINES fire in unison. A cruel withering fusillade.

--- THE S.E.A.L.s in the middle of the floor take the brunt of it. They gamely return fire. But they're hit. Again. Again. Again.

IN THE DRAINAGE HOLE - Goodspeed, Mason, and Lt. Shepherd listen (and watch, when the view allows) in utter horror to the firefight above.
Lt. Shepherd scrambles up the ladder. GOODSPEED grabs him. Tries to pull him down.

GOODSPEED
Don't do it.

S.E.A.L. SHEPHERD
Let go of me.

Lt. Shepherd climbs the ladder.

IN THE SHOWER ROOM - ANDERSON takes a bullet in his leg. His automatic blazing, he takes a bullet in the forearm. The chest. The shoulder.

-- THREE MARINES on the mezzanine are hit and killed.

-- LT. SHEPHERD climbs out of the drainage pipe and comes up firing. He instantly takes a bullet through the visor, killing him instantly. SHEPHERD falls to his knees and pitches over, falling face first into

THE DRAINAGE HOLE, where SHEPHERD'S lifeless eyes come face-to-face with Goodspeed, who nearly passes out, then looks away in horror.

S.E.A.L.S BEHIND THE COLUMNS return fire. They're hit, picked off one by one.

-- MARINE COX AND MCCOY fire a 50 CAL. GUN (as powerful as anti-aircraft or anti-tank round) through the column, killing REIGERT and BOYER.

HUMMEL
HOLD YOUR FIRE HOLD YOUR FIRE ....

INT. DRAINAGE PIPE UNDER SHOWER ROOM - NIGHT

Suddenly the firing stops. GOODSPEED and MASON freeze. Thinking fast,
MASON rips the TAC RADIO from Shepherd's helmet, takes his 9 MM PISTOL and MACHINE GUN, and his SAW-TOOTHED KNIFE AND SHEATH, and climbs down.

Goodspeed, indecisive at first, clambers down after Mason.

INT. PIER 39 - MOBILE COMMAND TRAILER - NIGHT ON THE VIDEO MONITOR - An image transmitted from Anderson's helmet camera. Anderson has fallen, so this is at ground level. We see corpses and near corpses.

SANCHEZ

It's over.

F.B.I. TECHNICIAN

We've still got movement. Numbers eleven and twelve. That's GOODSPEED and.... Mason.

F.B.I. DIRECTOR WOMACK

If mason's still alive, it's not over.

INT. ALCATRAZ - TUNNELS UNDER SHOWER ROOM - NIGHT

MASON and GOODSPEED exit the drainage pipe. GOODSPEED is panting, nearly hysterical.

GOODSPEED

We're never gettin off this island.

INT. PIER 39 - WAREHOUSE - NIGHT

CARLA peers through a crowd of F.B.I. TECHS huddled around video and audio monitors. She freezes, her hands covering to her mouth at the sound of:

GOODSPEED (over tac radio)

.... god Jesus we're gonna die

Sanchez, agitated, exits the Command Trailer with Director Womack. They huddle, speaking in hushed voices.
SANCHEZ
You told me I am on a "need to know" basis. Well goddamn it, I need to know. Who the fuck is John Mason. Start talking, Director, or I swear I will go to the press.

A tense pause. Then Womack sighs, and his voice travels back three decades ...

F.B.I. DIRECTOR WOMACK
1962. J. Edgar Hoover is head of the F.B.I., some say the country. It's no secret the esteemed Mr. Hoover kept microfilm files on prominent Americans and Europeans. de Gaulle, British members of Parliament, even the Prime Minister. The man had dirt on everyone in the world,

A174 INT. ALCATRAZ - TUNNELS UNDER THE SHOWERS - NIGHT
Goodspeed, slumped in a corner, watches MASON arm himself.

He is a different person. Alive. Now in his element. pops the clip on Shepherd's g mil gun. Inspects it. Unsheathes the saw-toothed knife. Sheathes it.

174 INTERCUT - PIER 39 COMMAND CENTER / ALCATRAZ TUNNELS
F.B.I. DIRECTOR WOMACK
The British sent over their best operative, John Mason, to steal it.

MASON grabs Shepherd's machine gun, pops the clip.

F.B.I. DIRECTOR WOMACK
Our agents caught MASON at the Canadian border but with no microfilm. It's never been found.
So Hoover held him without trial. The British claimed they
didn't know him.

SANCHEZ
What about the daughter? why didn't Hoover use her as
leverage?

F.B.I. DIRECTOR WOMACK
He died in 1972. She wasn't born yet Today it's
a different Bureau and no one wants to touch this.

SANCHEZ
My god, you're not saying ...

MASON slides the clip back in the machine gun. Tests the action.
obviously comfortable with firearms ...

F.B.I. DIRECTOR WOMACK
John MASON
has been incarcerated without trial on
American soil since 1962. He knows our most intimate
secrets of
the last half century. The alien landing at Roswell, the
truth about
the J.F.K. assassination.

INT. ALCATRAZ - TUNNELS BELOW SHOWER ROOM - NIGHT

F.B.I. DIRECTOR WOMACK
(O.S.)
John MASON was an S.A.S. trained killer,
one of MI-6's best operatives ever - John MASON
was one of the most dangerous men on earth.

