

# Health Imperatives

Are you interested in speaking about your experiences?

## Survivor Speakers Bureau

For survivors of sexual violence

Health Imperatives offers a Survivor Speaker Bureau to give survivors a platform to speak about their experiences and use their voice as a tool for social change. We will provide a day-long, training, ongoing support, and connection to public speaking engagements for members. Learn how to share your story, connect with other people, and have an impact on the lives of others.

*“When you tell your story, you free yourself and give other people permission to acknowledge their own story”  
Iyania Vanzant*

*Training options and speaking opportunities are flexible.*

*Training will be held at 942 West Chestnut Street, Brockton MA.*

If you are interested, please contact Sarah Garrity, [sgarrity@healthimperatives.org](mailto:sgarrity@healthimperatives.org) or by phone at 508-588-2045.
