

Payers Services and Solutions

Broad Expertise and Focused Capabilities with Unified
Engagement, Deriving Quality Outcomes

www.ApexonHealth.com

Attributing to rising cost of healthcare, Payer Organizations are shifting towards value-based care to optimize their healthcare reimbursement and cut down cost without compromising on quality care.

Over a decade of experience serving the healthcare industry, Technosoft is a leading provider of business process management (BPM) solutions to the entire healthcare ecosystem: payers, providers, federal, state, accountable care organizations, network management and wellness companies.

Analytics-Driven, Technology-Enabled Healthcare Solutions

Our enhanced healthcare business solution, with actionable insight-building analytical expertise, offers an unmatched focus on quality of healthcare delivery, productivity, and customer experience for Payer organizations.

Our core differentiators

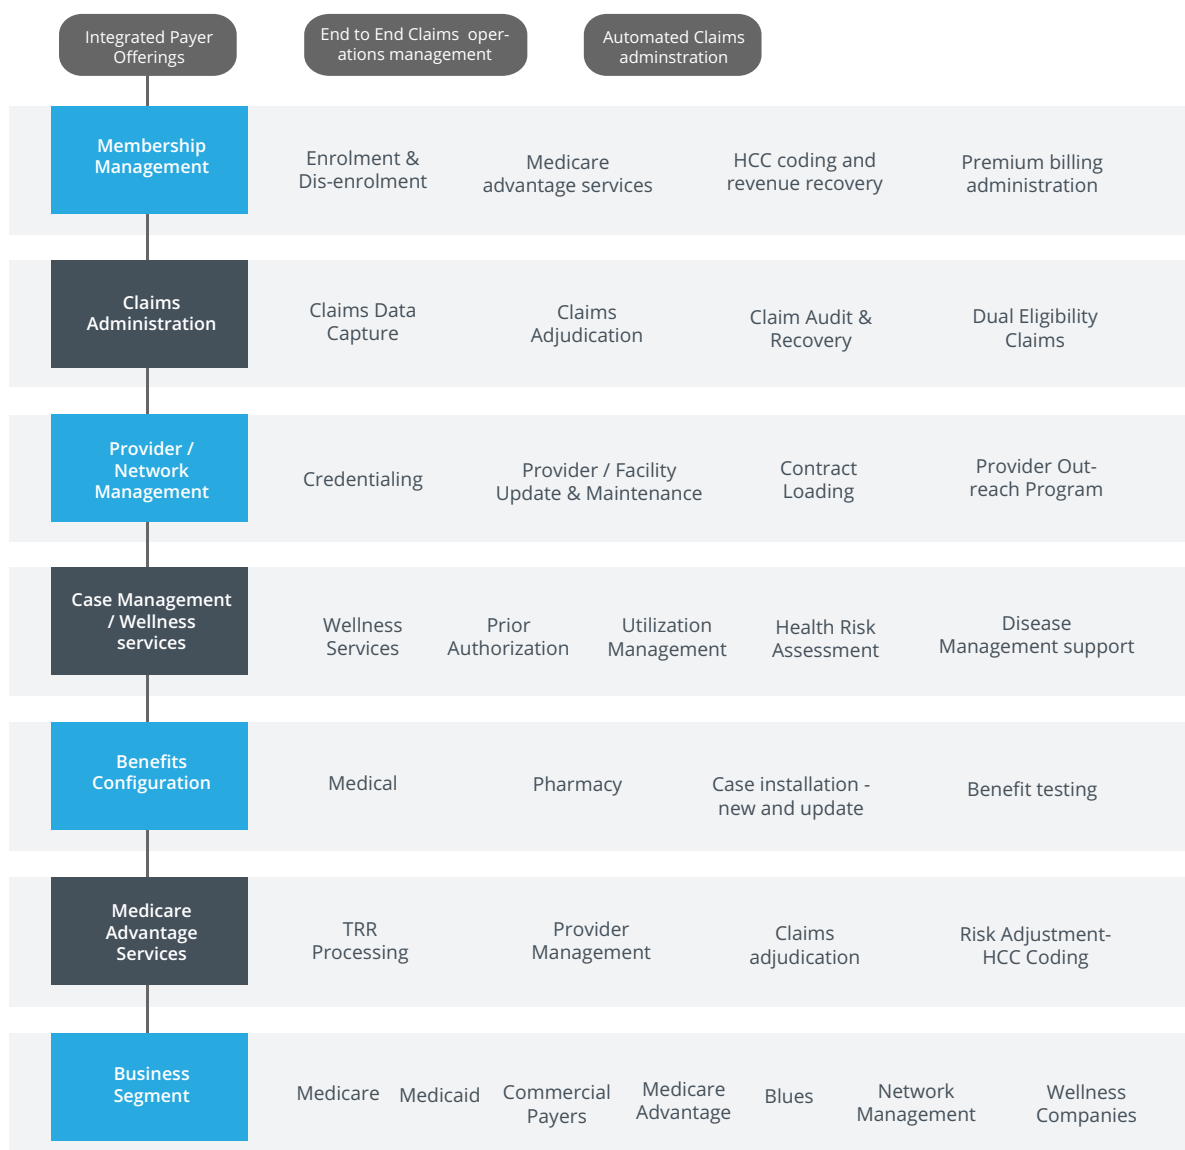

- Over 2,000 associates across global locations
- Our integrated business model with multi-process delivery and right combination of on-site and offshore delivery locations help improve business outcomes
