

COMMERCIAL FOOD WASTE Collection Program

HOW TO PARTICIPATE

Any commercial customer in the city of Bend that produces food waste, can participate in this new program.

It's easy!

- 1** Contact us: (541) 382-6660 or cust2012@wasteconnections.com
We'll meet with you to discuss the best option for your service.
- 2** We'll deliver 65-gallon roll cart(s) for food waste material.
- 3** Next, we empty the food waste cart(s) a minimum of once per week.
- 4** Finally, the collected material will be processed into compost.

You will have the satisfaction of knowing you are helping reduce the amount of waste going in the landfill and increasing your recycling at your business.

WHAT HAPPENS TO THE FOOD WASTE?

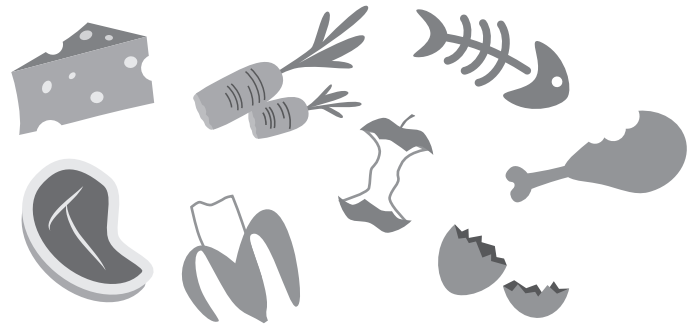

The food waste will be taken to Deschutes Recycling located at Knott Landfill in Bend, where it will be composted and screened to create nutrient-rich compost.

Food waste recycling is one more way to recover valuable resources that would otherwise go in the landfill.