MASON, armed and dangerous for the first time in 33 long years, faces
Goodspeed. Brings his machine gun up. GOODSPEED
raises his -9 mil pistol in self-defense.

GOODSPEED
Don't shoot me. MASON was actually slinging it over his
shoulder...
MASON
For christ's sake. MASON trudges down the tunnel. Goodspeed follows him.

GOODSPEED
Wait. Where're you going?

MASON
Off this island. You mind?

GOODSPEED
Yes I mind. I mind very much.

From the tac radio in Mason's hand:

SANCHEZ
(O.S.)
(over tac radio)
Goodspeed, Goodspeed, come in.

MASON
You've got a phone call.

MASON throws the tac radio at Goodspeed's feet and trudges off. GOODSPEED grabs the tac radio.

GOODSPEED
It's me sir.

SANCHEZ
(O.S.)
What is happening? Where's Mason?

GOODSPEED
He says he's leaving the island sir.

SANCHEZ
Don't let him do that.
GOODSPEED
He's got a gun, sir.

SANCHEZ
What do you have, a FUCKING WATER PISTOL? Get him back!

GOODSPEED hurries off after Mason.

INT. ALCATRAZ - SHOWER ROOM - NIGHT

Commander Anderson and the S.E.A.L.s lie dead, their blood running over the tiles into the drainage grate. Hummel, Baxter walk amongst the corpses.

HUMMEL
I never wanted this. Jesus christ.

BAXTER
We knew it might happen, Frank.

CAPTAIN DARROW
Maybe now they'll pay up.

CAPTAIN HENDRIX
Maybe now they won't.

CAPTAIN DARROW
Then maybe we'll execute a few hostages.

One S.E.A.L. DANDO, is still alive. He's gurgling blood. Staring up at Hummel.

S.E.A.L. DANDO
You'll go to hell for this General.

CAPTAIN DARROW
(to Pvt. Royce)
Put a bullet in him.
Pvt. Royce, appalled, can't bring himself to do it.

CAPTAIN FRYE
You heard him. End it.

Cpt. Darrow pulls his sidearm and levels it.

HUMMEL
CAPTAIN, HOLSTER THAT SIDEARM.

CAPTAIN DARROW
(lowers sidearm)
Yes sir.

Royce kneels. Feels Dandols carotid artery.

ROYCE
He's dead anyway sir.

Hummel leans down. Stares into Dando's video feed.

INT. PIER 39 - NIGHT womack and SANCHEZ
stare at HUMMEL on the monitor.

HUMMEL
(V.O.)
(over monitor)
You have a made a terrible mistake and more
of our brothers have died in vain. Let's not repeat this.

The transmission goes dead.

INT. ALCATRAZ - SHOWER ROOM - NIGHT

Suddenly, SGT. drainage pipe,

CRISP bent over SHEPHERD'S CORPSE in the shouts to Hummel:

SGT. CRISP
General! This man's weapons and tac radio are missing!
HUMMEL
Rodent problem, people. Let's flush the pipes.

Pvts. Cox and McCoy go to the drainage pipe.

EXT. ALCATRAZ - MAIN CELL HOUSE - NIGHT
Hummel and his men exit the Main Cell House and fan out in teams across the island.

SGTS. CRISP and CPT. HENDRIX move toward the power plant (above the tunnel traveled by MASON and Goodspeed.)

INT. TUNNELS UNDER ALCATRAZ - NIGHT
Goodspeed's still trailing after Mason.

GOODSPEED
would you stop. Just stop.
(MASON stops)
I don't know what you did or why you were sent to jail, but there are a million people across that bay who might die...
(MASON continues)
Fuck this. Stop. Freeze.

MASON turns. GOODSPEED has his g gun trained on him. He's not the most convincing gun handler.

EXT. ALCATRAZ - IN FRONT OF POWER PLANT - NIGHT
Sgt. Crisp and Capt. Hendrix, walking toward the power plant, hear something. Beneath them, through a VENTILATION GRATE. VOICES.

CAPTAIN HENDRIX
(whispers in tac mike)
Rodents located.

Hendrix and Crisp begin preparing a SATCHEL EXPLOSIVE.

INT. TUNNELS UNDER ALCATRAZ - NIGHT
MASON and GOODSPEED as before.
MASON advances.
GOODSPEED
   F.B.I.   Stop right there. I really mean it.

MASON
   (stops)
   If you really mean it, take the safety off.

GOODSPEED fiddles with the safety catch. With a swipe, MASON snatches the gun. They glare at each other.

SANCHEZ
   (V.O.)
   (over tac radio)
   Goodspeed. Goodspeed, come in. Have you resolved this?

GOODSPEED
   Now he has all the guns, sir. .
   (clicks off the tac radio)
   You've got to help me. What do you want me to do, beg?

MASON
   Save your breath and your dignity, if you have any. I am leaving.
   I am getting my daughter and getting the hell out of here.

MASON walks off. Suddenly stops. THE SATCHEL EXPLOSIVE has fallen at his feet. MASON turns, looks at Goodspeed. And they sprint back, the way they came.

IN THE TUNNEL BEHIND THEM - A MONSTROUS EXPLOSION blows in the tunnel and knocks MASON and GOODSPEED to their feet.

