Celebrating our 14th year of arts, education, community and culture.

Update on both dance programs:

Thursday night: Family Night & Early adults dance program. Brooklyn's East New York school.

The program is up and running for a few weeks now. The parents are enjoying time with their children while they learn new routines and fun exercises. The exciting part is that both parents/students are involved in the decision process of the dance routines.

They are learning how to take ownership. The various dances they are learning is influenced by different music, and the cultures they represent. Such as African, Asian, R &B, Gospel, and Soca.

Saturday Morning: Early adults – 8am - 10am

Parents are coming in ready to dance. The early morning gives them a chance to not only dance, but also do different forms of exercises to help them continue to live a healthy life style, and giving some direction in healthy eating.
