Mrs. Pina,

The North Tucson Firefighters Association and the Northwest Firefighters Association are proud to offer our joint support of your candidacy as the District 1 Supervisor of Pima County. We believe your experience, education, work-ethic, and authentic desire to better your community makes you a strong candidate for this position.

You have always been consistent in recognizing the value that public-safety agencies and their labor organizations bring to the communities they serve; a community that is safe and well-protected is not only important to its current residents, but also vital in attracting new residents and businesses. We trust you will continue to place a priority on public-safety and ensure we are given the support and resources needed so that we may continue to proudly serve the citizens of Pima County.

Sincerely,

Ben Jones