INT. ALCATRAZ - SHOWER ROOM - NIGHT

PVTS. COX AND MCCOY attach a bundle of C-4 to A TANK OF GASOLINE and toss it down the drainage pipe.

INT. TUNNELS UNDER ALCATRAZ

The gas bomb detonates, blowin'g a wall of flame through the tunnel.
The fire is looking for an escape, hunting and burning everything in its path.

DOWN THE TUNNEL - MASON AND GOODSPEED see the wall of flame ROARING toward them. MASON grabs Goodspeed.

MASON
Hold your breath.

They dive into a pool of stagnant water, submersing as the WALL OF FLAME blows through the tunnel over their heads.

Mason, then Goodspeed, drags himself out of the water.

MASON
Come on. And keep your mouth shut.

MASON hurries off, GOODSPEED on his tail.

EXT. ALCATRAZ - SUBTERRANEAN CIVIL WAR RUINS - NIGHT

The tunnel leads here, to the Civil war era dungeon. The tunnel's bricked up; brick and mortar circa 1855.

CIVIL WAR RUINS - NIGHT

GOODSPEED
Now what?

MASON moves to the bricked-up wall. Feels around the mortar. Smiles. Removes a brick. another. Another. A WHOLE CLUMP of bricks falls, revealing A HOLE.

MASON
Came out right through there. (squeezes through the hole; mutters)
'Course I've gained a few since ...

GOODSPEED follows MASON through the hole.

INT. CIVIL WAR DUNGEON - OTHER SIDE OF THE WALL - NIGHT

MASON and GOODSPEED emerge to a ledge which faces A POOL OF DANK STAGNANT WATER.
It's about 3 ft. deep.

MASON
Across that, then 50 yards to the morgue.
(off Goodspeed's blank stare)
You said that's where the fucking poison is, Goodspeed.

GOODSPEED
I don't get it. You're going to help me?

MASON
No. I'm going to give you dancing lessons. What the fuck do you think?

GOODSPEED
You don't have to get all bent out of shape.

MASON
What's bent out of shape, idiot, is the tunnel I was going through to freedom five minutes ago.

GOODSPEED
All right, all right. Don't call me idiot, okay?

MASON what did I do to deserve this? What God did I offend .....
GOODSPEED begins to wade into the pool.

**MASON**

Stop.
(GOODSPEED stops)
There. And there.

GOODSPEED squints. The water slithers with COTTONMOUTHS. MASON unpack the QUART OF MOTOR OIL in spray bottle.

**MASON**

Cottonmouth snakes. They breath through their skin. Oil clogs it. They hate the stuff.

**MASON**

sprays the motor oil across the pool. The snakes scatter. The pool's now coated with an OIL SLICK. MASON wades in. Goodspeed follows.

The COTTONMOUTHS, repulsed by the oil, stay away. GOODSPEED tries not to look at the snakes. They make it across.

**GOODSPEED**

Something's a little off here: I'm the F.B.I. Agent, you're the convict, and you have all the guns.

MASON slaps the .9 MM pistol into Goodspeed's hand walks off. GOODSPEED follows.

**INT. ALCATRAZ - TUNNEL UNDER PRISON MORGUE - NIGHT**

MASON and GOODSPEED arrive at a fork in the tunnel. _

DOWN THE FORK IN THE TUNNEL - is the PRISON MONO-RAIL SYSTEM: a single rail suspended from the tunnel ceiling, upon which SMALL CARTS are
suspended.

GOODSPEED
The morgue?

MASON nods. Moves to a STEEL-RUNGED LADDER leading to a GARBAGE CHUTE against the wall. GOODSPEED follows.

INT. ROOM ADJACENT TO MORGUE - NIGHT

MAISON and GOODSPEED emerge from the garbage chute. They hear VOICES in the next room.

INT. MORGUE - NIGHT

PVTS. GAMBLE and STARLING are guarding the poison. Starling's walking around. Gamble's seated on a MORTICIANIS TABLE, smoking.

The door bursts open. MASON stands in the doorway. GAMBLE dives away. STARLING whirls, raising his M-16.

MAISON'S HAND flashes. THE SAW-TOOTHED KNIFE flies the length of the room and buries in Starling's neck.

MAISON
Never hesitate.

Gamble fires from his position around the corner. MASON and Goodspeed dive for cover behind a cabinet. GOODSPEED fires from cover without looking, his gun raised over the cabinet. Mason, underneath the cabinet, fires at GAMBLE'S FOOT. Gamble, shot, hits the deck.

GAMBLE unclips a GRENADE. Before he can pull the pin....

MAISON FIRES HIS CLIP EMPTY at the AIR CONDITIONER MOUNT on the ceiling above Gamble. The mount gives; the ENORMOUS AIR CONDITIONER falls, crushing Gamble. Gamble's GRENADE, still secured with the pin, rolls away.
GOODSPEED rises. Looks at Gamble under the air conditioner. Just HIS LEGS stick out. (Note: the rest of the scene's action plays out around Gamble's legs.

GOODSPEED
You didn't learn that in prison.

MASON
No, and I used to be a lot quicker.

GOODSPEED
I've got some questions for you but they can wait.

GOODSPEED opens the CORPSE DRAWERS revealing the V.X-. CHEM ROUNDS (shaped like big tennis ball cans).

