There was some discussion regarding this last proposal.

The Public Facilities Committee had nothing to report.

**UNFINISHED BUSINESS**
Mayor Moss mentioned the letter to Mr. Holt. The City Clerk reported that she had talked to Mr. Holt but he did not have a contract to review. He said that it would be 4% and that we would get a report every month on who he collected from. He said that they did not provide a master list and that would have to be done through the county clerk’s office. When asked about delinquencies he said that he would have to charge for the extra programming to single out Carl Junction taxes from the other taxing entities and that it was not normally provided.

Mike Talley reported that he had filed an Answer on behalf of the City in the Declaratory Judgment action brought by BBG Corporation concerning property taxes due on properties owned by the City and those owned by BCID, and that he had also signed a letter authorizing the release of the escrowed funds to BBG Corporation in connection with the purchase of the Briarbrook Park property, all as directed by the Board of Aldermen at the last Board meeting.

**NEW BUSINESS**
Richard Zaccardelli reported that he had seen kids on our Community Center roof and chased them off. We need to keep an eye on that for liability reasons.

Mark Powers said he had been getting complaints about no open gym time but was informed by our City Administrator that we have allotted some time slots and that those are on our website. We need to let people know to check the website for those hours.

Mark Powers complimented the City staff on how the building was being run.

Dee Lynn asked questions about dead animals on roads. It was responded that sometimes it is a MODot issue.

Steve Lawver then reported that one of the invoices for the BCID has been paid for by Mr. Gehrs. That still leaves 2 invoices to be paid. Steve reported that the statutes say they only have to pay 1.5 percent of their revenues. Our outstanding invoices are around $14,000. Steve reported that 1.5 percent would be $2250. The statute does not say what kind of revenue. The invoices are for the election fees and miscellaneous administration fees. There was a lot of discussion about this situation. It was stated that they did not want to pay the legal fees in the administrative invoice. There was more discussion regarding this statement. It was stated that they had used Mr. Talley for advice in getting the CID moved forward. Steve said that the statute is silent on what is considered revenue. The council asked Mike Talley to look into the statute they are quoting and report back to them.

**ADJOURNMENT**
Mark Powers motioned to adjourn the meeting. Carl Skaggs seconded. All in favor. No opposed. Meeting adjourned at 8:07 PM.
