DISCUSSION OF PROPOSED SEWER RATES BY ALLGEIER-MARTIN & ASSOCIATES
Dean Willis addressed the council regarding the proposed sewer rates. The in town rates will increase an average of 3%. The typical household will see a 5.1% increase but when you average it out it comes to about 3%. The out of town increase will be 6.2% for a typical household with an overall average of 3.3%. He then went over how they came to those rates. He has sent his proposal to Gerald Norton, the engineer for APD, and he agrees with Dean’s analysis. Wayne Smith is now in attendance. It was noted that the 1st 1000 gallons will go from $7.39 to $7.97. The out of town rates are going from $12.88 to $13.38 for the 1st 1000 gallons. There was some discussion about the out of town rates. Dean stated that with the new rates it should generate $109,000 in revenues. Dean also reported that we track APD flows and they seem to have a pretty tight system with not much infiltration. It was also noted that APD has bonds so we may charge a certain amount but that does not mean that is what their resident pays. They have their bond issue billed as part of their sewer bill. Mark Powers motioned to approve the new rates and have an ordinance drawn up. Richard Zaccardelli seconded. All in favor. No opposed. Mike Talley will draw up an ordinance for the new rates and the addendum for APD’s contract.

DISCUSSION OF PROPOSALS FOR RESTROOM FACILITIES FOR COUNTRY CLUB ESTATES PARK
Steve has received 2 bids from Satellite Shelter. One includes a concession area and the other is bathrooms only. Steve stated this does not include having water and sewer ran to it or the pad. The cost is $56,008 with a concession area and $45,233 without concession. He feels we need to plan for the future and have the concession area for future fields to be built in that park. We have money in our Capital Improvement Fund that will cover this cost. That will still leave money for Memorial Park also. If the council wants to pursue this, Steve will go out for formal bids. It was stated that this has been discussed for several years during the time Joe Barfield was City Administrator. The building will be 12X32 with concession area or 12X20 without. It was stated that we need to do something for restrooms out there. Walter asked if the building trades program could help us out. Steve said that they are going to be doing Habitat for Humanity housing this year. Steve Daniels motioned to go out for bids. Mark Powers seconded. Richard commented that Ward III also uses that park. All in favor. No opposed.

Steve Lawver then reported that he had received a bid from Briteway to clean our public restrooms 5 days a week for $475/month. AAA had said they would charge the City $1000/month. Dee Lynn asked about our floors. Steve said it would be part of the part time helps duties to keep them clean. Wayne Smith asked about spills and messes in the bathroom. Steve said that we can call them out for emergency situations and that it would cost extra. It is a month to month contract. We provide paper goods and they supply all other items. There was some discussion regarding this bid. Wayne stated he thought it was a reasonable price. It was the consensus of the council to go ahead with the agreement.

NEW BUSINESS

Walter Hayes requested that a wall clock be put in the council chambers.

Richard Zaccardelli asked if we could name the trail the Mammoth Walking Trail.
