

1. Reserve a DJ

First, make sure we are right for you. Give us a call or email and ask us any and all specific questions you may have. After you've decided to book with us, submit the reservation form found online. The DJ for your reception will be in contact with you shortly after submitting this form. Once you hear back from a Merry Laurel Wedding's DJ to hold your date, pay your deposit of \$300 to confirm and agree to the terms and conditions of the contract (which are friendly and mostly meant to protect you).

2. Plan Reception Events and Timeline

Even if you have a wedding planner - your DJ will become the leader and event planner once the reception begins. Merry Laurel Weddings will work with you to select your reception activities and begin planning the timeline for your reception. We will advise you on timing and order of events which will work best for you, your guests, and your vendors. Use Merry Laurel Wedding's experience when planning your reception, or take advice from friends and family. Either way - we will check to make sure your events and timeline are perfect for you and your guests.

3. Select Songs and Dances

Once you have a general draft of the reception timeline - you can begin selecting the songs for your special dances. Merry Laurel Weddings will coach you through choosing the perfect songs for your dances and grand entrance songs. Also - you are able to coordinate the style/genre of music for each part of your special evening (cocktail hour, dinner, early dancing, late dancing, etc.) Be rest assured we will play the style of music you and your guests will love! If a song isn't easily available for download - we will work with you until we find the music you desire for your reception!

4. Submit Final Plans

At least 15 days in advance, use the form found on our website to provide Merry Laurel Weddings with your final reception information, event plans, names of those in your bridal party, and any other special instructions or announcements you may have. We will go through the names of your bridal party so our pronunciations are right when your wedding day comes. Don't worry - if you have a last minute change we will do our best to accommodate you, and, if internet is available, we can generally get any request the day of your reception!

5. Get Married!

We will be speaking with you the weeks leading up to your wedding, and will be waiting to see you at your reception to go over bridal party announcements again and make any last minute updates to your agenda if necessary. We will coordinate with all of your vendors at the reception to ensure your events go off without distractions to your guests or you. Throughout your reception we will touch base with you to make modifications to your reception events and coordinate accordingly with your photographer, and others involved in serving you on your reception night! Relax, and enjoy your reception. Let Merry Laurel Weddings guide you through your special night!
