Mischo Beauty Pick: ReVersital 3-in-1 MicrodermaStick

During a trip to The Plaza Beauty by Warren Tricomi, I met the lovely Ann-Marie who convinced me to allow her to demo the ReVersital 3-in-1 MicrodermaStick (for the body) on my hands. It was instant love after the demo, and so I was excited when she sent me a stick to test out at home. Well, I'm sure most of you are aware of the benefits of microdermabrasion if you've read my "Mischo Beauty School: Microdermabrasion 101" post, so I won't go into the details here.

What I will tell you is that this stick is made up of magnesium oxide crystals - the same microcrystals used in a microdermabrasion procedure, and it also acts as a cleanser and moisturizer, hence the "3-in-1". I've used this stick repeatedly on my feet, and yes they are smooth! It can also be used on your hands and elbows, and there's a special stick meant to be used specifically for the face, throat and decollete. Both sticks are available at [Henri Bendel](#), [The Plaza Beauty by Warren Tricomi](#) and [ReVersital.net](#).
