### OUR STORY |

The year was 2012 when Nate & Kesha Cooper took the journey to Georgia. It was always Nate Cooper's dream to continue the legacy of his childhood organization Running Rebels Community Organization (Milwaukee, WI). However, it wasn't until February 2017 when the two entrepreneurs looked at each other and said that the time is NOW. The two launched the non-profit organization R. LIFE in the effort to give individuals the road map to travel the journey of making a dream a reality. Knowing it was bigger than one person the name R. LIFE was a No brainer. Now they take on Texas to continue the mission.
