**DISCUSSION OF ADDING ADDITIONAL CAMERA'S TO COURT AND CITY HALL**
Steve explained that our employee's asked that additional camera's be added to our cash collection areas to help monitor payment transactions. This would take our camera's software and put it in the PD so they can add additional camera's and increase our capacity since City Hall has maxed out the number of camera's that we can use with our software. This quote is from TEC who put our current system in and does our maintenance on it. It will also upgrade our DVR systems. Right now we can go back 2-3 weeks but this will give us and the Police Department a longer time length. Jimmy can do the trenching for the conduit. Mid Central will bore under our road. There was discussion about putting in 2 conduit lines since we were boring under our road. Steve didn't think that it would be necessary. Steve said that just wanted the council to consider this for the next budget cycle. It was asked if the quote would still be good. Steve replied that we would probably need to get it rebid at that time. Mark Powers suggested that we do it now and pull the money out of our reserves and put it back in next year. There was some discussion about this suggestion. Mark Powers then motioned to approve the expenditures. Richard Zaccardelli seconded. All in favor. No opposed.

**REPORTS**
The council reviewed the Administration report.
Public Works report - it was stated that we will be starting leaf pick up.
Police Department report - had nothing new to report.

**COMMITTEE REPORTS**
Budget/Finance - Mark Powers reported that we had a meeting regarding health insurance renewals. We will be looking at partially self funded program to try to save money. Mark also said that last year we budgeted for 25 employee's and we now have 31. He says that we cannot do any extra hiring to try to control costs. He also said that an option was to take the money budgeted for health insurance, divide it among the number of employee's and give them all a raise and let them get health insurance through the health insurance exchange. There was discussion of the health insurance exchange and whether our employee's would qualify. Mark also said that it was discussed about the percentage of what the city will pay for dependant coverage. If the employee's spouse works and has insurance available it should be a different percentage. There needs to be some sort of scale.
Code/Nuisance - Don Marshall had nothing to report.
Human Resources - Steve Daniels had nothing to report.
Public Facilities & Planning – Steve Lawver asked that the committee meet regarding Memorial Park. After some discussion Tim Smith said that they would meet Wednesday 11/12/14 at 6:00 PM.

Senior Citizens - Richard Zaccardelli asked if we still owned the old Senior Center building. Steve said yes but we need to look at selling it. Our lease is about up.

UNFINISHED BUSINESS
There was no unfinished business.

NEW BUSINESS
Bob Cook said that there was a 15X30 foot concrete slab at Memorial Park and wondered if it could be used for parking. We need to address parking. There was some discussion that this probably would not work for parking and seems to have been covered up.

Steve Lawver asked the council about switching our Christmas holiday from 12/24 & 12/25 to 12/25 & 12/26 since Christmas is on a Thursday that would give the employee's Thursday and Friday instead of Wednesday and Thursday. He just asked that the council think about it. Mark Powers suggested we change the wording on our ordinance so that the council has some flexibility for this type of situation.

Steve Lawver then stated that we had received 2 bids for the demolition of 514 Joplin Street. $3100 - B&D Yard Builders; $3250 - Barnett Construction. Bob asked if these were higher than the previous bids. It was stated yes. It was then asked if it was prevailing wage and if prevailing wage laws applied to demolitions. Mike Talley said he would have to look into it. There was no decision pending a decision on prevailing wage.

Steve then stated that APD inquired about leaf pick up and they will be discussing that at their next meeting. Steve reviewed our last year's rate (101.49/hour) and it took us 46 hours to do it. Steve is proposing a rate of $104.53/hour for our small truck and $117.03/hour for our larger truck. Tim Smith said that the compost is great and there is not much left. There was discussion about APD leaf pick up. Mark Powers said he thought it was a good idea to do leaf pick up in APD. Tim Smith motioned to approve the employee's doing leaf pick up in APD. Mark Powers seconded. All in favor. No opposed.

Steve Lawver asked that the closed session be struck from the agenda. Mark Powers motioned to strike off the closed session that was on the agenda for tonight. Richard Zaccardelli seconded. All in favor. No opposed.

ADJOURNMENT
Mark Powers motioned to adjourn the meeting. Roger Spencer seconded. All in favor. No opposed. Meeting adjourned at 7:55 PM.