GOODSPEED carefully lifts out a chem round. MASON grabs one, accidentally knocking it against the drawer.

GOODSPEED
Careful. The second you don't respect this, it kills you.

GOODSPEED and MASON set the V.X. chem rounds on the mortician's table. GOODSPEED pulls out his EQUIPMENT KIT. Begins detaching the tops of the chem rounds.

GOODSPEED reaches inside a chem round and carefully pulls out..... a STRAND OF V.X. POISON PEARLS: ping-pong ball sized glass bubbles filled with poison.

GOODSPEED
I need a hand here.
(MASON looks anxiously at the poison pearls.)
GOODSPEED hands the poison pearl strand to Mason. MASON holds it like a string of wind chimes.

MASON
What... exactly does this do to you?

GOODSPEED
Any epidermal exposure or inhalation and you'll know: A twinge at the small of your back as the poison seizes the nervous system.

(hands over another poison pearl strand)
Then loss of muscular function. Then you spit your guts out, it looks like a tub of spaghettils spilled on the floor, then your skin turns black...

MASON stares uneasily at the pearl strands.

MASON
Sounds like my first marriage.

GOODSPEED has the chem round's GUIDANCE SYSTEMS exposed. Inside are tiny GUIDANCE SYSTEM MICRO-CHIPS. GOODSPEED plucks the chip from each chem round and pockets it.

GOODSPEED
(into tac radio)
Pier 39 come in.

SANCHEZ (V.O.)
(tac radio)
Goodspeed? Where the hell have you been. Talk to me.
GOODSPEED
We're in the morgue. I'm removing the rocket's guidance system chips.
(to Mason)
Without em the rockets'll fly about 500 feet and splash down like a wounded duck.

GOODSPEED moves on to the third and fourth chem rounds. Suddenly there's a BEEP. GOODSPEED and MASON whirl. Pvt. Gamble's WALKIE TALKIE is talking to them:

HUMMEL
(O.S.)
Gamble, Starling. Come in.

MASON and GOODSPEED exchange a nervous look.

HUMMEL
(O.S.)
Privates Gamble and Starling, come in.

EXT. ALCATRAZ - INFIRMARY COMMAND CENTER - NIGHT

Hummel clicks off his walkie-talkie. Stands there a second, thinking.

HUMMEL
The morgue. Hummel and Baxter exit quickly.

INT. ALCATRAZ - MORGUE - NIGHT
GOODSPEED goes faster; his hands are sweating, trembling. It's like he's lost his spine. (And thinking about Carla, perhaps he has.)

MASON
C'mon c'mon.... faster ....

GOODSPEED nearly drops a chem round. MASON recoils.

MASON
I thought you were cool under pressure.
GOODSPEED
Shut up; you're making me nervous.

EXT. ALCATRAZ - BETWEEN CELL HOUSE AND MORGUE - NIGHT

Hummel and his men race toward the morgue.

INT. ALCATRAZ - MORGUE - NIGHT
GOODSPEED has dealt with eight chem rounds. There should be seven more, but there's not. GOODSPEED counts them ....

MASON
They'll be on us in twenty seconds.

GOODSPEED
Wait a minute. Fuck. Hummel stole fifteen chem rounds. There's only twelve here. Here. Quickly. Do these last four.

MASON raises the poison pearl strands from each of the remaining four chem rounds. GOODSPEED quickly plucks the chips from the guidance systems.

EXT. ALCATRAZ - MORGUE - NIGHT

Hummel and the marines converge on the morgue. Surround the door. They burst inside, guns trained.

INT. ALCATRAZ - MORGUE - NIGHT

COX, MCCOY, and DARROW fire machine gun bursts at -- -- MASON AND GOODSPEED
sprinting across floor, BULLETS chewing the floor. They dive into the MORGUE INCINERATOR CHUTE, GOODSPEED leaving the tac radio behind ....

INT. TUNNEL UNDER MORGUE - NIGHT

GOODSPEED and MASON tumble out of the chute. Two MONO-RAIL CARTS are hanging there. They exchange a look and climb into the first cart. MASON throws the cart's RELEASE LEVER. The cart glides down the
mono-rail.

**INT. ALCATRAZ - MORGUE - NIGHT**

HUMMEL goes to the mortician's table. Sees the theft of the guidance chips.

**HUMMEL**

Hendrix! Take Royce and Scarpetti!

CAPTAIN HENDRIX and PVTS. ROYCE and SCARPETTI dive into the incinerator chute after MASON and Goodspeed.

**BAXTER**

Gamble and Starling are dead.

**CUT TO:**

**INT. TUNNEL UNDER MORGUE - MONO-RAIL TRACK - NIGHT**

Hendrix, Scarpetti, and Royce tumble from the incinerator chute. Mason and GOODSPEED are down the Mono-rail track.

Hendrix gets in THE SECOND MONO-RAIL CART. Scarpetti gets in THE THIRD MONO-RAIL CART. Hendrix and Scarpetti pull the release levers. The Mono-rail carts rumble after GOODSPEED and Mason. Hendrix shouts back to Royce:

**CAPTAIN HENDRIX**

FOLLOW ON FOOT!

