REVIEW AND APPROVE BIDS ON 1971 FORD GALAXY
We received no bids on the Galaxy. It was suggested we put it on Craig’s list and E-Bay and possibly our website. It is taking up space and we don’t use it. We ran it in the Webb City Sentinel and the local paper originally.

RESOLUTION TO SHOW SUPPORT OF MISSOURI HB 1329
Steve Lawver reported that this is a show of support for the House Bill that is supposed to fix the Sales Tax issue for out of state sales. Dee Lynn Davey motioned to approve the Resolution. Richard Zaccardelli seconded. All in favor. No opposed.

ORDINANCES
The council then discussed the water and sewer rates proposed. Dean Willis, Allgeier-Martin & Associates, addressed the council about the Appendix A that set the sewer rates. He explained the formula used that has been used for several years to calculate the rates for in and out of town users. He also said that it incorporates in the expansion and rates that will be needed for that issue. The rates will be a 12% increase. 10% of that is for the upcoming expansion. Steve explained that the council decided last year that we would implement a graduated rate increase over a 3 year period rather then impose a 30% increase all at once. We are putting money aside for the expansion so that we won’t have to borrow the full amount. Bob Cook asked about the BOD and why the out of town rate is less then the in town rate. Dean explained that we don’t use that factor but that DNR requires it to be in that Appendix A in case it would be needed. There was a lot of discussion about the sewer rate. It was also pointed out that in 2016 the rates on the water will drop due to the fluoride equipment being paid off. It was asked if Airport Drive has approved this. Dean said that typically the City approves their rate and then we negotiate with APD. There was some discussion about the ballot and the bond issue also.

The council reviewed the ordinance for increasing the water rates. Mark Powers motioned to put “AN ORDINANCE AMENDING TITLE VII. UTILITIES: CHAPTER 705: WATER ARTICLE III. TOWN USERS SHALL BE REDUCED BY NINETEEN CENTS ($0.19) FOR THE FIRST THOUSAND GALLONS AND FOR EACH ONE THOUSAND (1,000) GALLONS THEREAFTER, AND THE WATER RATES CHARGED TO COMMERCIAL WATER CUSTOMERS AND OUT-OF-TOWN USERS SHALL ALSO BE REDUCED AT THAT TIME” on first reading by title only. UNFINISHED BUSINESS
Mark Powers apologized for missing the last meeting and wondered why some of the council was against the fiber optic issue. He asked if we had to start all over or can we revisit the issue. Mike Talley stated that one of the council that voted no would have to bring it up for reconsideration but we could start the process all over again if that is what they want to do. Bob Cook asked if he brought it back to the table if he had to vote for it. Mike Talley said no he could bring it back for reconsideration and still vote against it. Bob’s concern is that he does not want to saddle our children with a debt that won’t pay for itself. After some discussion Bob Cook motioned to bring Bill #12-18 up for reconsideration. Mark Powers seconded. 7 (Zaccardelli, Marshall, Daniels, Powers, Davey, Haase, Cook) in favor. 1 (Reeves) opposed. Mark Powers motioned to put “AN ORDINANCE APPROVING AN AGREEMENT BETWEEN THE CITY OF CARL JUNCTION, MISSOURI AND TSI TECHNOLOGY SOLUTIONS, LLC, OF ST. CHARLES, MISSOURI, TO PROVIDE PROFESSIONAL ENGINEERING AND DESIGN SERVICES TO INCLUDE PROVIDING THE COST AND POTENTIAL RETURN ON INVESTMENT OF BUILDING AND OPERATING A SMALL ISP/TELEPHONE/VIDEO COMPANY SERVING THE CITY OF CARL JUNCTION FOR A SUM NOT TO EXCEED $139,220.00; PROVIDING THE TERMS AND CONDITIONS THEREOF; AND AUTHORIZING THE MAYOR TO EXECUTE SAID AGREEMENT FOR AND ON BEHALF OF THE CITY OF CARL JUNCTION, MISSOURI” on first reading by title only. Richard Zaccardelli seconded. Mayor Moss asked for discussion. Mark Powers clarified that the maximum cost to the City with this contract is the $139,220, which is a study, cost of construction and engineering. Steve replied yes. One problem Steve has run into is that the state statute says the City can not operate a small ISP. He is looking into that to see if it is still in the statutes and what restrictions we may encounter. It doesn’t prohibit us putting in the infrastructure we just can’t operate a small ISP. There was some discussion about revenue bonds and other items. Jay Pendergraft was at the meeting to answer questions for the council. Ed Reeves made sure that this does not violate the state statute, that this is just a study. Steve replied yes. Mark Powers motioned to put it on second reading by title only with a roll call vote. Steve Daniels seconded. Mayor Moss asked for discussion. There was no discussion. Dee Lynn Davey motioned for passage of the ordinance. Mark Powers seconded. 6 (Zaccardelli, Marshall, Powers, Davey, Haase, Cook) in favor.

Motion on Ordinance #12-21 was approved by roll call vote, signed by the Mayor, attested by the City Clerk and made a part of the permanent records of the City of Carl Junction.

The City Clerk then reported that Mr. Rhea has asked for $30,000. When reviewing the appraisal Mr. Rhea commented that the zoning was wrong. Clerk Maribeth Matney called the appraiser as requested to see if that would make a difference and he said that it would and that it would raise the appraisal somewhere between $23000 and $28000. He could not give us an official amendment since he was only licensed as residential and not a commercial appraiser but he did consult one briefly to ask him his opinion. After some discussion the Bob Cook motioned not to act on this. Mark Powers seconded. All in favor. No opposed.
