Dear Residents, Families, and Friends:

I am happy to report that all of our 9 VHS facilities remain open for outdoor and indoor visitation! Also, there were no changes to the COVID+ cases for Residents or staff since our last update letter.

Outdoor visitation remains the preferred method for visits unless weather or the Resident’s health status prohibit it. Adjustments to allow visitation can change quickly and we will keep you informed of any modifications.

As a reminder, visitation requires an appointment. The scheduling link is located on the homepage of our website, www.vahs.com, on the top center of the homepage. You can also call the facility at the numbers listed below to schedule an appointment.

Below are tables that outline the visitation status and cumulative COVID cases and recoveries for each facility. The numbers below represent the total number of cases from the start of the pandemic through today. This information is being provided in addition to our regular messaging whenever a positive COVID case is identified.
