

Thinking of Flying? We'll Make Your Dream a Reality.

Ready to finally make that life-long dream a reality but a little gun shy or shaky on what you're in for? Don't sweat it! Our Introductory package is a great way to test the waters without overly committing financially.

For only \$995, you'll begin your flying experience in a new Cirrus SR20—one of the most modern, technologically advanced aircraft in the sky today! You'll be guided every step of the way by our professional instructors who care about one thing: making you a safe and confident Private Pilot.

In the 'Discover CalAir' Introductory Course, you'll receive:

- ★ 2 hours of simulator training time
- ★ 2.5 hours of ground instruction
- ★ 1.5 hours of flight time in a Cirrus SR20
- ★ 2.5 hours of flight instruction
- ★ Your own flight logbook

So, stop dreaming and start flying! We're ready to help make your dream your reality.

Terms:

- Only available to first time Student Pilots
- Limit one course per Student Pilot
- Not applicable to student pilots who have taken their first lesson at CalAir in the Private Pilot Course
