Ms. Judy Matsui-Drury
City of Sacramento
915 I Street
Sacramento, CA 95814

Dear Ms. Judy Matsui-Drury:

The Pocket-Greenhaven Community Association supports establishing the Del Rio Trail. The Del Rio Trail will provide important family friendly bike and recreation trails near our community. This proposed 4.5 mile trail will become a nearby junction that offers local residents greater access to our city. The trail connects to local schools, businesses as well as William Land & Bill Conlin Parks and the Sacramento Zoo.

One of the core goals of the PGCA is the upkeep and expansion of parks and recreation spaces. The Del Rio Trail will provide opportunities for bikers, walkers and runners to have a safe and secure path for outdoor exercise. The Del Rio Trail would be an exciting new option for local residents to help live an active and healthy lifestyle.

This project will be an amazing asset for many communities in our area. We look forward to working with SLPNA and the City on the Del Rio Trail as an important part of expanding recreation and active transit infrastructure in our beautiful corner of the city.

Sincerely,

Will Cannady
President, Pocket-Greenhaven Community Association.