**INT. ALCATRAZ - MONO-RAIL TUNNEL - NIGHT** The three carts fly down the mono-rail: GOODSPEED and MASON (in CART 1) 50 feet ahead of Scarpetti (in CART 2), who is 50 feet ahead of Hendrix (in CART 3)
IN CARTS 2 AND 3 - SCARPETTI and HENDRIX fire M-16s.

IN CART 1 - MASON
and GOODSPEED duck as BULLETS RICOCHET around the tunnel walls. They pop up and return fire.

IN CART 2 - SCARPETTI arms hi over/under M-16 grenade launcher with a grenade and... FIRES.

THE GRENADE PROJECTILE shoots down the monorail tunnel.

IN CART 1 - MASON AND GOODSPEED
duck as the GRENADE PROJECTILE wings over their heads, continues down the tunnel and DETONATES against the tunnel wall.

CART 1 roars through smoke and debris left by grenade explosion. As it rounds a corner, MASON grabs A SPLINTERED TIMBER and releases from the cart. CART 1, with GOODSPEED alone continues down the mono-rail.

MASON yanks down a 5 ft. long BROKEN SECTION OF SEWAGE PIPE and presses himself against the tunnel wall.

AS CART 2 rounds the corner...

WHAM!! MASON swings, hitting Scarpetti flush in the forehead, killing him and blowing him off the cart. Cart 2, without Scarpetti, continues down the mono-rail.

MASON waits. As CART 3 rounds the corner

MASON swings again But Hendrix is waiting for it. Hendrix grabs the swinging pipe and pulls MASON into Cart 3!
Mason's sprawled on the floor of the cart. Hendrix levels his M-16. MASON whipsaws the legs under Hendrix, bowling him over, the M-16 falling away from the cart.

MASON and Hendrix get to their feet. They trade blow after blow as the Cart ROARS through the tunnel.

IN CART 1 ~ GOODSPREAD looks over his shoulder at MASON and Hendrix locked in mortal combat. He pulls the CART BRAKE. Cart 1 begins slowing down. CART 2 (Scarpettils) rams into it. Now Carts 1 and 2 are together. And on comes --

CART 3 - Hendrix knocks MASON to the floor of the cart. Hendrix dives atop Mason, strangling him. Mason's head is bent over the front lip of the cart. MASON looks down the mono-rail track. To his horror he sees CARTS 1 and 2 slowing down ...

IN CART 1 - GOODSPREAD realizes that his cart is going to ram Mason's outstretched head. He releases the brake, and Cart 1 picks up speed ...

IN CART 3 - Hendrix draws the knife. Hendrix raises the knife. With his last strength, MASON rolls away. Hendrix plunges the knife down, missing Mason, him momentum carrying his head and shoulders over the front lip of the cart. MASON SCREAMS at Goodspeed.

MASON BRAKE! ! !

IN CART 1 - GOODSPREAD pulls the cart brake and --

-- CART 3 SLAMS into CARTS 1 and 2 at 20 m.p.h., crushing Hendrix's head and torso between Carts 2 and 3.

The collision knocks MASON off Cart 3, SLAMMING his head against the
tunnel wall. MASON falls unconscious to the tunnel floor, while --
-- CART 1 is shoved by the collision across a DITCH OF WATER in the
tunnel floor. GOODSPEED
groggily gets to his feet. Jumps down from the cart.

GOODSPEED
Mason!

In the midst of this PVT. ROYCE runs up. Sees MASON concussed,
helpless. Royce draws his GLINTING KNIFE. Kneels over Mason. He's
going to cut his throat.

GOODSPEED
Wait.

Royce lowers the knife. Looks across the ditch at Goodspeed. The
ditch is 20 ft. wide and filled with dank, stagnant water and we've seen
dank, stagnant water before.

GOODSPEED
Pretty easy killing an unconscious man. How about trying me?
Punk.
(beat)
What're you waiting for? Limp dick.

ROYCE
I am going to fuck you up something fierce. You rolled the wrong
number, shithead. You crapped out.

And ROYCE begins to wade into the ditch. And GOODSPEED is looking at the water, waiting... ROYCE is waist deep now.
Royce feels something. He winces. Looks down at --

FIVE COTTONMOUTH SNAKES, fangs wide and white, plunging into him.
Royce screams. His knees buckle. He falls to his knees in the water. A
COTTONMOUTH stuck to his neck... Royce SHRIEKS again...
And slides gently under the water.

**GOODSPEED**
I rolled snake-eyes. Shithead.

Goodspeed, hand over hand on the monorail, eases the cart across the stagnant ditch. Hops out. MASON gets to his feet. The two exchange a look.

**MASON**
Limp dick?

**GOODSPEED**
It's all I could think of.

IN A CORNER - JIMKY FISK and LARRY GILER consult.

LT. FISK
We're fucked, cap'n.

CPT. GILER
Are we fucked with a pencil or are we fucked with a baseball bat.

LT. FISK
We're fucked with a telephone pole. (turns to the missiles) we can arm em with Willy Peter, no problem, but negatory pn smart bomb capability.

CPT. GILER
What are you saying?

LT. FISK
The pilots are gonna have to drop em manually. We're talkin, retro, baby. We're talkin' World War II.