- The right combination of industry best practices, proprietary tools, and methodologies to maximize revenue and reduce operational costs
- We deploy continuous process improvement and technology optimization by amalgamating the right tools, technology, and resources
- Proprietary knowledge management, RPA and workflow tools developed to support core business processes for payers and providers
- Our robust Business Intelligence and Data Analytics tools for financial, clinical and operational data to provide 360 degree view of your organization
- Technology and consulting: We leverage expertise, methodology, and tools to support payers as they battle to reduce the cost of application development, maintenance and support, and hardware. Our payer consulting practice has expertise across business, operations, and technology consulting
- Our Partner-centric approach has the ability and flexibility to adapt and design solutions, thereby making us work as an extended business of yours

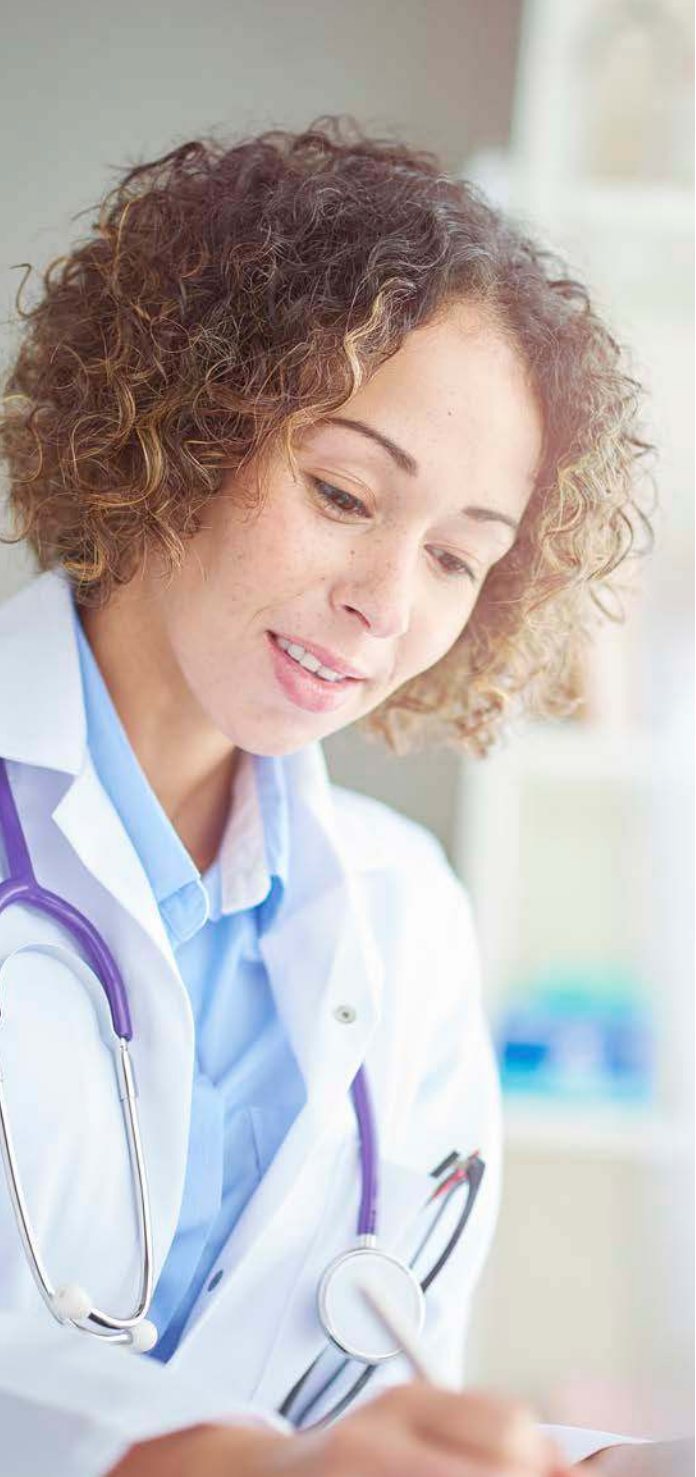

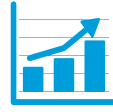

Payer Offerings

Our Payer Business Solutions offerings assist insurance companies in effective member management and customer enrolments, policy administration, provider network management, benefits validation, and claims management.
