Success Story

For 10+ years, ApexonHealth has partnered with PMG to deliver industry leading results. PMG has a modern and efficient backoffice driven by ApexonHealth's advanced technology. Without having to make capital investments, PMG benefits from robotic process automation. This provides PMG with a competitive advantage. With ApexonHealth's people, Six Sigma driven process, and technology, PMG can focus more time on growing its business.

RESULTS

40%
cost reduction

5%
improvement in collections

20%
of A/R less than 60 days

"ApexonHealth continues to find opportunities to improve operational efficiencies through process innovation. Their use of RPA has reduced costs and turnaround times - even as our business volume has exponentially increased. I appreciate their transparency and commitment to our business"