INT. ALCATRAZ - BEHIND "CHINA ALLEY" - NIGHT

MASON and GOODSPEED emerge from the mono-rail tunnel. The launcher on China Alley is in the b.g. Suddenly, from the loudspeaker above them:

HUMMEL
(V.O.)
(loudspeaker)
Attention Navy Seals, attention.

MASON and GOODSPEED freeze.

GOODSPEED
He thinks we're Seals.

HUMMEL
(V. O. )
(loudspeaker)
Congratulations. You've taken some things of mine. I can't convince you to return them so I'll put on someone who can.

A pause. Then A MALE VOICE. Nervous. Quivering.

MALE VOICE
(V.O.)
(loudspeaker)
Hell... hello.

EXT. ALCATRAZ - PRISON EXERCISE YARD - NIGHT

LARRY HENDERSON, 48, stands at the end of the exercise yard in a SPOTLIT AREA. Capt. Darrow has his .45 placed against Larry's left temple.

Convinced? Mr. Henderson hopes so. You have
two minutes.

GOODSPEED turns to Mason.

GOODSPEED
I'll go.

MASON
Wrong.

GOODSPEED
What, you?

MASON
I'm not the chemical weapons expert.

GOODSPEED
Good point. Okay here, take 'em.

GOODSPEED unpockets the V.X. ROCKET'S GUIDANCE CHIPS. Hands them to
Mason. MASON heaves them into the bushes.

GOODSPEED
What are you doing?

MASON
Now they only have three rockets left.
GOODSPEED
What about Mr. Henderson?

MASON
Hummel's a soldier, not a murderer.

GOODSPEED
Wait.

MASON
(stops; turns)
Find the rockets. If they're guarded, kill the men guarding them.

GOODSPEED
I... I don't know if I can do this.

MASON
There's only one way to find out. I'll try to give you time. And Goodspeed....
(tosses GOODSPEED his ATROPINE SYRINGE)
Don't be an idiot. Put that on.

MASON moves off into the night.

GOODSPEED
Well thank-you, thank-you very much.

GOODSPEED creeps toward the China Alley rocket launcher.

EXT. CHINA ALLEY - NIGHT

GOODSPEED moves under the grated, multi-level structure of china Alley. Looks up through the grate. The ROCKET LAUNCHER sits on the grate on the level above him.
EXT. MAIN CELL BLOCK - NIGHT

MASON walks down the middle of the cell block toward the opening to the exercise yard.

EXT. ALCATRAZ - PRISON YARD - ONE MINUTE LATER - NIGHT

Darrow with his gun to Larry Henderson's head. Hummel paces in the background. MASON emerges from the cell block.

MASON walks up to Hummel. The two stand there a moment, regarding each other.

CAPTAIN DARROW
Gotta be kidding me. They send an old man.

MASON gives Darrow a hard-eyed glance. Hummel takes a lap around Mason, sizing him up.

HUMMEL
I thought I'd been in the service a long time. Name and rank, sailor.

MASON
John Paul Mason. (stares at Hummel) Royal Navy. Commander.

HUMMEL
You're a long way from England, Commander Mason.

MASON
I feel strangely at home.

HUMMEL
How's that?

MASON
You wouldn't believe me if I told you.

HUMMEL
Do you have some unique knowledge of this prison facility, Commander Mason?

MASON
Quite unique.

HUMMEL
How's that?

MASON
I was a guest here.

Glances all around. Someone laughs. Everyone laughs.

EXT. CHINA ALLEY ROCKET LAUNCH STATION - NIGHT

Pvt. COX mans the launcher. Suddenly a voice:

GOODSPEED
(V.O.)
Freeze.

(Cox freezes)
Drop the weapon and turn around. Slowly.

Pvt. Cox drops his weapon. Slowly turns. Goodspeed, one hand on his gun, the other on HIS TOOLS, begins to unscrew the V.X. CHEM ROUND FACE-PLATE.

ON THE GRATED LEVEL ABOVE GOODSPEED
- PVT. MCCOY appears. Looking down, he sees GOODSPEED and Cox. He cinches his REPELLING CLIP to the steel railing.

EXT. ALCATRAZ - PRISON YARD - CONTINUOUS - NIGHT
HUMMEL
Well you're some kind of joker, Mason. Maybe you're a lunatic.
Are you of sound mind, Mason?

MASON
I'm not threatening the lives of a million innocent people.
You are.

Hummel's demeanor changes. Hard now. Tight.

HUMMEL
Give me the guidance chips.

MASON
I threw them in the bay.

HUMMEL
That was stupid of you.

MASON
(re: hostage Henderson)
Would you have shot him?

CUT TO:
The marines look at Hummel, wondering the same thing. 220 EXT. CHINA ALLEY ROCKET LAUNCHING STATION - NIGHT GOODSPEED, still holding Cox at bay, pulls the V.X. chem round from the rocket. The going is slow. he begins to lift the POISON PEARL STRANDS from the chem round. His hand reaches to unclip the GUIDANCE SYSTEM CHIP.

Suddenly Pvt. MCCOY repels to the level behind Goodspeed. Goodspeed grabs the chip and dashes off, slamming through an OLD WOODEN DOOR into the CIVIL WAR RUINS.
EXT. PRISON YARD - CONTINUOUS - NIGHT

MASON and Hummel. The previous question dangles in the air: Would you have shot him?

