

About Golden Base Holdings LLC.

Golden Base holdings (GBH) is a consulting company focused on serving the comprehensive needs of businesses in the full range of Energy procurement/distribution and finance needs. With a core staff of experienced professionals and a team approach to most consulting projects, GBH offers a more refined, balanced, and exclusive quality of services than most of its competitors.

Golden Base Holdings LLC. is headquartered in Massachusetts, with strong relationships established throughout the world. Each client and new relation is tapped for their particular specialty and discipline. Our mission is to ensure our client's success.

Golden Base Holdings LLC. offers a list of services for business owners mostly in the energy and distribution industry. This includes: business development, marketing plan preparation, buy/sell procurement, management development, human resources advising, etc.

Golden Base Holdings is registered as a Wyoming LLC with 2 principal partners: Mr. Michael E. Ayittey (CEO and President) holding extensive experience in business planning, procurement, sourcing and relationship building. Mr. Michael Mitchell (managing partner) assists in the company's business affairs. Mr. Mitchell brings experience in the area of business management, logistics, procurement and project management.

GBH's keys to success include:

1. A group of professionals with a broad range of specialties which complement each other.
2. A high level of experience in these areas of specialty and a team approach to most consulting projects.
3. Numerous financially equipped relations and secure business contacts, within the USA and abroad.

He also matriculated from Morehouse School of Religion in Atlanta and Harvard University John F Kennedy School of Government in Massachusetts.

Financing Firm

Golden Base Holdings financing needs will vary according to the Investment Fund with which the financing will be obtained; The funding party projects at a minimum of 200 million for a project of this nature. Meaning it must fit the civil needs of the people within the country.

In the financial sphere our lead funding party maintains strategic alliances with well-established groups and recognized worldwide investors with high investment grade and the experience and financial support needed to ensure implementation of the projects we find of interest.

Our financial client is able to develop, administer and manage engineering projects, design and construction in the energy field, clean energy, oil sector and in the civil area construction of infrastructure, housing, roads, hospitals, ports and airports, hydroelectric and others.

Power Generation Channel Partner

Since the start in 1978, Our channel partner has come to understand that clients choose to do business with suppliers they trust. We operate daily with a simple and basic principle: "Treat clients the way we want to be treated."

As power generation experts over those 30 + years, we have completed projects that range from standby power for single family single-family large gas turbine prime power plants. We have done these projects throughout the United States and internationally in places like: Russia, Venezuela, Chile, Jamaica, Canada, Nigeria and Iraq – just to name a few.

Onsite Start-Up and Commissioning anywhere in the world: From throughout the United States to vital projects for our troops in Afghanistan, with additional start-up projects around the globe, They possess more than 30-years of power generation experience in an efficient and effective manner.

Decommissioning and Asset Recovery including direct purchase, trade-in, and joint ventures: Our talented and trusted team has the ability to work unilaterally or in unison with your staff. See photos of two of our successful multi-industrial genset de-in stage set removal: Okanogan, WA Yellowknife, Northwest Territory, Canada

Parts for power generation equipment: Our Parts Department can procure parts for most makes and models of power generation equipment: With our vast knowledge of industrial genset brands Genset, John Deere, EPG, Broadcrown, Baldor, Caterpillar and more, we have the essential parts that are vital to helping you maximize your prime and standby power needs.

Repair / Refurbish power generation equipment in our large service facility: Our expansive facilities are designed for large-scale operations so we can apply our vast knowledge and services to your gensets, then they will be ready to serve you when needed.

Fuel Procurement Client

Strong Executive Leadership. Trusted, Loyal with Long-Standing Relationships

Decades of experience in the commodity trading business combined with partnerships with reliable manufacturers and globally recognized banks specializing

in structuring company structuring transactions in a large international network of operating countries.

Petroleum Product Specialists

Our clients manufacturers oil by-products that are in high demand such as D2, JP54, and Jet A-1.

Extensive Supplier Base

The suppliers are worldwide, reliable and accessible. All the supply is guaranteed to meet the specifications and to pass the stringent requirements of SGS. We are able to get allocation due to the long years of business relationships founded on trust, word-of-honor, and dependability we have had with our suppliers. This relationship also enables us to guarantee our delivery since we ALWAYS get the supply priority provided we comply with the procedures.

Kind Regards,
