FLUID MONITORING THAT’S PROACTIVE, NOT REACTIVE.

ACHILLES
Fluid Monitoring Software

SENSOR TECHNOLOGY:
- Oil quality monitoring
- Metallic wear debris monitoring
- Temperature monitoring
- Velocity Profile
- Water contamination monitoring
- Data acquisition platforms
- Viscosity and Density Monitoring
- Additive Depletion Monitoring
- Online customer data portal

NOW MONITOR REMOTELY!

Extend the life of your fluids and start removing more contaminates today.

(210) 710-5973

REAL-TIME LUBRICATION STATUS
PREVENTS FATAL SYSTEM FAILURES
KEEP TRACK OF OIL PROPERTIES
PRO-ACTIVE DETECT ISSUES SOONER