HUMMEL
You seem like a bright man, Commander. Bright men understand necessity.

MASON
Bright men also obey the law. "Wherever law ends, terror begins."
John Locke.

HUMMEL
"Where there is no law, there is no transgression." The Bible.
Romans, Chapter 4, Verse 15.

MASON
Article 7, American Constitution? "Treason against the United States shall consist of..."

HUMMEL
The American Constitution was written by traitors, Commander. Traitors against a government founded on injustice and tyranny and stupidity.

HUMMEL
Frye, Crisp, go!

EXT. CHINA ALLEY ROCKET LAUNCHING STATION - NIGHT
GOODSPEED wildly discharges his gun until CLICK, the clip is spent. Cox and McCoy step through the doorway.

GOODSPEED shoves the guidance chip in his mouth.

MCCOY
Swallow that and I swear on my Aunt Myrtle's grave I'll cut your belly open and pull it out.

McCoy and Cox spring at Goodspeed. McCoy whips the butt end of his gun against Goodspeed's head. GOODSPEED crumples, unconscious. McCoy jams his fingers in Goodspeed's mouth.

MCCOY He bit the fuckin' thing. It's shot.

INT. MAIN CELL HOUSE - CELL BLOCK 'ID' - MORNING
GOODSPEED squints through painful eyes, gaining consciousness. he looks around, taking stock of the start cell on 'ID' block. Gets to his feet. Goes to the bars:

GOODSPEED
Mason. (no response)
Mason?

MASON (V.O.)
It's about time.
GOODSPEED
Where are you?

A CELL ON THE TIER ABOVE GOODSPEED -

MASON sits on a bed.

MASON
Above you. (under his breath)
Literally and figuratively.

WIDENING, we see that MASON'S MATTRESS has been ripped into long strips.
MASON
is BRAIDING THE STRIPS into a long rope. The rope is quite finely constructed. Mason's been at this several hours.

INTERCUT BETWEEN THE TWO CELLS (and during the following, MASON keeps busy with his rope braiding).

GOODSPEED
This is tiny.

MASON
You referring to your intellect, Goodspeed? Or another portion of your anatomy ....

GOODSPEED
The cell, Mason.

MASON
Five feet by seven. Try living in one for a year. What happened?

GOODSPEED
I only got one chem round. There are two left. I fucked up.

MASON
(sarcastic)
Surprise, surprise.
GOODSPEED
I'm not a field agent, all right? So cut me a break.

MASON
An F.B.I. Man asking me for a break. How droll.

GOODSPEED
What is your beef with the Bureau, anyway Clmon. Tell me.

MASON
Let's say our countries had a little dispute. They both knowingly shafted me.

GOODSPEED
How?

MASON
Familiar with the name Hoover, Goodspeed? I don't mean a vacuum cleaner ...

GOODSPEED listens intently and

CUT TO:

INT. LONG BEACH AIR FORCE BASE HANGAR - MORNING

SUPER: LONG BEACH, CA. - U.S. AIR FORCE BASE.

TECHNICIANS are frantically installing WILLY PETER INCENDIARY BOMBS under the wings of an F-16.

ACROSS THE HANGAR - General Peterson and Captain Giler brief FOUR F-16 TOP GUN PILOTS.

GENERAL PETERSON The target. Alcatraz Island. This is not a precision strike. The entire island is to be blanketed.
LWO F-16 PILOT Sir, we hit that Island with Willy Peter and it's going to look like Iwo Jima. No one can survive it.

GENERAL PETERSON (grimly) That's why this is a volunteer mission, Captain. If any of you have doubts you can carry it out, speak up.

The pilots look at each other. Silence.

GENERAL PETERSON
Captain Giler?

CPT. GILER
We jerry-rigged a release lever. You'll find it on the left side of the cockpit. It's got two positions: safety and release. Throw it on release, the bomb drops in five seconds. Change your mind, throw it back on safety. Any questions?

INT. ALCATRAZ - GOODSPEED'S CELL - MORNING

GOODSPEED stares blankly into space. INTERCUT between the two cells again.

GOODSPEED
Jesus.
(thinks)
Why didn't you just tell Hoover and the bureau where the microfilm was? Make a trade?

MASON
Some trade. They'd get the microfilm and I'd get a bullet in the head.

GOODSPEED
I see your point. Something's been on my mind. About your escape.
MASON

What?

MASON rises. Lifts the bed. Pulls off the bed's heavy ROLLING CASTER.
Knots the caster onto one end of the braided rope.

GOODSPEED

You went down the shower drain, through the tunnels to the power plant, under the steam engine and out through the intake pipe - that much I've got ' But... howld you get out of your cell?

MASON leans out his cell and tosses the rolling caster down the cell block. The braided rope, tied to it, plays out to it's full length.

GOODSPEED

(cont'd)

I only ask because, in our current situation, it might be useful information ... 

The result: the braided rope lies across the cell block floor, the rolling caster tied to it. MASON holds the other end of the rope through the bars of his cell.

MASON

Trade secret, Billy, I'll tell you this: it was easier than getting in.

MASON

fiercely yanks the rope toward him. The heavy rolling caster jerks from the floor. The CASTER, pulling the rope, flies past Mason's cell --

-- shooting in an arc around the corner of the cell block, still pulling the rope, where --
-- the caster-pulled ROPE catches the CELL RELEASE LEVER against the wall. The rope coils, WRAP WRAP WHAP, around the release lever handle.

MASON
tugs the rope taut like he's just snagged a fish. Then he pulls slowly and delicately.

THE CELL DOOR RELEASE LEVER pulls down and --

~~ MASON'S CELL DOOR (and all the doors on that tier) open at once. And

MASON
smiles.

INT. GOODSPEED'S CELL - MORNING
GOODSPEED hears the doors opening above him.

GOODSPEED

Hey! Hey what's happening?
(no response)
Mason. Mason?

Suddenly Goodspeed's cell door opens. GOODSPEED exits the cell. MASON stands there.

MASON
You're on your own, kid. Your gear's over there.

MASON motions to a HEAP OF THEIR GEAR (clothes, weapons, flares) in the corner of the cell tier.

GOODSPEED

Shit....

GOODSPEED
grabs his guns and gear and follows after Mason. 225  EXT.  ALCATRAZ - INFIRMARY COMMAND CENTER - MORNING Hummel sits behind the desk. Baxter, Frye, Darrow, Hendrix in front of him. Silence. Hummel stares at his phone. The tension is palpable.

CAPTAIN FRYE

HUMMEL

CAPTAIN DARROW
Prepare for launch General? General?

HUMMEL
Not yet.

CAPTAIN FRYE
General Hummel, noon is approaching.

HUMMEL
I'm aware of the time, Captain.

Hummel glares at Frye, then at the phone. Frye and Darrow exchange a look ....

GENERAL KRAMER
Get me the President.

227 EXT. ALCATRAZ - PARADE GROUND - MORNING

MASON emerges from the parade ground ruins and moves down the embankment toward the water. GOODSPEED stays above.

GOODSPEED
Mason. John. (MASON stops)
What happened - the injustice done to you - doesn't mean you can walk away from this. A million people across that Bay will die.

MASON
Only one of them I care about.

GOODSPEED
You were once a different man.
MASON

GOODSPEED

They're going to call.

CAPTAIN FRYE
They are not going to call General.

HUMMEL
I... I don't understand this.

CAPTAIN DARROW
I understand it. They're calling our bluff. We have two operational rockets left. We have to stick one of those rockets in their ear, General.
HUMMEL
Atom?

BAXTER
I'...I don't know Frank.

HUMMEL
Seventy thousand people... I didn't... i didn't ever...

CAPTAIN FRYE
You didn't ever what?
(no response)
You didn't ever what, General?
(gets in Hummel's face)
General, forty-eight hours ago I was in a cushy job at Pendleton. As of this moment I am subject to prosecution for treason and murder. Do you know what that means. It means the electric chair. For all of us.

BAXTER
He's right Frank. Authorize the launch or it's over.

All eyes on Hummel now.

CAPTAIN DARROW
Authorize the launch, General.

Hummel nods and

The President hits his INTERCOM to the room where his cabinet is gathered. INTERCUT with the authorities, reactions, as needed:

PRESIDENT
These past few hours have been the longest, darkest of my life. This is when you wish the buck did not stop here. (beat)
A balance between two tragedies. On one hand the fate of a million civilians.
On the other, Frank Hummel. That we have ignored or abandoned or marginalized a great soldier like Frank Hummel and that American boys have paid the price of that neglect in blood, is equally real, and equally tragic.

HAYDEN SINCLAIR
The glass is half full not half empty, sir. No civilian casualties so far.

PRESIDENT
I don't believe in half full or half empty, Sinclair. There are chemical weapons and there are civilians. And there are men on Alcatraz wholve proved they're willing to use the one on the other. GOODSPEED
It's not too late, General. Tell me where the last chem round is.

HUMMEL

Lower lighthouse ...

Hummel dies. MASON and GOODSPEED turn from Hummel to each other.

MASON
Do your job, Billy. - I'll try to hold 'em off.

GOODSPEED

Darrow drops his gun. Pulls out a TITANIUM BLADED KNIFG.

CAPTAIN DARROW
You know how this shit works?

Darrow advances on Goodspeed. The only route to GOODSPEED is between the rocket and the window. Darrow continues advancing., GOODSPEED eyes the launcher's IGNITION SWITCH. As Darrow passes between the window and the launcher ....

Suddenly THE HUGE LIGHTHOUSE WINDOW behind GOODSPEED EXPLODES, showering GOODSPEED with glass.

ON THE ADJACENT ROOFTOP ~ PVT. MCCOY, wielding a smoking .60 Cal MACHINE GUN. McCoy fires a wicked, long, sustained burst, emptying his entire ammunition belt.

THE LIGHTHOUSE SEARCHLIGHT FRESNEL blows to shreds. GOODSPEED rolls away, GLASS SHARDS raining down on him, cutting him-. He's a sitting duck.

MCCOY casts aside the .60 Cal and unshoulders a SNIPER RIFLE. Draws a bead on GOODSPEED again. GOODSPEED, bleeding, terrified, cowers, awaiting death.

A SILHOUETTE APPEARES behind McCoy. It's MASON, dirty and bloodied. McCoy spins. MASON bats the rifle aside, KNEES McCoy in the solar
